Tomlinson,1998-01-15 Every child is entranced by the magic of story regardless of national boundaries Many of the most memorable childhood stories have their origins in other countries Exposing children to this multi national body of literature introduces them to the great diversity of people and cultures that populate the world at a young age enabling them to become more thoughtful and generous individuals Children s Books from Other Countries is a complete and current guide to international children s literature The concept of a bibliography of international children s literature is not new In the past many books have accomplished this task The last two decades however have not yet produced a current reference source devoted to international children s books Children s Books from Other Countries wonderfully rectifies this lack of attention An introductory essay provides an overview of the field including a discussion on the rationale of sharing international books with children a brief history of the children s literature movement related books and awards and basic information about the International Board on Books for Young People IBBY and its American branch the United States Board on Books for Young People USBBY An annotated bibliography contains over 700 titles from 29 different countries printed between 1950 and 1996 All titles are available in English many have been translated and others have originated in other English speaking countries The titles are organized by genre and have been selected for their high quality They are primarily targeted for children ages 0 14 although a few outstanding young adult titles are included Winners of the Mildred Batchelder Award and the Hans Christian Andersen Medal are listed in the appendix Indexes include Author Title Index Country of Origin Index and Subject Index Affordable and readable this timely resource is certainly a must for librarians and teachers and other

The Magic Pill for Death Sukan Sethi,2015-06-24 Death is fair to all and treats everyone alike At the time of Death nobody fails everybody passes away The moment you are born you have a death sentence upon you When Where and How are the only questions but you are on Death Row Your Death is confirmed isn t it Keep in mind that when we were born we weren t sent with a one way ticket A confirmed return ticket has been irrevocably issued at the time of birth We may know the time of coming and choose a desired place for the arrival but the details of the return trip is secretly locked away by the Universe Death is the final destination of the body not of the soul The Magic Pill for Death will not prevent you or others from dying but rather prepare you for it It will strengthen you through awareness to accept the inevitable and accept it with strength and dignity If you have lost a loved one If you have lost a beloved pet If you are facing Death or know somebody who is dying If someone you know has lost a loved one If you want to better understand the phenomena of Death Then look no further this book will help you Toto A. J. Hackwith,2024-11-12 The true hero of The Wizard of Oz takes center stage in this brilliant delightfully snarky reimagining from the author of The Library of the Unwritten I was mostly a Good Dog until they sold me out to animal control okay But if it s a choice between Oz with its creepy little singing dudes and being behind bars in gray old Kansas I ll choose the place where animals talk and run the show for now thanks It s not my fault that the kid is stuck here too or that she stumbled into a tug of war over a pair of slippers that don t even taste good Now one witch in good eyeliner calls her pretty and we re off on a quest Teenagers I try to tell her she s falling in with the wrong crowd when she befriends a freaking hedge wizard made of straw that blue jay with revolutionary aspirations and the walking tin can Still I m not one to judge when there s the small matter of a coup in the Forest Kingdom Look something really stinks in Oz and this Wizard guy and the witches positively reek of it As usual it s going to be up to a sensible little dog to do a big dog s job

and get to the bottom of it And trust me Little dogs can get away with anything
