The Magic Crystal 2 Island Of The Unicorn Magic Crystal:

European Comics in English Translation Randall William Scott, 2002 European comic authors produced a steady stream of comic material throughout the twentieth century but gained the world's notice in 1975 when the French magazine *Métal Hurlant* was founded. A new generation of artists and writers had begun. Soon publishers were producing translations of the new comics into other languages including English and comics creators everywhere were inspired to innovation. This is a reference work arranged by artist or writer to European comics from the last quarter of the twentieth century that have been translated from any European language into English. It contains a variety of material from the innocent imperialism of Hergé's Tintin to the sadistic murder for hire in Bernet's Torpedo. Albums by a single creator or artist and writer team of European origin are the focus. Comics in periodicals and anthologies with multiple contributors are excluded. Each entry provides a plot abstract and various notes about the original comic. An author index provides brief biographical information. There is a comprehensive general index. *National Lampoon*, 1991. [The Slings & Arrows Comic Guide](#) Frank Plowright, 2003. Reviews and analyses of over 5000 titles from the 1930s to date. Every comic of note from the past fifty years is included in this comprehensive guide to American comics. From the underground to children's comics, autobiography to fantasy.
