Katriel, 2015-06-09 If societies have only memories of war of cruelty of violence then why are we called humankind This book marks a new trajectory in Memory Studies by examining cultural memories of nonviolent struggles from ten countries The book reminds us of the enduring cultural scripts for human agency solidarity resilience and human kindness

**Making the Medieval Relevant** Chris Jones, Conor Kostick, Klaus Oschema, 2019-12-02 When scholars discuss the medieval past the temptation is to become immersed there to deepen our appreciation of the nuances of the medieval sources through debate about their meaning But the past informs the present in a myriad of ways and medievalists can and should use their research to address the concerns and interests of contemporary society This volume presents a number of carefully commissioned essays that demonstrate the fertility and originality of recent work in Medieval Studies Above all they have been selected for relevance Most contributors are in the earlier stages of their careers and their approaches clearly reflect how interdisciplinary methodologies applied to Medieval Studies have potential repercussions and value far beyond the boundaries of the Middle Ages These chapters are powerful demonstrations of the value of medieval research to our own times both in terms of providing answers to some of the specific questions facing humanity today and in terms of much broader considerations Taken together the research presented here also provides readers with confidence in the fact that Medieval Studies cannot be neglected without a great loss to the understanding of what it means to be human

*The Authority of the Saints* Pauline Dimech, 2017-05-18 Pauline Dimech explores whether and to what extent we may attribute authority to the saints but also how we may ensure that it is the saints and not the scoundrels whose influence persists and whose memory endures The thing that drives her research is the thought that history is full of examples of individuals who held positions of official authority that they did not deserve Dimech is convinced that Hans Urs von Balthasar can help us clarify the issues surrounding the authority of the saints Besides establishing Balthasar s involvement with the enterprise this book tries to establish the theological foundations upon which the authority of the saints would have to be based in theory and possibly

already however implicitly based in practice      *Shrines and Pilgrimage in the Modern World* Peter Jan Margry, 2008 The modern pilgrimage to sites ranging from Graceland to the veterans annual ride to to the Vietnam Veterans Memorial to Jim Morrison's Paris grave is intertwined with man's existential uncertainties in the face of a rapidly changing world In a climate that reproduces the religious quest in seemingly secular places it's no longer clear exactly what the term pilgrimage infers and *Shrines and Pilgrimage in the Modern World* critiques our notions of the secular and the sacred while commenting on the modern media's multiplication of images that renders the modern pilgrimage a quest without an object Using new ethnographical and theoretical approaches this volume offers a surprising new vision on the non secularity of the secular pilgrimage This book will be sure to stoke our intellectual fire and heat up the discussion over the highly charged topic of secular pilgrimage Simon Bronner Penn State University      **The Routledge Companion to Latina/o Popular Culture** Frederick Luis Aldama, 2016-05-26 Latina o popular culture has experienced major growth and change with the expanding demographic of Latinas/os in mainstream media In *The Routledge Companion to Latina/o Pop Culture* contributors pay serious critical attention to all facets of Latina/o popular culture including TV films performance art food lowrider culture theatre photography dance pulp fiction music comic books video games news web and digital media healing rituals quince eras and much more Features include consideration of differences between pop culture made by and about Latinas/os comprehensive and critical analyses of various pop cultural forms concrete and detailed treatments of major primary works from children's television to representations of *dia de los muertos* new perspectives on the political social and historical dynamic of Latina/o pop culture Chapters select summarize explain contextualize and assess key critical interpretations perspectives developments and debates in Latina/o popular cultural studies A vitally engaging and informative volume this compilation of wide ranging case studies in Latina/o pop culture phenomena encourages scholars and students to view Latina/o pop culture within the broader study of global popular culture Contributors Stacey Alex Cecilia Aragon Mary Beltr n William A Calvo Quir s Melissa Castillo Garsow Nicholas Centino Ben Chappell Fabio Chee Osvaldo Cleger David A Col n Marivel T Danielson Laura Fernandez Camilla Fojas Kathryn M Frank Enrique Garcia Christopher Gonzalez Rachel Gonzalez Martin Matthew David Goodwin Ellie D Hernandez Jorge Iber Guisela Latorre Stephanie Lewthwaite Richard Alexander Lou Stacy I Mac as Desire Martin Paloma Martinez Cruz Pancho McFarland Cruz Medina Isabel Mill n Amelia Mar a de la Luz Montes William Anthony Nericcio William Orchard Roc o Isabel Prado Ryan Rashotte Cristina Rivera Gabriella Sanchez Ilan Stavans Frederick Luis Aldama is Arts and Humanities Distinguished Professor of English and University Distinguished Scholar at the Ohio State University where he is also founder and director of LASER and the Humanities Cognitive Sciences High School Summer Institute He is author co author and editor of over 24 books including the *Routledge Concise History of Latino a Literature* and *Latino a Literature in the Classroom*      *Politics of Worship in the Contemporary Middle East* Andreas Bandak, Mikkel Bille, 2013-04-15 In *Sainthood in Fragile States* a wide range of social scientists explore the contested role of sainthood in the

contemporary Middle East By expanding the notion of sainthood to cover both the religious and secular ways of dealing with extraordinary events people and things the volume offers new insights into the way sainthood is embedded in various levels of everyday life as well as national and international politics The case studies highlight how fragility as a central aspect of sainthood is a productive force that often consolidates tales of the extraordinary and is also the source of contesting social identities Contributors include Andreas Bandak Mikkel Bille J rgen Frembggen Sune Haugbolle Angie Heo Daniella Kuzmanovic Edith Szanto and Pnina Werbner

**The Intimacy of Images** Myriam Lamrani, 2025 It s been said that Oaxacans believe in images Visual manifestations of saints and loved ones are a fundamental part of life there Oaxacans also seem to have a special relationship with La Santa Muerte a female reaper like figure whose cult has grown rapidly as violence in Mexico has increased In this book Myriam Lamrani recontextualizes Santa Muerte within Mexican Catholicism by looking at how intimately devotees interact with images including effigies tattoos artworks photographs even dreams of the infamous saint For Lamrani focusing on the intimate modalities through which people interact with their images offers insight into religious social and political life as well as anthropology itself The media turn in anthropology often considers religion as mediation and media as a bridge with the divine Lamrani suggests that it is intimacy with rather than mediation through such images that make the dead be they former humans loved ones or divine entities Santa Muerte present for the living She is essentially using aesthetics and affect theory to make intimacy her theoretical frame rather than visual analysis or the media turn The manuscript has six chapters divided into three sections The first section explores what constitutes an image how to move beyond the idea of it as medium and how dreams play into these ideas Part two unpacks her ideas about intimacy particularly devotional intimacy and the very special dead loved ones and saints The final section covers how images transcend boundaries through different scales of intimacy from an individual s devotion to their ofrenda altar to the Mexican nation s famously intimate relationship with death A conclusion reflects on devotion to Santa Muerte in Mexico within the landscape of popular religion and political unrest and summarizes the central argument of this book that intimacy understood as a scalable index of closeness which traverses all spheres of sociality is an anthropological tool to make sense of how people understand their worlds

Borderlands Curanderos Jennifer Koshatka Seman, 2021-01-19 A refreshing new perspective reframes borderlands history by focusing not only on faith healers but squarely on the populations that they served Western Historical Quarterly 2022 Americo Paredes Award Center for Mexican American Studies at South Texas College Santa Teresa Urrea and Don Pedrito Jaramillo were curanderos faith healers who in the late nineteenth and early twentieth centuries worked outside the realm of professional medicine seemingly beyond the reach of

the church state or certified health practitioners whose profession was still in its infancy Urrea healed Mexicans Indigenous people and Anglos in northwestern Mexico and cities throughout the US Southwest while Jaramillo conducted his healing practice in the South Texas Rio Grande Valley healing Tejanos Mexicans and Indigenous people there Jennifer Koshatka Seman takes us inside the intimate worlds of both living saints demonstrating how their effective healing curanderismo made them part of the larger turn of the century worlds they lived in as they attracted thousands of followers validated folk practices and contributed to a modernizing world along the US Mexico border While she healed Urrea spoke of a Mexico in which one did not have to obey unjust laws or confess one's sins to Catholic priests Jaramillo restored and fed drought stricken Tejanos when the state and modern medicine could not meet their needs Then in 1890 Urrea was expelled from Mexico Within a decade Jaramillo was investigated as a fraud by the American Medical Association and the US Post Office Borderlands Curanderos argues that it is not only state and professional institutions that build and maintain communities nations and national identities but also those less obviously powerful
