The Jewish Novel in the Ancient World Lawrence M. Wills,2015-03-11 Lawrence M Wills here traces the literary evolution of popular Jewish narratives written during the period 200 BCE 100 CE In many ways these narratives were similar to Greek and Roman novels of the same era as well as to popular novels of indigenous peoples within the Roman Empire Yet as a group they demonstrated a variety of novelistic innovations the inclusion of adventurous episodes passages of description and of dialogue concern with psychological motivation and the introduction of female characters Wills focuses on five novels Greek Esther Greek Daniel Judith Tobit and Joseph and Aseneth Drawing on a wide range of theoretical works he delineates the techniques and motifs of the Jewish novel shows how the genre both initiated and distanced itself from nonfictional prose such as historical and philosophical writing discusses its relation to Greco Roman romance and describes the social conditions governing its emergence and reception Wills also places the novels in historical context situating them between the Hebrew Bible on the one hand and subsequent developments in Jewish and Christian literature on the other Wills sees the Jewish novel as a popular form of writing that provided amusement for an expanding audience of Jewish entrepreneurs merchants and bureaucrats In an important sense he maintains it was a product of the novelistic impulse the impulse to transfer oral stories to a written medium to reach a more literate audience The Man Shakespeare and His Tragic Life-story Frank Harris,1909 *The Man Shakespeare and His Tragic Liffe Story* Frank Harris,2020-07-28

The Novels of Henry Fielding Henry Fielding, 1866 Unmanly Men Brittany E. Wilson, 2015 New Testament scholars typically assume that the men who pervade the pages of Luke's two volumes are models of an implied manliness Scholars rarely question how Lukan men measure up to ancient masculine mores even though masculinity is increasingly becoming a topic of inquiry in the field of New Testament and its related disciplines Drawing especially from gender critical work in classics Brittany Wilson addresses this lacuna by examining key male characters in Luke Acts in relation to constructions of masculinity in the Greco Roman world Of all Luke's male characters Wilson maintains that four in particular problematize elite masculine norms namely Zechariah the father of John the Baptist the Ethiopian eunuch Paul and above all Jesus She further explains that these men do not protect their bodily boundaries nor do they embody corporeal control two interrelated male gender norms Indeed Zechariah loses his ability to speak the Ethiopian eunuch is castrated Paul loses his ability to see and Jesus is put to death on the cross With these bodily violations Wilson argues Luke points to the all powerful nature of God and in the process reconfigures or refigures men's own claims to power Luke however not only refigures the so called prerogative of male power but he refigures the parameters of power itself According to Luke God provides an alternative construal of power in the figure of Jesus and thus redefines what it means to be masculine Thus for Luke real men look manifestly unmanly Wilson's findings in *Unmanly Men* will shatter long held assumptions in scholarly circles and beyond about gendered interpretations of the New Testament and how they can be used to understand the roles of the Bible's key characters
