in 3D Developing friendships Discovering stories Discerning appropriate next steps as a means of learning to understand the Holy Spirit's promptings With fresh perspectives from his own reflections and experiences collected during his most recent decade of ministry Bill Hybels shows with convincing and inspiring clarity the power of this personal richly relational approach to evangelism The stakes are high The implications are eternal And you may be only a conversation away from having an eternal impact on someone's life if you will just walk across the room *Wormhole Pass* Mehdi Alem, Ph.D.,2014-03-29 A scientist randomly discovers one of the most important findings of all the time He shares his finding only with one of his old friends and shortly after that disappears For a period of time nobody even the scientist himself knows where he is or if he is kidnapped After going through a series of events finally he realizes that he is no longer on Earth and is in another universe In the new universe he finds out that his original universe is a baby universe in a bigger one which he names it the mother universe In the mother universe which has completely different physical chemical and biological properties he first finds several living creatures from Earth and other solar systems in the Milky Way Galaxy and later finds out about the real inhabitants of the mother universe He stays in the mother universe for a period of time which is equal to sixteen years on Earth and finally requests from the scientists in the mother universe to be returned to his own original home the Earth During his stay in the mother universe he finds new friends and learns many new scientific data He realizes that the whole structure of the mother universe is different than his own original universe The creatures in the mother universe are much more advanced than him Since the two universes share space in certain parts and overlap during his stay in the mother universe in several occasions he and his new friends visit Earth but cannot communicate with people on Earth because they are in two different worlds with different laws of physics Finally in spite of extreme weak chance the original inhabitants in the mother universe facilitate his return to Earth After safe return to Earth he finds out that he has been considered as a dead person and he should prove his identity [The Man You're Meant to Be](#) John Simons,2025-09-16 In *The Man You're Meant to Be* John Simons offers a call for biblical wisdom that points to authentic manhood By following the wisdom that comes from above God Simons calls for the man to reject the wisdom from below the world and become the man that God desires him to be [What Set Me Free \(The Story That Inspired the Major Motion Picture Brian Banks\)](#) Brian Banks,2019-07-02 The story that inspired the film *Brian Banks* Discover the unforgettable and inspiring true story of a young man who was wrongfully convicted as a teenager and imprisoned for more than five years only to emerge with his spirit unbroken and determined to achieve his dream of playing in the NFL At age sixteen Brian Banks was a nationally recruited All American Football player ranked eleventh in the nation as a linebacker Before his seventeenth birthday he was in jail awaiting trial for a heinous crime he did not commit Although Brian was innocent his attorney advised him that as a young black man accused of rape he stood no chance of winning his case at trial Especially since he would be tried as an adult Facing a possible sentence of forty one years to life Brian agreed to take a plea deal and a judge sentenced him to six years in

prison At first Brian was filled with fear rage and anger as he reflected on the direction his life had turned and the unjust system that had imprisoned him Brian was surrounded by darkness until he had epiphany that would change his life forever From that moment on he made the choice to shed the bitterness and anger he felt and focus only on the things he had the power to control He approached his remaining years in prison with a newfound resolve studying spirituality improving his social and writing skills and taking giant leaps on his journey toward enlightenment When Brian emerged from prison with five years of parole still in front of him he was determined to rebuild his life and finally prove his innocence Three months before his parole was set to expire armed with a shocking recantation from his accuser and the help of the California Innocence Project the truth about his unjust incarceration came out and he was exonerated Finally free Brian sought to recapture a dream once stripped away to play for the NFL And at age twenty eight he made that dream come true Perfect for fans of Just Mercy I Beat the Odds and Infinite Hope this powerful memoir is a deep dive into the injustices of the American justice system a soul stirring celebration of the resilience of the human spirit and an inspiring call to hold fast to our dreams

Learning from the Germans Susan Neiman, 2019-08-27 As an increasingly polarized America fights over the legacy of racism Susan Neiman author of the contemporary philosophical classic *Evil in Modern Thought* asks what we can learn from the Germans about confronting the evils of the past In the wake of white nationalist attacks the ongoing debate over reparations and the controversy surrounding Confederate monuments and the contested memories they evoke Susan Neiman's *Learning from the Germans* delivers an urgently needed perspective on how a country can come to terms with its historical wrongdoings Neiman is a white woman who came of age in the civil rights era South and a Jewish woman who has spent much of her adult life in Berlin Working from this unique perspective she combines philosophical reflection personal stories and interviews with both Americans and Germans who are grappling with the evils of their own national histories Through discussions with Germans including Jan Philipp Reemtsma who created the breakthrough *Crimes of the Wehrmacht* exhibit and Friedrich Schorlemmer the East German dissident preacher Neiman tells the story of the long and difficult path Germans faced in their effort to atone for the crimes of the Holocaust In the United States she interviews James Meredith about his battle for equality in Mississippi and Bryan Stevenson about his monument to the victims of lynching as well as lesser known social justice activists in the South to provide a compelling picture of the work contemporary Americans are doing to confront our violent history In clear and gripping prose Neiman urges us to consider the nuanced forms that evil can assume so that we can recognize and avoid them in the future
