The Man and His Work** Martin Ekker, 2020-05-29 This booklet was written more than 50 years ago as an introduction to Gurdjieff's ideas in The Netherlands As it was felt that it can still serve a wider purpose this English edition has been prepared Without Benefit of Clergy: Frank R. Sinclair, 2009-06-10 As a young man Frank Sinclair looked for and found the teaching of G I Gurdjieff in Cape Town South Africa some seven years after Gurdjieff's death Moved by his first encounter with Gurdjieff's chief pupil Madame Jeanne de Salzmann at Franklin Farms the old Ouspensky estate at Mendham New Jersey he extended his original two month visit to the United States into a stay that has lasted more than 45 years In this brief memoir he describes some unusual events surrounding the last days of Madame Ouspensky his own extraordinary experiences at Mendham and his subsequent work under the direct influence of Madame de Salzmann He gives an intimate account of his lifelong search for meaning his relations with some unusual people seekers all and concludes with some random inferences about the state of the Work in the world today **Encounters with Gurdjieff** David Hughes, 2016-12-27 This is an unexpected input from the remarkable mystical teacher George Ivanovitch Gurdjieff over thirty years after his passing in 1949 A method of transmission was devised through a trance medium with multiple means for pursuing and checking the authenticity of the material and demonstrating the validity of the explanations provided The information given is linked with clues in the published corpus of available teachings and backed by research into ancient sources of what Gurdjieff knew It comes with the intriguing stories of how both the author found himself involved in the project and Gurdjieff's explanation of why he had to resort to such a means of communication Much of the mystery surrounding the man and his mission is unpacked and many things about his life and work are revealed for the first time We get a fuller picture at last of what he was trying to achieve during his lifetime Special groups were set up by Gurdjieff before his passing to protect his writings and disseminate his teachings when he was no longer here Many groups in many countries still carry on that work What Gurdjieff addresses in the message of this book is the incompleteness of what he was able to pass on by that means His students simply weren't ready to receive all he had to give to them What couldn't be directly said or grasped was hidden in his enigmatic writings At some future time those messages would need to be revealed This book is part of that process Followers of Gurdjieff will find invaluable updated teaching here Those previously unacquainted with him will nevertheless find a reliable path to self development
