The Manifesto, Or a Declaration of the Doctrines and Practice of the Church of Christ (Classic Reprint) John Dunlavy,2015-07-04 Excerpt from The Manifesto or a Declaration of the Doctrines and Practice of the Church of Christ The publishers of this second edition of the Manifesto would inform the reader that it is not pretended to be a revised copy of the first But as the author has deceased since the publication of the original work some small corrections have been made by those of his friends who best knew his mind and feelings and which are in accordance with a request made by him before his decease Some improvements might probably have been made in the arrangement of the work by dividing long chapters and paragraphs and also by a division of very lengthy sentences but as such alterations might have a tendency in some instances to obscure the author s meaning few attempts of the kind have been made A few notes have been added for the reader s information but in general the original has been strictly followed Believing that this valuable work will be acceptable to honest inquirers after Truth in the present fluctuating state of religious opinions and the serious awakenings which at present prevail among many classes of people the publishers now present this edition to the public earnestly soliciting their candid perusal and their serious reflection upon the all important subjects herein contained which have been so ably discussed and so clearly illustrated by the truly pious author Those who may wish for further information on these subjects and of the religious community from which they emanated are hereby referred to a work entitled The Testimony of Christ s Second Appearing and to a small duodecimo volume entitled A Summary View of the Millennial Church About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged
