The Making of Adolf Hitler Eugene Davidson, 1997 The harsh Armistice terms of 1918 the short lived Weimar Republic Hindenburg's senile vacillations and behind the scene power plays form the backbone of this excellent study covering German history during the first three and a half decades of the century Publishers website

**The Unmaking of Adolf Hitler** Eugene Davidson, 2004 The Unmaking of Adolf Hitler which includes dozens of photos from German collections covers literally every aspect of Hitler's life from his success after he came to power in 1933 to his self destruction Renowned author Eugene Davidson describes in detail Hitler's stratagems in reviving morale and undoing the inequitable treaties imposed on Germany after World War I and his shrewd moves to take advantage of the fatal miscalculations of the coalition that had been aligned against the Reich Once Hitler had brutally improved Germany's desperate state there followed mortal errors and fateful mistakes of judgment arising from his own inadequacies Compelling well researched and eminently readable The Unmaking of Adolf Hitler strives to explain how and why Hitler's empire collapsed from his own actions Available only in the USA and Canada

**The Making of Adolf Hitler** Eugene Davidson, 1978 Tysklandshistorie biografi Engelsk bog om Hitler med nye oplysninger om hans barndom og ungdom hans familie og specielt hans mor og hans politiske og filosofiske udvikling is r hans fattigdom og antisemitisme Men f rst og fremmest analyseres og beskrives de specielle forhold i og udenfor Tyskland der gjorde det muligt for Hitler at komme til magten While Hitler himself was unique the destructive elements that enabled him to sieze power were and are ever present The author examines these elements by tracing the dissolution of a modern industrial society through portraits of the leaders and the led Through contemporary evidence in books documents letters and memoirs as well he shows how a highly succesful state a mixture of pioneering social democracy and ultra conservative forces was transformed into an unstable malfunctioning radicalized society overburdened with problems for which it had no solutions other than the promises of a demigod

**The Hitler of History** John Lukacs, 1998-11-03 A valuable service serious entertaining provocative and distinctive Cleveland Plain Dealer In the fifty years since his suicide amid the ruins of Berlin Adolf Hitler has been the subject of more biographies than any comparable figure of our time and at the center of a crucial historical debate over the nature of evil and moral responsibility in the twentieth century In this brilliant and original book the historian John Lukacs climbs above the fray to produce a definitive history of a history the history of the evolution of our understanding of Hitler's life and our debates about its meaning Like an expert attorney Lukacs puts the biographies on trial identifying their strengths weaknesses and hidden agendas And through their intersecting and conflicting accounts he addresses the enduring enigmas surrounding the demiurge of the Third Reich Was Hitler a revolutionary or a reactionary How successful was he as a statesman and a strategist What was his primary motive for the extermination of the Jews The Hitler of History answers these questions as fully as any modern work can hope to with an intellectual boldness that makes it absolutely essential to any

understanding of the post Hitler world Lukacs is a shrewd historian and an engaging writer a sharp and sober portrait Philadelphia Inquirer     **The Making of Adolf Hitler** Mike Rothmiller, Walter Langer, 2014-09-25 During World War 2 President Roosevelt established the OSS Office of Special Services which is today s CIA One of its first tasks was to conduct a top secret psychological analysis of Adolf Hitler The team of psychiatrist clandestinely interviewed people close to Hitler and accessed scores of intelligence sources They dissected Hitler s childhood service during WW 1 and rise to power Included in this top secret report is a detailed account of Hitler s bizarre sexual practices and a finding that Hitler was in all likelihood bisexual The report provides evidence that for years Hitler was a deeply troubled man and while at the height of his power was treated and acted as a child by a woman he considered a surrogate mother Evidence that many on his senior staff believed he was gay Two women close to Hitler allegedly committed suicide with his pistol The report provides a detailed understanding of Hitler s inherent genius and ability to manipulate the minds of his countrymen and convince Germanys Reichstag Germany s Parliament to legally vote him dictatorial powers The final chapter of the book contains Hitler s personal will marriage certificate and last personal political testament which were dictated just hours before he committed suicide These are copies of the original which were seized by British Intelligence shortly after the War translated and given to President Franklin Roosevelt To the end Hitler continued to blame the Jews for all that was wrong     Hitler, Germans, and the "Jewish Question" Sarah Ann Gordon, 1984-03-21 Errata slip inserted Includes index Bibliography p 389 405

Gonen,2013-07-24 Was Hitler a moral aberration or a man of his people This topic has been hotly argued in recent years and now Jay Gonen brings new answers to the debate using a psychohistorical perspective contending that Hitler reflected the psyche of many Germans of his time Like any charismatic leader Hitler was an expert scanner of the Zeitgeist He possessed an uncanny ability to read the masses correctly and guide them with new ideas that were merely reflections of what the people already believed Gonen argues that Hitler s notions grew from the general fabric of German culture in the years following World War I Basing his work in the role of ideologies in group psychology Gonen exposes the psychological underpinnings of Nazi Germany s desire to expand its living space and exterminate Jews Hitler responded to the nation s group fantasy of renewing a Holy Roman Empire of the German nation He presented the utopian ideal of one large state where the nation represented one extended family In reality however he desired the triumph of automatism and totalitarian practices that would preempt family autonomy and private action Such a regimented state would become a war machine designed to breed infantile soldiers brainwashed for sacrifice To achieve that aim he unleashed barbaric forces whose utopian features were the very aspects of the state that made it most cruel     *Hitler's French Literary Afterlives, 1945-2017* Manuel Bragança,2019-09-11 This book analyses the successive appearances of Adolf Hitler in French fiction between 1945 and 2017 It discusses why unlike what has been observed in the US and in the UK it has proven problematic for French novelists to write about Hitler in their numerous fictional explorations of the Second World War It examines the literary and ethical challenges of including historical characters such as Hitler in fiction and demonstrates how these challenges evolved over time as memories of the Second World War also evolved in France jhopok     **World War II** Spencer C.
