The Male In The Head Young People Heterosexuality And Power:

The Male in the Head Janet Holland, Caroline Ramazanoglu, Sue Sharpe, 2004 Young people talk about sex and relationships in this detailed investigation of the social construction of sexuality Drawing on empirical studies the authors develop a feminist theory which shows the power of heterosexuality as masculine and the relevance of this power to young people s management of sexual safety

The Male in the Head Janet Holland, 1998 Young people talk frankly eloquently and often movingly about sex and relationships in this detailed investigation of the social construction of sexuality Drawing on empirical studies the authors develop a feminist theory which shows the power of heterosexuality as masculine and the relevance of this power to young people s management of sexual safety Based on research into young people s sexual cultures undertaken over ten years the authors argue that sexual activity and empowerment do not necessarily go hand in hand While a minority of young people succeed in negotiating safe and pleasurable sexual relationships for many the experience of adolescent sex continues to be nasty brutish and short Old taboos about premarital sex may have been broken but old ideas about sex being a man s pleasure and a woman s duty live on Young women are left with the worst of both worlds They are expected to be sexual but not taught to enjoy it vulnerable to pregnancy but not in control of sexual safety When it comes to sex young women have a male in the head a voice that tells them that using condoms is like chewing toffee with a wrapper on and that sex is finished when he has finished Despite the effects of feminism boys do not yet have a woman in the head Even those new men and new lads who recognise that women have changed are still liable to revert to double standards when it comes to sex As one young man points out I don t believe in sex differences but you can t go to bed with someone the first time you get off with them and expect them to give you respect and love you can t have it both ways Women still can t have it both ways but men can just The evidence from this study suggests that times are changing that femininity is moving on and that masculinity is dragging its feet While girls are outstripping boys in the classroom and the workplace they are still being kept in their place in the bedroom

Social Identities Gary Taylor, Steve Spencer, 2004 Social Identities argues that we have a collection of social selves and that our identities are influenced by such things as class gender sexuality race nationality religious views and by the media

Women and Religion in the West Sonya Sharma, 2016-02-11 What is the relationship between women and secularization In the West women are abandoning traditional religion Yet they continue to make up the majority of religious adherents Accounting for this seeming paradox is the focus of this volume If women undergird the foundations of religion but are leaving in large numbers why are they leaving Where are they going What are they doing And what s happening to those who remain Women and Religion in the West addresses a neglected yet crucial issue within the debate on religious belonging and departure the role of women in and out of religion and spirituality Beginning with an analysis of the relationship between gender and secularization the book moves its focus to in depth examination of women s experiences based on data from key

recent qualitative work on women and religion This volume addresses not only women's place in and out of Christianity the normal focus of secularization theories but also alternative spiritualities and Islam asking how questions of secularization differ between faith systems This book offers students and scholars of religion sociology and women's studies as well as interested general readers an accessible work on the religiosity of western women and contributes fresh analyses of the rapidly shifting terrain of contemporary religion and spirituality

Sexuality and Women with Learning Disabilities
Michelle McCarthy, 1999 Sexuality and Women with Learning Disabilities makes a significant contribution to both feminist and disability literature because it challenges common assumptions about the sexuality of people with learning disabilities forces a reconsideration of how this group of people are viewed by those around them and links gender and disability in its analysis Tizard Learning Disability Review By tackling issues that have received little meaningful attention McCarthy both makes a valuable contribution to the literature and provides a useful practical guide to those wishing to support their clients more effectively Mental Health and Learning Disabilities Care The thoroughness and attention to detail with which McCarthy has investigated and written about the sexual lives of a small number of women with mild to moderate learning difficulties is to be commended Drawing upon interviews with the women who participated in this study there is explicit detail about the reality of their sexual lives that overall comes across as sad poignant and often shocking with a high level of sexual abuse revealed however McCarthy has a strong code of ethics and sensitivity and a reflexive honesty about her role and stance as a feminist researcher that removes any possibility or suggestion of prurient voyeurism or exploitation being a part of this research McCarthy writes as a woman with and about women allowing their voices about their sexual experiences to be heard through the medium of in depth interviews Within the book the sexual experiences of women with learning disabilities are set in a wider policy and practice framework and discussed in relation to ideologies surrounding learning disability gender and sexuality in a cultural context The book ends with a chapter discussing and listing policy and practice recommendations including suggestions about changes to the law Overall this was a convincing and compelling book that deserves serious attention and I would strongly recommend it to anyone with an interest in learning disability issues including practitioners carers relatives advocates and counsellors CSPRD Newsletter In this study of women with mild and moderate learning disabilities Michelle McCarthy investigates how these women experience their sexual lives basing her research on interviews with the women themselves She argues the importance of informing the work of those responsible at research practice and policy levels with the voices of people with learning disabilities In the interviews women talk openly about what form their sexual activity takes and what it means for them the circumstances in which it occurs and the pleasures or lack thereof associated with it These interviews directly shape the policy and practice recommendations the author makes Michelle McCarthy's findings suggest that women with learning disabilities commonly find themselves engaged in sexual activity which is not to their liking and not of their choosing A high level of sexual abuse was also reported

The author discusses this in relation to the cultural forces which have influenced Western perceptions of sexuality feminism and theories and prejudices about learning disabilities She also studied the impact of institutional and community settings on the sexuality of women with learning disabilities In *Sexuality and Women with Learning Disabilities* McCarthy makes recommendations for policy and practice which will protect this vulnerable group and advises on education support and seeking justice for abused women

Schooling Sexual Cultures Louisa Allen, 2017-03-31 Moving beyond the traditional focus on curriculum and pedagogy this volume explores hidden dimensions of sexuality education in schools and how sexual meanings are produced Challenging the standard understandings of sexuality education Allen discusses how students knowledge of sexualities is often learnt outside the official school curriculum in informal spaces such as the sports field gym locker rooms and peer groups By employing visual methods and analysing student photo diaries Allen s original book captures a sexual culture of schooling that allow readers to literally see through young people s eyes Introducing theoretical ideas in relation to queer theory and new feminist new materialisms this volume calls for a re conceptualization of how sexuality comes into being at school in order to take account of its material spatial and embodied elements

Deserving Desire Beth Montemurro, 2014-09-01 Women experience considerable changes in their bodies lives and identity between the ages of twenty and seventy including marriage motherhood the dissolution of relationships and menopause all of which often impact sexuality In *Deserving Desire* Beth Montemurro takes a wide ranging look at the evolution of women s sexuality over time with a specific focus on the development of sexual subjectivity that is sexual confidence agency and a sense of entitlement to sexual desire Detailed stories of the ninety five women in this study explore how they become more comfortable with their bodies when most begin to enjoy sex feel confident and positive about engaging in it and how they become sexual subjects in control of their bodies *Deserving Desire* explores the complex multi stage process in which sexual subjectivity evolves over a woman s lifetime As girls they learn about sex and how those around them parents peers religion and media regard sex Physical and emotional transitions such as having a baby or ending a relationship further affect women s sexual confidence and desire Montemurro emphasizes that sexual subjectivity is about feeling in control of sexual decision making and acting purposefully and confidently Though adolescent sexuality has been a major focus of sociological research few studies have examined as Montemurro does here the development of sexuality through women s lives and the events that change the way women feel about themselves their bodies and their relationships

White Masculinity in Contemporary Australia Andrea Waling, 2019-07-10 Spanning the disciplines of sociology history media and cultural studies and popular culture this book offers a historical exploration of Australian masculine tropes and an examination of contemporary representations of masculinity in the media With attention to a range of thematic issues including race gender sexuality mythmaking media representation class and nationality it draws on new qualitative research and interview material to investigate the ways in which everyday Australian men take up or reject such ideas *White Masculinity in Contemporary*

Australia thus explores the contradictory resistance to and adoration of ideals of masculinity forms of Othering used to differentiate the practice of good masculinity from that of bad masculinity the relationship between heterosexuality masculinity and Australian sporting culture as central to ideals of masculinity and the existence of differing pressures to be masculine As such it will appeal to scholars across the social sciences with interests in gender and sexuality Australian studies and contemporary popular culture
