

# The man up front is your man

The most important responsibility of the man who captains your United Mainliner® is you.

And with this responsibility goes complete authority, for your United Air Lines Captain is a highly qualified, professional flight executive.

In planning your flight, he is assisted by scores of technical experts, computers, and the scientific resources of our own weather center, the largest in the industry. He is at liberty to select the smoothest approved airway around rough-weather areas. If, in his opinion, your flight should not take off, his decision is final.

And all during your flight, you can be sure that your Captain is United Air Lines' chief executive as far as your welfare is concerned.

Assisted by the members of his crew—who are highly qualified professionals, also—he will make every effort to get you there on schedule, but only after your comfort and safety have been given first consideration.

This genuine concern for you as an individual, combined with skill and experience, makes him truly "your man up front."

And this is typical of what we expect from everyone who works with United... the ability to do a job well... plus the attitude of extra care—for people—that guides everything we do.

With the great human responsibilities that are involved, there can be no better basis for running—or choosing—an airline.

THE EXTRA CARE AIRLINE

Toland supplements his captivating history with in depth interviews with more than two hundred American soldiers as well as North Korean, South Korean and Chinese combatants plus dozens of poignant photographs bringing those who fought to vivid life and honoring the memory of those lost. *In Mortal Combat* is comprehensive in its discussion of events deemed controversial such as American brutality against Korean civilians and allegations of American use of biological warfare. **Have You Seen These Children?** Veronica Slaughter, 2025-07-30 Four young children caught between love and hate, hostages to the cruelty of revenge. A deceitful American father and a naive decision by a Filipino mother transformed their lives forever. Valorie, Veronica, Vance and Vincent's perfect world turned into a nightmare one hot afternoon in 1959 in Cebu, Philippines. What was to be a quick lunch with their father turned into a flight to America where four dreadfully long years of running from state to state, hiding and vanishing into the night followed. Kidnapped from the only world they knew, confusion quickly set in. At nine Valorie the eldest liked seeing their father after his absence for over a year. Vance a timid six year old went along with whatever Valorie did. Vincent the baby at three cried for his mother while clinging to Veronica for comfort. Veronica eight was the only one who was truly panicked by what was happening around them and she recognized instantly that she and her siblings would have to

stick together in order to survive In that moment her childhood ended and the warrior within her emerged Moving from state to state and school to school avoiding the law looking over their shoulders at every turn the four Slaughter children found themselves fighting not only the heartbreak of separation from their loving mother but also poverty discrimination and abuse Their only weapons were their deep love for one another and an unwavering determination to survive the trials they faced and find their way back to their mother *End Times* ... Duin,2024-01-12 In the House of the Serpent Handler offers an intimate and engrossing look at the latest generation of Pentecostal believers who take up venomous snakes as a test of their religious faith Focusing on several preachers and their families in six Appalachian states journalist Julia C Duin explores the impact that such twenty first century phenomena as social media and reality television have had on rituals long practiced in obscurity As Duin reveals the mortal snakebite suffered by pastor Mack Wolford in 2012 marked the passing of the torch

to younger preachers Jamie Coots and Andrew Hamblin who were featured in the 2013 series Snake Salvation on the National Geographic Channel. Seeing their participation in the show as a way of publicizing their faith and thus winning converts, Coots and Hamblin attempted to reinvent the snake handling tradition for a modern audience. The use of the internet, particularly Facebook, became another key part of their strategy to spread their particular brand of Christianity. However, Coots's own death in 2014 was widely reported after the TV series was canceled, while Hamblin, who emerges as the central figure in the book, was arrested and tried after a shooting incident involving his estranged wife. His hopes of becoming a serpent handling superstar seemingly dashed, Hamblin spent several months in prison, emerging more determined than ever to keep to the faith. By the end of the narrative, he has begun a new church where he can pass on the tradition to yet another generation. Duin's thorough sympathetic reporting and lively style bring the ecstatic church services she witnessed vividly to life, and through interviews and quotations from the principals, Facebook postings, she has allowed them to express their beliefs and reveal their everyday lives in their own words. She also gives the reader an up-close view of how a reporter pursues a story and the various difficulties encountered along the way. Together, these elements frame a striking picture of the young practitioners of a century-old custom, one so often dismissed as bizarre by outsiders, adjusting to the challenges of the new millennium. Julia C. Duin, the former religion editor for the Washington Times, has published articles in the Washington Post, the Wall Street Journal, and other national publications. She is the author of five previous books, including most recently *Days of Fire and Glory: The Rise and Fall of a Charismatic Community*.
