

The Manchester *Union Leader* in New Hampshire Elections

by Eric Veblen

The Watergate scandals raised anew and with increased emphasis many questions about the role of the news media in the United States, and especially their responsibility to report events and issues objectively. How strong a stand can newspapers take on social and political issues without abusing their power? Editorial policy to some extent changes according to the temper of the times, but one New Hampshire paper never wavers in its determination to convince its readers that its right-wing view of politics is the correct perspective. William Loeb, publisher of the *Manchester Union Leader*, achieved a measure of national fame for his hard-hitting tactics during the unsuccessful presidential campaign of Edmund Muskie, but that was only one example of Loeb's pyrotechnics.

Is there substance behind these fireworks? How substantial an impact do

they have on New Hampshire's politics and—since New Hampshire's presidential primary is the first in the country—on national politics as well? In addressing himself to these and other central questions, Eric Veblen explores the influence of this highly controversial and partisan newspaper on issues and elections in the state and the nation. His data include extensive interviews with New Hampshire politicians and newspapermen—not omitting Loeb himself. Emphasis is on statewide gubernatorial and senatorial campaigns from 1960 to 1972, and the investigation includes an analysis of the paper's content, circulation, and treatment of election returns.

Although the *Union Leader* has a modest circulation of 64,000, that figure comprises 40 percent of the daily news-

The Manchester Union Leader In New Hampshire Elections

Richard F. Winters

The Manchester Union Leader In New Hampshire Elections:

The Manchester Union Leader in New Hampshire Elections Eric P. Veblen, The Manchester Union Leader in New Hampshire Elections Eric P. Veblen,1975 *The Manchester Union Leader in New Hampshire Elections* Eric P. Veblen,1975

The New Hampshire Primary And The American Electoral Process Niall Palmer,2018-02-19 New Hampshire is the subject of Palmer's book precisely because it serves as the first presidential primary every four years. Many critics of the New Hampshire primary fault it for being too arcane, too unrepresentative, and too quixotic to use as a gatekeeper of who becomes President. Palmer went to New Hampshire expecting to gather research that argued against New Hampshire as first primary. As he finished, he realized his findings pointed out the opposite: that in fact and deed New Hampshire was as good a place to start the primary races as any other. No single state is representative. The retail politics that aspirants face in New Hampshire is a very useful winnowing device in which a candidate must actually come face to face with real voters who more often than not make a study of the issues and policies that they raise in their questions. *Changing Patterns of Voting in the Northern United States* Robert W. Speel,2010-11-01 **New Hampshire: A History** Elizabeth Forbes Morison,Elting E.

Morison,1976-08-17 On New Hampshire's thin cold soil strewn with rocks generations of resourceful tough independent men and women created a landscape of meadows and pastures of stone walls and weathered barns and clapboard houses that has affected the American imagination. This is the story of a historically small and relatively poor state which seems in our own time increasingly attractive to those who seek what the authors call a simple kind of life lost elsewhere. Posing questions about land use and balanced growth that are important to all Americans, the Morisons' account of New Hampshire and its fluctuating fortunes will fascinate both residents and those who only visit or dream of doing so. **Presidential Elections**

Nelson W. Polsby,Aaron B. Wildavsky,David A. Hopkins,2008 Brimming with data and examples from the heated 2004 election and laced with previews of 2008, the twelfth edition of this classic text offers a complete overview of the presidential election process from the earliest straw polls and fundraisers to final voter turnout and exit interviews. The newest edition's comprehensive coverage includes campaign strategy with overviews of the changes in campaign finance and the growing role of the Internet. Also, the twelfth edition explores the effect of the forward creeping presidential nomination process and the sequence of electoral events. All of these aspects and the issues themselves are discussed by a wide array of actors in the electoral process: voters, interest groups, political parties, the media, and the candidates themselves. The twelfth edition is a timely update to this essential text on American elections. **The Rules and Politics of American Primaries** Andrew E.

Busch,2019-11-08 Provides an invaluable resource for scholars, students, and political observers who want a comprehensive picture of the past and present of the U.S. presidential nominating system across every state. In 2020, the parties will again nominate their candidates for president. Those nominations will play out in a complicated system of federal law, state law, national party rules, state party rules, and informal norms that have developed over decades. This resource provides a

roadmap for understanding the rules of the game and the ways in which they impact elections and politics across the United States This reference work is organized in two parts Part I consists of a series of short thematic essays discussing topics such as what primaries and caucuses are what the difference between open and closed primaries is varying methods used by the parties for delegate selection and how campaign finance works in the primaries Part II consists of a state by state description of recent primary caucus history and the methods currently used for delegate selection by Democrats and Republicans in each state

Guide to U.S. Elections Deborah Kalb, 2015-12-24 The CQ Press Guide to U S Elections is a comprehensive two volume reference providing information on the U S electoral process in depth analysis on specific political eras and issues and everything in between Thoroughly revised and infused with new data analysis and discussion of issues relating to elections through 2014 the Guide will include chapters on Analysis of the campaigns for presidency from the primaries through the general election Data on the candidates winners losers and election returns Details on congressional and gubernatorial contests supplemented with vast historical data Key Features include Tables boxes and figures interspersed throughout each chapter Data on campaigns election methods and results Complete lists of House and Senate leaders Links to election related websites A guide to party abbreviations

Taxing the State Richard F. Winters, 2025-10-31 Taxing the State The Politics of Changing Taxes in the American States is a comparative analysis that explores the socioeconomic and political causes and effects of tax policy and budget spending at the state level The chapters analyze the level of taxation as political action undertaken by the state Richard F Winters makes a key contribution to the politics of taxation by examining the causes and electoral consequences of tax changes and compares the political strategies that governors employ in the face of tax changes This book will be of interest for students and scholars of American politics state and local politics comparative political economy and public administration and policy

Congressional Record United States. Congress, 1997

The First Primary David W. Moore, Andrew E. Smith, 2015-08-22 Since 1952 the primary election in a small not very diverse New England state has had a disproportionate impact on the U S presidential nomination process and the ensuing general election Although just a handful of delegates are at stake the New Hampshire primary has become a massive media event and a reasonably reliable predictor of a campaign s ultimate success or failure In The First Primary Moore and Smith offer a comprehensive history of the state s primary an analysis of its media coverage and impact and a description of the New Hampshire electorate along with a discussion of how that electorate reflects or diverges from national opinions on candidates and issues A book for political scientists and political junkies media and policy professionals and all students of American government The First Primary ably fills the gaps in our understanding of New Hampshire s outsized role in the nomination process

On the Reliability of Economic Models Daniel Little, 2012-12-06 This volume represents a contribution to the philosophy of economics with a distinctive point of view the contributors have selected particular areas of economics and have probed these areas for the philosophical and methodological issues that they raise The primary essays are written by

philosophers concentrating on philosophical issues that arise at the level of the everyday theoretical practice of working economists Commentary essays are provided by working economists responding to the philosophical arguments from the standpoint of their own disciplines The volume thus represents something of an experiment in the philosophy of science striving as it does to explore methodological issues across two research communities The purpose of the volume is very specific to stimulate a discussion of the epistemology and methodology of economics that works at the level of detail of existing best practice in economics today The contributors have designed their contributions to stimulate productive conversation between philosophers and economists on topics in the methodology of economics

United States Presidential Elections , **Elections A-Z** John L. Moore, 2013-12-16 Elections A Z makes the vital and complex process of elections in the United States interesting and accessible to those for whom they have long seemed both arcane and mysterious This essential reference tool provides a comprehensive guide to understanding the current issues history and concepts behind attaining high political office in the United States Subjects covered in some 200 entries include running for the House of Representatives the Senate and the presidency debates and stages in the campaign and general election processes the roles of political consultants the media and the American political parties issues such as term limits and campaign finance court cases that have shaped the electoral process important terms often misunderstood outside the United States absolute majority dark horse initiatives and referendums historic milestones scandals in American elections etc

Mathematics and Democracy Steven J. Brams, 2009-12-02 Voters today often desert a preferred candidate for a more viable second choice to avoid wasting their vote Likewise parties to a dispute often find themselves unable to agree on a fair division of contested goods In *Mathematics and Democracy* Steven Brams a leading authority in the use of mathematics to design decision making processes shows how social choice and game theory could make political and social institutions more democratic Using mathematical analysis he develops rigorous new procedures that enable voters to better express themselves and that allow disputants to divide goods more fairly One of the procedures that Brams proposes is approval voting which allows voters to vote for as many candidates as they like or consider acceptable There is no ranking and the candidate with the most votes wins The voter no longer has to consider whether a vote for a preferred but less popular candidate might be wasted In the same vein Brams puts forward new more equitable procedures for resolving disputes over divisible and indivisible goods

Media and Momentum Gary R. Orren, Nelson W. Polsby, 1987 [The Constitution and Campaign Reform](#) United States. Congress. Senate. Committee on Rules and Administration, 2000 [Encyclopedia of U.S. campaigns, elections, and electoral behavior](#) Kenneth F. Warren, 2008-04-04 These approximately 450 articles explore all topics relevant to American political campaigns elections and electoral behaviour including some cross cultural comparisons to help place American trends in a global context

Before the Storm Rick Perlstein, 2009-03-17 In an astute and surprising history of the 1960s as the cradle of the conservative movement Perlstein's gutsy narrative history profiles the rise

of Barry Goldwater the rich handsome Arizona Republican who scorned the federal bureaucracy and despised liberals on sight 16 pp of photos

Unveiling the Power of Verbal Art: An Emotional Sojourn through **The Manchester Union Leader In New Hampshire Elections**

In some sort of inundated with screens and the cacophony of instantaneous connection, the profound power and psychological resonance of verbal art frequently fade in to obscurity, eclipsed by the continuous assault of noise and distractions. Yet, nestled within the musical pages of **The Manchester Union Leader In New Hampshire Elections**, a interesting function of fictional splendor that impulses with natural emotions, lies an wonderful trip waiting to be embarked upon. Published by a virtuoso wordsmith, this enchanting opus instructions visitors on an emotional odyssey, delicately revealing the latent potential and profound affect embedded within the elaborate internet of language. Within the heart-wrenching expanse with this evocative evaluation, we can embark upon an introspective exploration of the book is main styles, dissect its fascinating writing fashion, and immerse ourselves in the indelible effect it leaves upon the depths of readers souls.
