[With Illustrations.].** Alois MUSIL,1928      **Oral poetry and narratives from Central Arabia. 3. Bedouin poets of the Dawāsir tribe** P. M. Kurpershoek,1999-01-01 This volume presents and analyses the work of four contemporary Saudi Bedouin poets based on taped records with special emphasis on this poetry s reflection of the tribal society s evolving self image at a time of rapid social economic and political transformation      **The Manners and Customs of the Rwala Bedouins. Published Under the Patronage of the Czech Academy of Sciences and Arts and of Charles R. Crane** Alois Musil,1928      **The Warrior Prophet: Muhammad ﷺ and War** Joel Hayward,2023-01-02 Given the Prophet Muhammad s immense impact on history surprisingly few books specifically analyze his understanding and employment of warfare as an economically politically and socially transformational process even though he was continuously at war for a decade and initiated around eighty armed missions twenty seven of which he led himself Most Islamic biographies deal with this issue by using an understandable but insufficient logic that because Muhammad as the Messenger of Allah was the ideal and paradigmatic human he must have been an ideal and paradigmatic military commander His successes flowed from his prophetic status and his moral perfection Following this logic and wanting Muhammad s behavior to conform to very modern ethical concepts and widespread but not necessarily accurate beliefs about the nature and conduct of war the writers have inadvertently created a narrative which in significant ways departs from the account clearly and consistently revealed in the earliest extant Arabic sources The writers narrative also removes the Prophet from his historical and cultural context and the realities of the harsh and competitive tribal society in which he lived Professor Joel Hayward sees this as an unhelpful explanatory tendency and believes that the modern depiction of the Prophet s relationship with warfare which presents him as being rather antipathetic to war indeed as virtually a pacifist who only fought reluctantly in self defense cannot actually be sustained by an even handed analysis of the early Islamic sources A committed Muslim himself Hayward agrees that Muhammad was a moral and decent man who saw peace as a highly desirable state in which humans should live and as a goal worth pursuing Yet Hayward has approached the Prophet s understanding and employment of warfare from a different vantage point He has painstakingly scrutinized the earliest Arabic sources impartially according to the strict standards of historical inquiry in order to ascertain whether Muhammad s actions habits and methods can when understood within their original seventh century stateless Arabian context provide any substantial and meaningful insights into the way that he understood and undertook warfare Hayward concludes that Muhammad was an astute situationally

aware and self reflective man who created and communicated a believable strategic vision of a necessary and desirable future That vision persuaded increasing numbers of people to follow him and risk everything willingly in the struggle to create the optimal conditions for their survival security and prosperity In a competitive and conflictual environment with ubiquitous threats warfare was necessary to make real the bold new world that he foresaw Through original meticulously researched and rigorous analysis Hayward covers all the raids and campaigns and demonstrates that Muhammad correctly understood the necessity and utility of force and duly developed into an intuitive effective and victorious military practitioner who developed and enforced a strict moral code so as to attain his goals whilst safeguarding the innocent This engaging accessible yet deeply scholarly book makes a major contribution to strategic and military analysis and to the Prophet s biography

**Words Like Daggers: The Political Poetry of the Negev Bedouin** Kobi Peled,2022-06-08 The book explores the political poetry recited by the Negev Bedouin from the late Ottoman period to the late twentieth century By closely reading fifty poems Peled sheds light on the poets sentiments and worldviews To get to the bottom of the issues that inspired their poetry he weaves an interpretive web informed by the study of language culture and history The poems reveal that the poets were perfectly aware of the workings of the power systems that took control of their lives and lifestyle Their poetry indicates that they did not remain silent but practiced their art in the face of their hardships observing the collapse of their world with a mixture of despair and inspiration bitterness and wit

**Technology, Tradition and Survival** Richard Tapper,Keith McLachlan,2004-11-23 The contributors address the history originality variety and sophistication of traditional science technology and material culture in the Middle East and Central Asia their influence on the history of Europe and the West and the threat posed by modern Western technologies

**A Grammar of the Bedouin Dialects of the Northern Sinai Littoral** Rudolf Erik de Jong,2021-10-01 This study offers a thorough analysis of hitherto unknown Arabic dialects spoken by bedouin tribes inhabiting the northern Sinai littoral The author identifies five different dialect groups in the area He combines his own extensive material with that from publications on neighbouring dialects to put this material in a larger dialect geographical perspective Proposing a total of 82 criteria and introducing partial isoglosses to typologically measure the dialects he convincingly shows that three dialect groups form a continuum a linguistic bridge connecting the bedouin type of dialects spoken in the Negev and southern Jordan with the sedentary type of dialects spoken in the Nile Delta An appendix with 77 maps completes the picture Arabists dialectologists semitists and sociolinguists will welcome this study as a valuable contribution to their fields

*Literature and Violence in North Arabia* Michael E. Meeker,1979-02-28 An exploration of the intersection between art and life among the Bedouins and its implications for Orientalists

**Bedouin of Mount Sinai** Emanuel Marx,2013-06-01 The Sinai Peninsula links Asia and Africa and for millennia has been crossed by imperial armies from both the east and the west Thus its Bedouin inhabitants are by necessity involved in world affairs and maintain a complex almost urban economy They make their home in arid mountains that provide limited pastures and lack

arable soils and must derive much of their income from migrant labor and trade Still every household maintains at considerable expense a small orchard and a minute flock of goats and sheep The orchards and flocks sustain them in times of need and become the core of a mutual assurance system It is for this social security that Bedouin live in and retire to the mountains Based on fieldwork over ten years this book builds on the central theoretical understanding that the complex political economy of the Mount Sinai Bedouin is integrated into urban society and part of the modern global world

**Bedouin Culture in the Bible** Clinton Bailey, 2018-10-23 The first contemporary analysis of Bedouin and biblical cultures sheds new light on biblical laws practices and Bedouin history Written by one of the world's leading scholars of Bedouin culture this groundbreaking book sheds new light on significant points of convergence between Bedouin and early Israelite cultures as manifested in the Hebrew Bible Bailey compares Bedouin and biblical sources identifying overlaps in economic activity material culture social values social organization laws religious practices and oral traditions He examines the question of whether some early Israelites were indeed nomads as the Bible presents them offering a new angle on the controversy over the identity of the early Israelites and a new cultural perspective to scholars of the Bible and the Bedouin alike
