The Mark Of Mayonette A Parable:

The Mark of Mayonette Pierre V. Daigle, 1980-11-01 *Folktales of Mayotte, an African Island* Lee Haring, 2023-07-13

The book uncovers the versatility and literary skills of oral narrators in a small African island Relying on the researches of three French ethnographers who interviewed storytellers in the 1970s 80s Lee Haring shows a once colonised people using verbal art to preserve ancient values in the postcolonial world when the island of Mayotte was transforming itself from a neglected colony to an overseas department of France The author s innovation is to read ethnographic researches as play scripts to see printed folktales as accounts of live performances One storyteller after another comments symbolically on what it is like to be a formerly colonised population Storytelling women in particular combine diverse plots and characters to create traditional sounding stories which could not have been predicted from the African Malagasy Indian and European traditions coexisting in Mayotte Haring s account shows them to be particularly skilled at irony and ambiguity conveying both submissive and rebellious attitudes in their tales He makes Mayotte storytelling accessible to a new English speaking audience and demonstrates that traditional storytellers in those years were preserving but also critiquing their inherited social order in a changing world Their creative intentions cultural influences and widely different narrative styles constitute Mayotte s system of the arts of the word Literary specialists folklore enthusiasts and people who like reading stories will find much to appreciate in this engaging and sophisticated book **American Book Publishing Record** ,2007 *The Cumulative Book Index* ,1981 A world list of books in the English language **Human Spirits: A Cultural Account of Trance in Mayotte** Michael Lambek, 1981-11-30 Based on intensive ethnographic fieldwork this book describes and interprets trance behaviour among the Malagasy speakers of Mayotte a small island in the Comoro Archipelago in the Indian Ocean off the coast of East Africa Professor Lambek describes how the people of Mayotte most often women enter into trances during which they believe their bodies are inhabited by spirits He then analyses the conventions for behaviour in trance and the process by which the individuals come to terms with the spirits in their midst The book presents thorough case studies of spirit possession over time providing one of the most detailed accounts of possession phenomena available for a single society The author argues that trance can best be understood as a social activity within a defined system of cultural meaning rather than as a psychological problem a simple deception or a means of manipulating others This book should be of particular interest to those concerned with the study of ritual symbols and non Western religious systems *National Union Catalog* ,1980 Includes entries for maps and atlases *Living and teaching in Mayotte* URLACHER Bernard, 2023-05-18 This book is a photo journal written by a teacher throughout the 2010 11 school year and an anthropological analysis The diary shows the fragility of life on this French island in the middle of the Indian Ocean It is marked in part by insecurity and by the influx of illegal immigrants from some of the poorest countries in the world The author takes the reader into the life of a teacher of a class of a high school of the national education system and into his intimate life **Library of Congress**
