Emezue, 2001 Comparative Studies in African Dirge

Poetry is an important contribution to research in African literature by Nigerian scholar GMT Emezue Emezue sets out to portray the role and function of African dirge Moving from the general African milieu to the specific Igbo heritage she explores written and oral modes of poetic expressions Emezue also posits a theory of the African dirge with features comparatively distinctive from the formalised structures of western art GMT Emezue s interest in traditional African dirge songs and modern poetry is borne from her conviction that nowhere in the corpus of oral poetry have there been more works of heightened creativity than the dirge forms *The Prophetic Office of the Seer* Joann Lacey Santiago,2018-10-16 This book will explain the difference between a prophet and a seer It will also detail some of my experiences as I grew into my calling It is my prayer that this book will help others who are on the path as a prophetic seer to know they are not psychic but must allow the Holy Spirit to teach them and groom them as God develops them for his use for the body of Christ
