Songs For The Old Century

English Songs

Songs For The Old Century:

American Art Songs of the Turn of the Century Paul Sperry, 1991-01-01 42 of the best songs of a halcyon period in American music richly varied in mood sentiment and musical character including classics by Edward MacDowell Charles Ives Amy Beach Carrie Jacobs Bond Oley Speaks Ethelbert Nevin John Philip Sousa Charles Wakefield Cadman and 14 other composers Reprinted from rare original song sheets in full piano and vocal arrangements The Book of English Songs. From the Sixteenth to the Nineteenth Century. [Illustrated.] English Songs, 1851 **The Politics of Songs in**

Eighteenth-Century Britain, 1723-1795 Kate Horgan, 2015-10-06 Horgan analyses the importance of songs in British eighteenth century culture with specific reference to their political meaning Using an interdisciplinary methodology combining the perspectives of literary studies and cultural history the utilitarian power of songs emerges across four major case studies *Church Music Review and Official Bulletin of the American Guild of Organists*, 1906 **Cheap Print and**

Popular Song in the Nineteenth Century Paul Watt, Derek B. Scott, Patrick Spedding, 2017-03-23 This book is a cultural history of the nineteenth century songster pocket sized anthologies of song texts usually without musical notation It examines the musical social commercial and aesthetic functions songsters served and the processes by which they were produced and disseminated the repertory they included and the singers printers and entrepreneurs that both inspired their manufacture and facilitated their consumption Taking an international perspective chapters focus on songsters from Ireland North America Australia and Britain and the varied public and private contexts in which they were used and exploited in oral and print cultures **The Nineteenth Century**, 1916 **Village Song & Culture** Michael Pickering, 2015-12-14 Originally published in 1982 The songs on which this study is based were once vibrant in the throats and ears and minds of living people This book examines the songs and their meanings in relation to the lives of those people and relates them to the cultural tradition and practice of which they were an integral part The art of village song represents a sense of cohesiveness and mutual identity around local patterns of kinship social groupings territorial orientations and cultural relationships The actual ways in which songs were part of village life is of course highly problematic but this book endeavours most of all to present an understanding of the place of song in the social life of villagers **The New Cambridge Bibliography of English Literature** George Watson, Ian Roy Willison, 1974 **Nineteenth Century, a Monthly Review**, 1916 **The Nineteenth Century and After**, 1914
