Sorcerers Apprentice A Journey Through East Africa:

The Sorcerer's Apprentice Elspeth Huxley,1956 **The Sorcerer's Apprentice** Elspeth Huxley,1949 **Dr. William Edward Dillon, Navy Surgeon in Livingstone's Africa** Julia Turner,2015 It was the 1860s and slave traders were slipping across the seas between Zanzibar and Arabia Irish surgeon Dr William Edward Dillion sic hunted them down in British tall ships tasked with the medical care for all on board including rescued slaves from the captured trading vessels When the great missionary David Livingstone went missing in central Africa in 1872 Dr Dillon grounded with a damaged ship led the Livingstone East Coast Expedition as second in command They marched 500 miles with badly needed medical supplies only to discover the worst Livingstone was dead Dillon met his death in the middle of Africa But the circumstances around his death are labelled suspicious and a new expedition in 2004 sets off to find the answers Back cover *The Sorcerer's Apprentice* Elspeth Huxley,1956 **Writing for Kenya** ,2009 Henry Muoria 1914 97 self taught journalist and pamphleteer helped to inspire Kenya s nationalisms before Mau Mau The pamphlets reproduced here in Gikuyu and English contrast his own originality with the conservatism of Jomo Kenyatta Kenya s first President The contributing editors introduce Muoria s political context tell how three remarkable women sustained his families life and remember him as father Courageous intellectual political and domestic life here intertwine **Eclipse of Empire** D. A. Low,1991 The middle decades of the twentieth century witnessed the great dramas of the ending of Western imperial rule in Africa and Asia A series of nationalist onslaughts was launched against the British Empire and these greatly reshaped the modern world Professor Anthony Low has studied the end of the British Empire and its aftermath for many years This volume brings together for the first time many of his major essays on the subject Saben's Commercial Directory and Handbook of Uganda ,1960 **Tensions of Empire** Frederick Cooper,Ann Laura Stoler,1997-01-07 Carrying the inquiry into zones previous itineraries have typically avoided the creation of races sexual relations invention of tradition and regional rulers strategies for dealing with the conquerors the book brings out features of European expansion and contraction we have not seen well before Charles Tilly The New School for Social Research What is important about this book is its commitment to shaping theory through the careful interpretation of grounded empirically based historical and ethnographic studies By far the best collection I have seen on the subject Sherry B Ortner Columbia University **The White Spaces of Kenyan Settler Writing** Terrence L. Craig,2017-03-27 The White Spaces of Kenyan Settler Writing provides an overview of Kenyan literature by white writers in the half century before Independence in 1964 Such literature has been over shadowed by that of black writers to the point of critical ostracism It deserves attention for its own sake as the expression of a community that hoped for permanence but suffered both disappointment and dispossession It deserves attention for its articulation of an increasingly desperate colonial and Imperial situation at a time when both were being attacked and abandoned in Africa as in other colonies elsewhere and when a counter discourse was being constructed by writers in Britain as well as in Africa Kenya was likely the best known

twentieth century colony for it attracted publicity for its iconic safaris and its Happy Valley scandals Yet behind such scenes were settlers who had taken over lands from the native peoples and who were trying to make a future for themselves based on the labour willing or forced of those people This situation can be seen as a microcosm of one colonial exercise and can illuminate the historical tensions of such times The bibliography is an attempt to collect the literary resources of white Kenya in this historically significant period

The Culture of Colonialism T. O. Beidelman, 2021-12-22 What did it mean to be an African subject living in remote areas of Tanganyika at the end of the colonial era For the Kaguru of Tanganyika it meant daily confrontation with the black and white governmental officials tasked with bringing this rural people into the mainstream of colonial African life T O Beidelman's detailed narrative links this administrative world to the Kaguru's wider social cultural and geographical milieu and to the political history ideas of indirect rule and the white institutions that loomed just beyond their world Beidelman unveils the colonial system's problems as it extended its authority into rural areas and shows how these problems persisted even after African independence
