Ferguson, 2013-11-06 This handbook provides students and scholars with a highly readable yet detailed analysis of all surviving Greek tragedies and satyr plays John Ferguson places each play in its historical political and social context important for both Athenian and modern audiences and he displays a keen discriminating critical competence in dealing with the plays as literature Ferguson is sensitive to the meter and sound of Greek tragedy and with remarkable success he manages to involve even the Greekless reader in an actual encounter with the Greek as poetry He examines language and metrics in relation to each tragedian s dramatic purpose thus elucidating the crucial dimension of technique that other handbooks mostly the work of philologists renounce in order to concentrate on structure and plot The result is perceptive criticism in which the quality of Ferguson s scholarship vouches for what he sees in the plays The book is prefaced with a general introduction to ancient Greek theatrical production and there is a brief biographical sketch of each tragedian Footnotes are avoided the object of this handbook is to introduce readers to the plays as dramatic poetry not to detail who said what about them There is an extensive bibliography for scholars and a glossary of Greek words to assist the student with the operative moral and stylistic terms of Greek tragedy **Crossing Borders Through Folklore** Alma Jean

Derek Walcott, The Journeyman Years, Volume 1: Culture, Society, Literature, and Art Gordon

Collier,2013-12-06 During the same period in which Derek Walcott was pouring immense physical emotional and logistical resources into the foundation of a viable first rate West Indian theatre company and continuing to write his inimitable poetry he was also busy writing newspaper reviews chiefly for the Trinidad Guardian His prodigious reviewing activity extended far beyond those areas with which one might most readily associate his interests and convictions As Gordon Rohlehr once presciently observed If one wants to see a quotidian workaday Walcott one should go back to his well over five hundred articles essays and reviews on painting cinema calypso carnival drama and literature articles which reveal a rich various witty and scrupulous intelligence in which generous humour counterpoints acerbity These articles capture the vitality of Caribbean culture and shed additional light on the aesthetic preoccupations expressed in Walcott s essays published in journals The editors have examined the corpus of Walcott s journalistic activity from its beginnings in 1950 to its peak in the early 1970s and have made a generous selection of material from the Guardian along with occasional pieces from such sources as Public Opinion Kingston and The Voice of St Lucia Castries The articles in Volume 1 are organized as follows Caribbean society culture and the arts generally literature and society periodicals anglophone poetry prose fiction and non fiction African and other literatures and the visual arts Caribbean and beyond The volume closes with a selection of Walcott s miscellaneous satirical essays The volume editor Gordon Collier has written a searching introductory essay on a central theme here a critical comparative analysis of Walcott s development as journalist against the historical background of press activity in the Caribbean coupled with an illustrative discussion drawing on Walcott s newspaper articles of his attitudes towards prose fiction and poetry Mood and Trope John Brenkman,2020-01-28 Reconnect s affect studies with major issues in literary studies philosophy and aesthetics a fundamental contribution to this emergent field Jonathan Culler Cornell University author of Structuralist Poetics In Mood and Trope John Brenkman introduces two provocative propositions to affect theory that human emotion is intimately connected to persuasion and figurative language and that literature especially poetry lends precision to studying affect because it resides there not in speaking about feelings but in the way of speaking itself Engaging modern philosophers Kant Nietzsche Heidegger and Deleuze Brenkman explores how they all approach the question of affect primarily through literature and art He draws on the differences and dialogues among them arguing that the vocation of criticism is incapable of systematicity and instead must be attuned to the singularity and plurality of literary

and artistic creations In addition he confronts these four philosophers and their essential concepts with a wide array of authors and artists including Pinter and Poe Baudelaire Jorie Graham and Li Young Lee Shakespeare Tino Sehgal and Francis Bacon Filled with surprising insights Mood and Trope provides a rich archive for rethinking the nature of affect and its aesthetic and rhetorical stakes Combining philosophical inquiry with brilliant interpretive readings Brenkman draws out the distinctive imbrications of mood and trope across a range of modern poetic projects Amanda Anderson Brown University author of Psyche and Ethos Brenkman shows us how literature has extended and deepened the possibilities of feeling and knowledge of feeling alike Susan Stewart Princeton University author of The Open Studio Essays on Art and Aesthetics Eminently readable Choice **Encyclopedia of Post-Colonial Literatures in English** Eugene Benson,2004-11-30 Documents the history and development of Post colonial literatures in English together with English and American literature and includes original research relating to the literatures of some 50 countries and territories In more than 1 600 entries written by more than 600 internationally recognized scholars it explores the effect of the colonial and post colonial experience on literatures in English worldwide The Reprint Bulletin Book Reviews ,1988
