

Sound Of The Sea

Pasquale De Marco

Sound Of The Sea:

The Sound of the Sea Wayne Mansfield, 2017-06-24 Liam's life could be better. He's recovering from a divorce and a bitter custody battle which he loses. He dearly loves his six-year-old son Lucas but seeing him every second weekend is never enough. His one salvation is the sea. When he's sitting on the sand watching the waves rolling in, he feels at peace, calmed and restored. One day the waves are particularly high and the sea particularly rough. He's surprised to see someone swimming in such choppy seas. When Liam calls out to the man asking if he needs help, the man simply waves back. Liam thinks he must be an idiot. Little does he know the person he sees is no man, which he discovers two days later. When they meet, Liam is both horrified and fascinated. His curiosity produces a strange attraction that changes their lives irreversibly forever. **The**

Sound of the Sea Andrea Dean Van Scoyoc, 2010-07-03 A powerful tale of SENSUAL ROMANCE, this short story by one of today's most acclaimed authors, ANDREA DEAN VAN SCOYOC, takes you on the journey of Marshall Kober. Marshall is a violinist in an orchestra and, after being brutally attacked one evening, leaves the city in favor of a home by the sea. The sea has always been an immense source of power and life for Marshall, but he'd ignored her for many years. It's only when he meets Chase does he understand what his watery mistress has been trying to tell him. Romantic and gentle, this story is a must-read for music lovers and for those who like just a hint of the sensual in their romance. **The Sound of the Sea**

Cynthia Barnett, 2021-07-06 A Science Friday Best Science Book of the Year, A Kirkus Reviews Best Nonfiction Book of the Year, A Library Journal Best Science and Technology Book of the Year, A Tampa Bay Times Best Book of the Year. A stunning history of seashells and the animals that make them that will have you marveling at nature. Barnett's account remarkably spirals out appropriately to become a much larger story about the sea, about global history and about environmental crises and preservation. John Williams, New York Times Book Review: Seashells have been the most coveted and collected of nature's creations since the dawn of humanity. They were money before coins, jewelry before gems, art before canvas. In *The Sound of the Sea*, acclaimed environmental author Cynthia Barnett blends cultural history and science to trace our long love affair with seashells and the hidden lives of the mollusks that make them. Spiraling out from the great cities of shell that once rose in North America to the warming waters of the Maldives and the slave castles of Ghana, Barnett has created an unforgettable history of our world through an examination of the unassuming seashell. She begins with their childhood wonder, unwinds surprising histories like the origin of Shell Oil as a family business importing exotic shells, and charts what shells and the soft animals that build them are telling scientists about our warming, acidifying seas. From the eerie calls of early shell trumpets to the evolutionary miracle of spines and spires and the modern science of carbon capture inspired by shell, Barnett circles to her central point of listening to nature's wisdom and acting on what seashells have to say about taking care of each other and our world. **The Sound of Seas**

Gillian Anderson, Jeff Rovin, 2017-09-26 After discovering the secrets to the Gaalderekhani tiles, ancient computers that house not just memories but untold destructive force, Caitlin O'Hara's son gets accidentally

thrust back in time In order to save him she must master the power of the tiles and figure out what the Gaalderkhani s modern relatives are searching and killing for Can she put the pieces together and bring her son back home again
