String Trio Op 8 D Maj Serenade:

Serenade, String Trio, Op8, D Major Beethoven, 1981 Orphee Beethoven's Chamber Music in Context Angus Watson, 2012 A noted violinist and conductor Watson is particularly well suited for his chosen task outlining the historical context and character of more than 50 of the chamber works that Beethoven composed during his years in Vienna Avoiding the pitfalls of becoming too critical or academic the author characterizes each composition in general terms only and does not discuss changing styles of performance Instead Watson provides information on a work's historical background and character and on the musical points of interest in each movement He pays special attention to the influence of Beethoven's large scale compositions on his chamber music and on the composer's increasing mastery of improvisation Filling a hole in scholarship on Beethoven's compositions this book will be greatly appreciated by professional and amateur musicians
