Visualization for Beginners and Dummies Suzy Haney, 2021-05-16 If

you dream it you can achieve it William Arthur Ward The quote above and many others that have been spoken by wise men in the history of human beings point out the importance of visualizing an event before it occurs Dream in the context of the above statement doesn't refer to the images and visuals you see when sleeping or taking a nap Rather this refers to the goals you plan to achieve in your life The topsy turvy nature of life makes it challenging for some people to have targets they intend to achieve Some people would cite the example of the rumblings and shocking nature of the COVID 19 as a genuine reason you shouldn't make plans or set targets in life Some individuals will say that life is just like the stock market nothing is certain There isn't doubt that life can be volatile such that you are never sure of what happens next However if you decide against setting targets and goals you intend to achieve within some periods you are living your life based on speculations It's not true that whatever will be will be You can decide what you want in life and accomplish it There are many great examples of people who have achieved tangible success because they leveraged the power of visualization You can become one of such people when you leverage the tips in this book The journey begins with what visualization is and ends with how you can succeed with it Enjoy the ride

Classical Guitar For Dummies Jon Chappell, Mark Phillips, 2009-07-14 Learn to Select the right classical guitar for you Develop correct hand position and posture Tune your guitar Play along with exercises and pieces on the audio CD The fun and easy way to start playing classical guitar Want to be a classical guitarist but never had a lesson No problem this hands on guide teaches you all the fundamental techniques you need to play scales melodies and full length pieces in the classical style You get plenty of practice exercises to stretch your skills selections from the classical repertoire and a bonus audio CD that helps you play along with the music pieces from the book Get acquainted with your guitar familiarize yourself with the unique make up and parts of a classical guitar Start making some music play melodies on individual strings move on to arpeggios and get your fingers in shape with scales Ramp up your technique play barres slurs and trills handle harmonics master right hand tremolo and venture up the neck to play in the higher positions Build your classical repertoire from Renaissance and Baroque to Classical Romantic and Modern play pieces from the major eras in classical music Practice makes perfect improve your performance with expert guidance through each exercise and piece in the book Open the book and find Tips and techniques for playing beautiful pieces How to read music notation and tablature Basic finger and thumb strokes Right and left hand techniques Musical examples charts and photos Music pieces from the guitar greats The best ways to care for your guitar A step by step tutorial on changing your strings Bonus CD Includes More than 140 recorded performances of the exercises and pieces featured in the book Pieces performed using a count off allowing you to play along in time with the music Tuning notes to help you tune up your guitar
