S. Van Klinken, Johanna Stiebert, Brian Sebyala, Fredrick Hudson, 2021 An invaluable insight into the narrative politics and theologies of LGBTQ life storytelling a key text for those in African Humanities Queer Studies Religious Studies and Refugee Studies Presenting the deeply moving

personal life stories of Ugandan LGBTQ refugees in Nairobi Kenya alongside an analysis of the process in which they creatively engaged with two Bible stories Daniel in the Lions Den Old Testament and Jesus and the Woman Caught in Adultery New Testament Sacred Queer Stories explores how readings of biblical stories can reveal their experiences of struggle their hopes for the future and their faith in God and humanity Arguing that the telling of life stories of marginalised people such as of Ugandan LGBTQ refugees affirms embodied existence and agency is socially and politically empowering and enables human solidarity the authors also show how the Bible as an authoritative religious text and popular cultural archive in Africa is often used against LGBTQ people but can also be reclaimed as a site of meaning healing and empowerment The result of a collaborative project between UK based academics and a Nairobi based organisation of Ugandan LGBTQ refugees the book provides a valuable insight into the narrative politics and theologies of LGBTQ life storytelling A key text for those in African Humanities Queer Studies Religious Studies and Refugee Studies among others the book expresses an innovative methodology of inter reading queer life stories and biblical stories

The Struggles of Marginalized Children and Adolescents Robert Wurm,2023-03-06 There are many similarities between adolescents marginalized children and those that are left with no hope at the end of their life Marginalized children are those exposed to a drama in their life that s not appropriate for their age to understand those who have been exposed to the drama of divorce adoption molestation war violence a fundamental church or a toxic family Your response is dependent on your age your kind of exposure and the length of time of being exposed to this drama in your life It will determine the struggles you will have with life Some families are only living out their history rather than meeting your needs as a child Parents may be only responding to their history and to their family s priority of values rather than playing a public role that meets the needs of the children under their care All of us are in struggle to bring our private life under control We share our struggles in common with all other humans The struggle is to bring ourselves under control in a chosen community Many struggles in life can be experienced as being similar for all adolescents to emancipate from their families to bring our public role together with our private desires in life To bring integrity together to a lived life and experience wholeness to life we will need a safe community that does not judge us but will help us process safely the events in our life We will need a Creator in our life and a priority of values that are lived Experiences of life can either make you stronger or set you up for self destruction You will need hope for the future Welcome to the world of the struggle The struggle to make a lived life that has integrity and experience the wholeness of a life lived
