Struggling To Be Heard

Sarah Maddison, Marian Sawyer

Struggling To Be Heard:

Globalization and Law Adam Gearey, 2005-07-14 To understand globalized law it is necessary to bring together insights gained from disparate strands of study international political economy economic law human rights law and the law of war Focusing on WTO the UN the World Bank and the IMF Globalization and Law shows how their legal and regulatory regimes are linked to the politics of world markets It also looks at the operation of law and economy at a national level where globalized law can be seen in action Chapters consider the politics of oil and human rights in Nigeria and the invasion and reconstruction of Iraq Other broad themes are also examined Looking at the fate of people in the third world who are the subjects of economic development and development law we can bring to light the power relationships and ideologies that are attendant on the development project In conclusion it is argued that we need to engage with the claims to humanity that lie behind the notion of human rights the war against terrorism and military intervention Globalized law raises fraught questions about the role of international regimes and the interests and values in whose name they claim to operate The Women's Movement in Protest, Institutions and the Internet Sarah Maddison, Marian Sawer, 2013-08-15 The death of feminism is regularly proclaimed in the West Yet at the same time feminism has never had such an extensive presence whether in international norms and institutions or online in blogs and social networking campaigns This book argues that the women's movement is not over but rather social movement theory has led us to look in the wrong places This book offers both methodological and theoretical innovations in the study of social movements and analyses how the trajectories of protest activity and institution building fit together The rich empirical study together with focused research on discursive activism blogging popular culture and advocacy networks provides an extraordinary resource showing how the women's movements can survive the highs and lows and adapt in unexpected ways Expert contributors explore the ways in which the movement is continuing to work its way through institutions and persists within submerged networks cultural production and in everyday living sustaining itself in non receptive political environments and maintaining a discursive feminist space for generations to come Set in a transnational perspective this book traces the legacies of the Australian women's movement to the present day in protest non government organisations government organisations popular culture the Internet and the Slut Walk The Women's Movement in Protest Institutions and the Internet will be of interest to international students and scholars of gender politics gender studies social movement studies and comparative politics The Drum Is a Wild Woman Patricia G. Lespinasse, 2022-01-04 In 1957 Duke Ellington released the influential album A Drum Is a Woman This musical allegory revealed the implicit truth about the role of women in jazz discourse jilted by the musician and replaced by the drum Further the album's cover displays an image of a woman sitting atop a drum depicting the way in which the drum literally obscures the female body turning the subject into an object This objectification of women leads to a critical reading of the role of women in jazz music If the drum can take the place of a woman then a woman can also take the place of a drum The Drum Is

a Wild Woman Jazz and Gender in African Diaspora Literature challenges that image but also defines a counter tradition within women s writing that involves the reinvention and reclamation of a modern jazz discourse Despite their alienation from bebop women have found jazz music empowering and have demonstrated this power in various ways The Drum Is a Wild Woman explores the complex relationship between women and jazz music in recent African diasporic literature The book examines how women writers from the African diaspora have challenged and revised major tropes and concerns of jazz literature since the bebop era in the mid 1940s Black women writers create dissonant sounds that broaden our understanding of jazz literature By underscoring the extent to which gender is already embedded in jazz discourse author Patricia G Lespinasse responds to and corrects narratives that tell the story of jazz through a male centered lens She concentrates on how the Wild Woman the female vocalist in classic blues used blues and jazz to push the boundaries of Black womanhood outside of the confines of respectability In texts that refer to jazz in form or content the Wild Woman constitutes a figure of resistance who uses language image and improvisation to refashion herself from object to subject This book breaks new ground by comparing the politics of resistance alongside moments of improvisation by examining recurring literary motifs cry and response the Wild Woman and the jazz moment in jazz novels short stories and poetry comparing works by Ann Petry Gayl Jones Toni Morrison Paule Marshall Edwidge Danticat and Maya Angelou with pieces by Albert Murray Ralph Ellison James Baldwin and Ellington Within an interdisciplinary and transnational context Lespinasse foregrounds the vexed negotiations around gender and jazz discourse

Quick Fix? Struggling and Suffering Jesus

Esquivel,2025-10-10 This book is about addressing issues that are holding us back keeping us stuck suffering and struggling There is hope The Bible has all the answers we need for biblical living and dealing with core psychological issues in a healthy way God meets our spiritual and psychological needs but we don t always see that when we are struggling or suffering In Bible times people didn t have psychology it s true but they had God s word and God knows what men women and children need to grow from infancy to mature adults We can t oversimplify people s problems and just ask them to pray more to solve deep rooted core issues because people and problems are complex We need to be careful to not reduce issues to one simplistic cause but rather understand that there are many causes our past traumas social and psychological influences etc God used prophets priests and leaders to counsel to encourage to teach In fact God gave a whole book on wisdom on how to deal with life Jesus counseled or talked and taught to people gave them truth and perspective about life and helped them to cope better This book takes an integrative approach to solving problems looking at our self worth and how the Bible and psychology work together to address the whole person whom God created

***Struggling for Inclusion* James**

Ryan,2012-03-01 This book describes the struggles in which inclusive minded administrators find themselves when they promote equity initiatives Administrators routinely struggle when they attempt to include all members of their school communities teachers students and parents in the various aspects of schooling Given the presence of a host of obstacles

setting right the injustices associated with racism classism sexism ableism homophobia and other exclusive practices is not an easy thing to do Resistance from colleagues who fail to recognize exclusive practices when they see them and from others who do recognize them but see no harm too few resources exclusive policies personal uncertainties or insecurities and conflicted priorities are just a few of the phenomena that get in the way of these efforts This book explores these struggles It looks at the contexts within which these encounters occur the various challenges that inclusive minded administrators encounter and the strategies that they employ to meet these tests Employing the results of original empirical studies surveys of current research recent theoretical literature and personal experiences this book seeks to provide school leaders with a sense of what it is like to promote inclusion and equity in the contemporary neoliberal context Among other things it looks to provide educators of an understanding of the obstacles that stand in the way of inclusion the nature of the struggles that await them and ideas for what they might do Among other things the book concludes that in relation to the pursuit of inclusion 1 exclusion continues to be part of contemporary schools and communities 2 struggles for inclusion transcend individual educators students and parents 3 administrators are sometimes part of the problem of exclusion 4 administrators struggle with issues of difference 5 administrators struggle with circumstances they inherit people with whom they work and with themselves and 6 administrators have resources to employ in their struggles for inclusion

Voices of Asian Americans in Higher Education Festus E. Obiakor, Ying Hui-Michael, 2018-10-01 Voices of Asian Americans in Higher Education Unheard Voices is a unique and historical book Asian Americans are often portrayed as model minority yet their personal and educational experiences are often unheard In this book 10 Asian American educators and scholars present realistic pictures of America s higher education using personal narratives The contributors in this book come from different regions and teach in different colleges and universities and coincidentally they all endure the outsider category formerly as students and now as professors and leaders This outsider status can be emotionally overwhelming and psychologically unnerving This status hampers opportunities for Asian Americans to grow and maximize their fullest potential Though they develop different strategies to address their outsider label it does not make it comfortable But time and time again they have proven that they can succeed In this technological age we must value unending truths as we educate ourselves and others We hope that this book will be an educational and informational resource for students administrators and faculty in higher education and also educational policy makers and stakeholders
