Mark Edelman Boren

Student Activism Town And Gown In Historical Perspective:

Student Activism Alexander DeConde, 1971 Student Activism Nathan Glazer, Charles Homer Haskins, 1971

Student Activism in Asia Meredith Leigh Weiss, Edward Aspinall, 2012 Since World War II students in East and Southeast Asia have led protest movements that toppled authoritarian regimes in countries such as Indonesia South Korea and Thailand Elsewhere in the region student protests have shaken regimes until they were brutally suppressed most famously in China's Tiananmen Square and in Burma But despite their significance these movements have received only a fraction of the notice that has been given to American and European student protests of the 1960s and 1970s The first book in decades to redress this neglect *Student Activism in Asia* tells the story of student protest movements across Asia Taking an interdisciplinary comparative approach the contributors examine ten countries focusing on those where student protests have been particularly fierce and consequential China Japan Hong Kong Taiwan South Korea Indonesia Burma Malaysia Thailand and the Philippines They explore similarities and differences among student movements in these countries paying special attention to the influence of four factors higher education systems students collective identities students relationships with ruling regimes and transnational flows of activist ideas and inspirations The authors include leading specialists on student activism in each of the countries investigated Together these experts provide a rich picture of an important tradition of political protest that has ebbed and flowed but has left indelible marks on Asia's sociopolitical landscape Contributors Patricio N Abinales U of Hawaii Manoa Prajak Kongkirati Thammasat U Thailand Win Min Vahu Development Institute Stephan Ortmann City U of Hong Kong Mi Park Dalhousie U Canada Patricia G Steinhoff U of Hawaii Manoa Mark R Thompson City U of Hong Kong Teresa Wright California State U Long Beach *Student Protests in Twentieth-Century China* Jeffrey N. Wasserstrom, 1991 This is a history of student protests in Shanghai from the turn of the century to 1949 showing how these students experienced and help shape the course of the Chinese Revolution Radicals, Rhetoric, and the War B. Lucas, 2006-07-08 *Radicals Rhetoric and the War* documents the Kent State antiwar protest at the height of the Vietnam era Informed by thirty years of oral history interviews the book details perspectives and voices from students faculty and administrators Student Resistance in the Age of Chaos. Book 1, 1999-2009 Mark Edelman Boren, 2022-09-06 The first all encompassing history of today's global student activism movement Student resistance in the first decade of the 21st century was the single most powerful liberating force around the globe during those years Challenging governments in a few cases overturning governments at a time when representational democracies appeared weak and authoritarian regimes were on the rise In *Student Resistance in the Age of Chaos Book 1* Mark Boren goes continent by continent country by country to show us the contours of the new frontlines of resistance the sacrifices that were made the seismic changes caused by the Internet and the new powers of surveillance and military technology that governments across the globe used to monitor and suppress student groups raising the stakes and the human cost of resistance in many countries Mark Boren's previous book

on the subject Student Resistance A History of the Unruly Subject Routledge charted the history from medieval times through the modern period stopping in 1999 Student Resistance in the Age of Chaos Book 1 takes us forward into the eventful first decade of the new century and is being published simultaneously with Student Resistance in the Age of Chaos Book 2 2010 2020 Social Media Women s Rights and the Rise of Activism in a Time of Nationalism Mass Migrations and Climate Change As Mark Boren writes in the book Student resistance throws into relief the relationships within our societies between the rulers and the people It defines cultural moments and indicates the directions in which nations are heading And if student activism has a rich and storied past it is just as true that student movements are shaping the world more than they ever have before

The Power of Tiananmen Dingxin Zhao,2008-12-05 In the spring of 1989 over 100 000 students in Beijing initiated the largest student revolt in human history Television screens across the world filled with searing images from Tiananmen Square of protesters thronging the streets massive hunger strikes tanks set ablaze and survivors tending to the dead and wounded after a swift and brutal government crackdown Dingxin Zhao s award winning The Power of Tiananmen is the definitive treatment of these historic events Along with grassroots tales and interviews with the young men and women who launched the demonstrations Zhao carries out a penetrating analysis of the many parallel changes in China s state society relations during the 1980s Such changes prepared an alienated academy gave rise to ecology based student mobilization restricted government policy choices and shaped student emotions and public opinion all of which Zhao argues account for the tragic events in Tiananmen

Behind the Gate Fabio Lanza,2010 Through an investigation of 20th century Chinese student protest Lanza considers the marriage of the cultural and the political the intellectual and the quotidian that occurred during the May Fourth movement along with its rearticulation in subsequent protest

Youth Movements and Generational Politics, 19th-21st Centuries Richard G. Braungart,Margaret M. Braungart,2023-04-11 Youth Movements and Generational Politics 19th 21st Centuries by Richard and Margaret Braungart is a collection of 19 of their previously published research articles on youthful political activism generational conflict and social change After assessing 1960s student groups on the political left right and center generations of youth movement activity are identified in each world region from the first student movement in Germany in 1815 to the global surge in youth unrest and demonstrations in the 21st century Representing more than 50 years of research youth movements and generational politics are explored from historical generational and global perspectives As a collection these articles are theoretically grounded empirically based interdisciplinary and comparative Exploring youth movements at individual group societal and international levels a variety of methodological approaches for studying youth activism are illustrated In a concluding chapter the Braungarts update youth movement activity in the 21st century and discuss how their previous decades of international research informs the global rise in youthful mobilization over politics The trends and changes in youth unrest and generational politics are assessed now and into the future

Student Resistance Mark Edelman Boren,2013-10-18 Student Resistance is an

international history of student activism Chronicling 500 years of strife between activists and the academy Mark Edelman
Boren unearths the defiant roots of the ivory tower
