## **The Mafia An Expose Kennedy Connection:**

*The JFK Assassination* Don Becker, 2010-12 Revised February 2011 I called the book a researcher's guide for a reason This book is a compilation of the material I read about the assassination but in a totally different format Easy to read direct and to the point I tried to give as much information as possible Obviously I could not possibly put all the information in one book so I was a bit selective in the data I recorded It contains numerous aspects of the case and nearly every line will lead the researcher to the source of the information so they can continue to look into that particular topic When I started my research my goal was to prove Lee Harvey Oswald did not murder John Kennedy By the time I proved Oswald did not shoot Kennedy I noticed Oswald did not shoot Tippett either Noting where he was seen before the shooting and where he was after the shooting will prove he was not at the window at 12 30pm I will prove my point I determined Oswald did not have time to get into position to do the shooting The motorcade was scheduled to pass the Book Depository at 12 25 pm Oswald was in the lunch room at 12 15 and Bonnie Ray Williams was on the 6th floor alone until 12 20 A good sniper would have been in position well in advance of his prey's expected arrival which Oswald was not But wait there's more Looking at some of the evidence from a totally different perspective I was able to prove a conspiracy I compared the wounds with the Bullet count and the time statistics of the rifle I assure you no one has looked at it from this viewpoint The closest any author came to mentioning this concept was Harrison Livingstone's book *High Treason*

**The Rough Guide To Conspiracy Theories** James McConnachie, Robin Tudge, 2008-09-01 Everything you think you know is a lie Or is it The Rough Guide to Conspiracy Theories is the definitive guide to the world's most controversial theories With updated information on all the most infamous conspiracies from phony crucifixions to who really did kill JFK this fully up dated guide also covers the murders of Alexander Litvinenko and Benasir Bhutto the London bombings and the Iraq War as well as the inquest into Princess Diana's death The guide is a thoroughly researched exploration into this fascinating and at times amusing phenomenon with fascinating discourse and a keen sense of the satirical For both the believers and the cynics The Rough Guide to Conspiracy Theories sorts the myths from the realities

[The Skeptic's Guide to Conspiracies](#) Monte Cook, 2009-09-18 Did the noble order of the Knights Templar guard a secret about Jesus' birth Was the moon landing faked in a Hollywood movie studio Is the government keeping the remains of an alien spacecraft in the top secret Area 51 Monte Cook takes a look at conspiracy theories ranging from the historically complex to the seriously whacked out With a disbelieving eye he traces the history of some of the world's weirdest ideas and even includes a chart showing readers how to make up conspiracy theories for themselves Scattered through the book are the paranoid notes of an anonymous reader who claims to know what's really going on You can make up your own mind as to who's telling the truth

**The Truth in 4 Points: What Really Happened to John F. Kennedy** Losvania Pereyra, 2025-04-02 On November 22 1963 the world witnessed one of the most shocking events of the 20th century the assassination of John F Kennedy in Dallas Texas A day that began with the hope and energy of

a presidential tour ended with the echo of gunshots and a nation plunged into mourning. However, beyond the images of the fateful moment, what remained was a series of unanswered questions, conspiracy theories, and an irreversible shift in the American people's trust in their government. The Warren Commission concluded that Lee Harvey Oswald acted alone, but skepticism never fully dissipated. The possibility of a conspiracy involving government agencies, the Mafia, the CIA, or even foreign governments fueled endless debate. Documents declassified over the years have shed light on hidden details, but the mystery remains. Kennedy's assassination marked the end of an era of innocence and the beginning of a period of mistrust and political turmoil in the United States. His legacy, not only as president but as a symbol of idealism and progress, remains alive in the collective memory. The words of his inaugural address, "Ask not what your country can do for you, but what you can do for your country," still resonate in the hearts of many generations.

**L.A. Exposed** Paul Young, 2025-06-25 Every city has its urban legends, its tall tales, and even its outright lies, and Hollywood and Los Angeles have enough to fill a book. Paul Young has done just that. *L.A. Exposed* includes the facts behind the myths surrounding everything from the tall tales of tinsel town to the legend and lore of L.A. landmarks, to rock n roll rumors, to Southern California's unnatural history, to the city's crime lore, to tales of corruption and conspiracy in the land of sunshine and health. *L.A. Exposed* dares to ask the hard questions: Does L.A. really have earthquake weather? Did Alfred Hitchcock ask Grace Kelly to do a strip tease in her front window? Is there treasure buried in the Watts Towers? Are there still opium dens in Chinatown? Was Barbara Streisand ever in a porn film? Young gives readers the lowdown on the city's most enduring myths, exploring their origins and whether there is an ounce of truth to any of them. *L.A. Exposed* is inventive, witty, and addictive; it is sure to be a hit in L.A. and beyond.

**Scandal!** Colin Wilson, Damon Wilson, 2011-05-31 What makes a good scandal? Money, politics, and power, and a huge dose of media interest. **Rough Guide to Conspiracy Theories, The (3rd)** James McConnachie, Robin Tudge, 2013-02-01 Fully revised and updated, *The Rough Guide to Conspiracy Theories* sorts the myths from the realities, the allegations from the explanations, and the paranoid from the probable. Who might be trying to convince us that climate change is or isn't real? What is the truth behind the death of Osama bin Laden, and is he still alive? When did the CIA start experimenting with mind control? Where is the HAARP installation, and did it have anything to do with the Japanese tsunami disaster? Why is surveillance in our cities and online so widespread, and what are the real benefits? This definitive guide to the world's most controversial conspiracies wanders through a maze of sinister secrets, suspicious cover-ups, hidden agendas, and clandestine operations to explore all these questions and many

An original and illuminating narrative revealing John F Kennedy s lasting influence on America by the acclaimed political analyst Larry J Sabato      **Betrayal in Dallas** Mark North,2013-10-01

John F Kennedy was assassinated in Dallas by Mafia contract killers hired by Louisiana mob boss Carlos Marcello Longtime local district attorney Henry Wade an LBJ crony who would have sole jurisdiction over the prosecution of those responsible had been corrupted by the local Civello crime family Lyndon B Johnson while a US senator during the 1950s had accepted bribes from the same mobsters so that they could avoid deportation With incredible detail and documentation Mark North pieces the puzzle together to reveal how in late 1961 US Attorney General Robert Kennedy and his brother John who hated LBJ initiated a covert Organized Crime Task Force investigation of the

Civello mob in Dallas Johnson through Wade and local federal officials he had placed in power learned of the plan and cooperated with the Civello mob to have JFK killed Johnson did this in part because he had the power to control any subsequent federal investigation via FBI director J Edgar Hoover After the Mafia killed JFK Johnson stopped Robert Kennedy's prosecution of the Dallas Mafia Betrayal in Dallas is unlike any book written on the JFK assassination Because its conclusions are based on classified federal documents unknown to the public and research community it will startle and convince all those who read it Betrayal in Dallas is what the American people have been waiting for since November 22 1963

*Robert Kennedy* James Hilty, 2000-04-04 For most of his life Robert Kennedy stood in the shadow cast by his older brother John only after President Kennedy's assassination did the public gain a complete sense of Robert Bobby we called him as a committed advocate for social justice and a savvy politician in his own right In this comprehensive biography James W Hilty offers a detailed and nuanced account of how Robert was transformed from a seemingly unpromising youngster unlikely to match the accomplishments of his older brother to the forceful man who ran the family business orchestrating the Kennedy quest for political power The centerpiece of the book is the remarkable political partnership that formed between Robert and John As the manager of John's political campaigns Robert proved himself hard as nails in his father's admiring words relentless in securing his brother's victory and unforgiving in overseeing his brother's presidency Hilty marshals a great deal of evidence to show that while they did not always see eye to eye Lyndon Johnson's selection as John's running mate being a notable disagreement Robert and John discussed virtually every issue gauging the likely political effects of every position Robert was so close to the President that insiders called him number one and a half their consultations were so intimate that they spoke in a kind of code barely intelligible to those around them In Hilty's evocative but unsentimental recounting of the political crises of the Kennedy Administration Robert and John prove to have been more calculating and astute leaders than today's pundits allow Theirs was a partnership that was unprecedented and thanks to an act signed into law by Lyndon Johnson is never to be equaled The Kennedy family's story seems to have been lived in the public eye and Americans apparently never tire of the photographs and familiar anecdotes Most of the written accounts however either highlight the multiple tragedies and scandals preserve the latter day Camelot myth or follow the elusive traces of some conspiracy In contrast Hilty's concern is for historical perspective for accuracy plausibility and thoroughness With facts and reasoned conclusions he challenges the stories about the Kennedys in relation to Marilyn Monroe J Edgar Hoover and Martin Luther King Jr that have passed into American folklore He develops a portrait of Robert Kennedy as a complex public figure a man of centrist political allegiances and firm moral convictions who easily adapted to the crusader's role in working for Joseph McCarthy or pursuing James Hoffa for racketeering Hilty's great care in sifting through the evidence and weighing competing theories gives us a sense of Kennedy as a public servant whose dedication to social justice intensified after he was in office and further deepened after his brother's assassination Even as he took charge of family matters and supported

Jacqueline during the long ordeal of the state funeral Robert's own crushing pain was evident to the world. It was then that Bobby ceased being a disparaging term and became a mark of respect and affection. Ultimate Sacrifice Lamar Waldron, Thom Hartmann, 2013-08-22 Drawing on seventeen years of research, thousands of recently declassified files and dozens of interviews, Ultimate Sacrifice re-creates and in many ways rewrites the crucial period of our history leading up to November 22, 1963. In the process, this groundbreaking account provides the missing pieces to the greatest tragic puzzle of post-war America: the true circumstances behind the assassination of President John F. Kennedy. Ultimate Sacrifice details a previously unknown Plan for a Coup in Cuba authorized by President John Kennedy, run by Attorney General Robert Kennedy and set for December 1, 1963. The Kennedy plan, unique and different from any previously disclosed operation, was as detailed in a Joint Chiefs of Staff memo to have included a palace coup, a provisional Cuban government, and if necessary, a full-scale invasion by invited US military forces. The CIA's code name for their part of the operation, AMWORLD, has never previously surfaced in any government investigation nor in any book or article, making it one of the most covert operations in United States history. Ultimate Sacrifice will detail how the Kennedy plan was penetrated by three mafia godfathers: Carlos Marcello, Santo Trafficante, and Johnny Roselli, being vigorously pursued by Attorney General Robert Kennedy along with a dozen of their associates, six of whom were also working on the Coup plan. The crime bosses then used parts of the Coup Plan, AMWORLD, to arrange JFK's assassination in a way that would prevent a truly thorough government investigation in order to protect the Coup Plan, its participants, and national security. By using the secrecy surrounding the Plan, the mob bosses would target JFK not only in Dallas but in two earlier attempts: one in Chicago on November 1 and then one in Tampa on November 18, which Ultimate Sacrifice reveals for the first time in any book. Ultimate Sacrifice has finally pieced together the whole story by building on the work of the seven governmental committees that have investigated aspects of the assassination, on the work of former government investigators, and on the four million documents that were declassified in the 1990s, in addition to exclusive interviews with dozens of witnesses and participants, including Secretary of State Dean Rusk, Press Secretary Pierre Salinger, and the Kennedys' closest Cuban exile aide, Harry Ruiz Williams. **Icon, Libertine, Leader** Mark White, 2024-11-14 This new biography of JFK offers a comprehensive analysis of the man, the leader, and the cultural icon. Mark White, the leading authority in Britain on JFK, draws on more than 30 years of research to provide a nuanced portrait of one of the most iconic figures in American and world history. John F. Kennedy was a president like no other, with a movie star's public image and an extraordinary private life. He was no less remarkable politically, with his achievements including the resolution of the 1961 Berlin crisis, the Cuban missile crisis, the Nuclear Test Ban Treaty, and a strong commitment to civil rights. This book provides what no previous biography has: an in-depth analysis of not only JFK's political life, particularly his record as a policymaker in the White House, but also his private life, his role as a cultural icon, and what might have happened to a Kennedy presidency had he not been assassinated. This sophisticated, multi-dimensional biography sheds new light on JFK.
