Happily Ever After Annette Morris, 2009-10. The abused children in our world do not know that an expansion has occurred in their brains as a result of the abuse. They do not know that they have a deeper understanding and recognition for love than most others. They have not yet been told that the dissociative states, the constant firing of fear in their brains, panic disorders, and the need to scan an environment for danger actually created an expansion in their consciousness. That expansion will allow abused or violated people to heal their wounds, release the blocks to love in their lives, and be the pioneers who create our New Reality. Happily Ever After is a collection of stories about six children who suffered from abuse. These stories have been strategically written through NLP techniques to allow the reader to access compassion and tap into the vast imagination that is available to all at birth. The children in these stories offer an incredible gift in their imaginative scenarios toward building a kinder and more compassionate world, a New World that elicits motivation and enthusiasm instead of violence.

The Twelve Gifts of Life Cindy Champnella, 2012-08-27. The truth is that most of us never get a chance to make our mark of greatness on the world, which doesn't negate our basic human desire to find meaning in our story. We all want our lives to matter and for the world to be marked in some small way by our journey. And then there are the questions: how do we hold onto hope when all indicators point to floundering financial futures? How do we find joy in a society of failing families and Facebook limited friendships? How do we find purpose when just paying the bills has to be our priority? How do we believe when God is silent? How do we know that our lives matter? If you've ever asked any of these questions, The Twelve Gifts of Life will change your perspective. A collection of powerful, poignant narratives with a punch of humor, these true-life vignettes will help you discover meaning in the midst of the mundane. Buried within even the most challenging circumstances are the gifts of life for those discerning enough to discover and embrace them. Life is not meant to be survival of the fittest. Life is not meant to defeat us. Life is not meant to beat us down. The gifts of life restore us. They give us hope. They give our life meaning. They are meant to be savored. The gifts belong to all of us. Discover them through this inspirational soon-to-be bestseller.

the heart without expecting anything in return At first they were on a quest to help others taking care of hurt animals comforting the old and bringing happiness to the forest Prince Oliver suddenly turned back into a beautiful prince showing how sincere and selfless their love was The hermit tree told them what to do on their trip and said they would be successful The famous love story of Prince Oliver and Princess Amelia in the Enchanted Forest showed how strong real love friendship and the beauty of the human heart can be Their kindness and knowledge as leaders of their country had effects that went far beyond the Enchanted Forest Their love story lived on and made many people believe in the healing power of love and giving without expecting anything in return The pond next to the forest was where their trip began and it stayed a place of love laughter and endless happiness Frog families got together to talk about the good things about real love and the lessons they had learned along the way The story of Prince Oliver and Princess Amelia s love story was always a source of hope showing that real love could win over all problems and that miracles could happen in the middle of the Enchanted Forest This is how the story starts A long time ago there was a friendly frog named Prince Oliver who lived in a lush green forest His home woods were like a picture of magic The trees were so tall they seemed to reach the sky and the soft wind blew the green leaves around In the middle of the woods was a pond that looked like it was alive and as clear as glass Even though he was in a beautiful place Prince Oliver s story was anything but normal Someone bad had cursed Prince Oliver to stay a frog until he found true love He used to be a beautiful prince A long time ago Prince Oliver was a charming young man who was liked by everyone in the country because he was brave kind and looks so good His eyes sparkled like gems and his smile could melt hearts He lit up any room he walked into As the prince walked around the palace grounds one fateful evening he came across a mysterious woman Her dark hair fell down her back and her eyes showed things that no one could understand She was a witch who had been watching Prince Oliver from afar because she liked how he looked and how he behaved The sorceress went up to the prince with a fake sense of respect She was actually jealous and mean She purred You are a sight to behold Prince Oliver and I wish to offer you a gift as a token of my admiration The prince who was always kind and innocent took her up on her offer He didn t know that the witch was after bad things The beautiful prince turned into a little green frog when she cast her spell with a sneaky glint in her eye She laughed as she faded into the darkness and said You will stay in this form until someone really loves you for who you are Oliver Prince had tears in his eyes He was left alone by the pond in the lovely forest and now his royal life is just croaks and hops The curse was like a thick fog over him and he had no idea when or how it would go away Even though he had changed he was still kind and gentle and he hoped that someone would recognize him as the prince he used to be To break the curse and come back as a prince he hopped around the pond every day In the forest the prince met many frogs and other animals They were all nice and inviting but he felt like he was meant for more He wished he had a real friend who could see the prince in him even though his skin was green and slimy
