fantasy from literature to art **African Women Writing Diaspora** Rose A. Sackeyfio, 2021-04-26 African Women Writing Diaspora Transnational Perspectives in the Twenty First Century examines contemporary fiction by African women authors to resonate diaspora perspectives on what it means to be African within transnational spaces Through a critical lens the collection interrogates the ways in which women construct new ways of telling the African story in the global age of social economic and political transformation African Women Writing Diaspora illustrates that for African women life in the diaspora is an uncharted journey across new landscapes of identity beyond Africa's borders as a unifying theme The fictional works analyzed represent the leading women writers who dominate the African literary canon and the contributors explore diverse themes of immigrant life racialized identities and otherness within transnational spaces of the west **Literary Studies**

Tison Pugh, Margaret E. Johnson, 2013-12-17 Literary Studies A Practical Guide provides a comprehensive foundation for the study of English American and world literatures giving students the critical skills they need to best develop and apply their knowledge Designed for use in a range of literature courses it begins by outlining the history of literary movements enabling students to contextualize a given work within its cultural and historical moment Specific focus is then given to the use of literary theory and the analysis of Poetry Prose fiction and novels Plays Films A detailed unit provides clear and concise introductions to literary criticism and theory encouraging students to nurture their unique insights into a range of texts with these critical tools Finally students are guided through the process of generating ideas for essays considering the role of secondary criticism in their writing and formulating literary arguments This practical volume is an invaluable resource for students providing them with the tools to succeed in any English course *Wizards, Aliens, and Starships* Charles L. Adler, 2014-02-02 A great book by itself or as a starting point for exploring the physics of space exploration as well as the classics in science fiction Robert Schaefer New York Journal of Books From teleportation and space elevators to alien contact and interstellar travel science fiction and fantasy writers have come up with some brilliant and innovative ideas Yet how plausible are these ideas for instance could Mr Weasley's flying car in the Harry Potter books really exist Which concepts might actually happen and which ones wouldn't work at all *Wizards Aliens and Starships* delves into the most extraordinary details in science fiction and fantasy such as time warps shape changing rocket launches and illumination by floating candle and shows readers the physics and math behind the phenomena With simple mathematical models and in most cases using no more than high school algebra Charles Adler ranges across a plethora of remarkable imaginings from the works of Ursula K Le Guin to Star Trek and Avatar to explore what might become reality Adler explains why fantasy in the Harry Potter and Dresden Files novels cannot adhere strictly to scientific laws and when magic might make scientific sense in the muggle world He examines space travel and wonders why it isn't cheaper and more common today Adler also discusses exoplanets and how the search for alien life has shifted from radio communications to space based telescopes He concludes by investigating the future survival of humanity and other intelligent races Throughout he cites an abundance of science fiction

and fantasy authors and includes concise descriptions of stories as well as an appendix on Newton's laws of motion
