The Magnificent Vision:

The Magnificent Vision Lloyd John Ogilvie,1995 The Power of Vision I Rodoljub Orescanin,2018-11-21 Why do some great ideas remain just empty dreams while others revolutionize reality Why do some people never realize their potential while others manage to accomplish creative wonders that move the mountains from the small seed of their ideas What is the essential difference between dreamers and visionaries and how can we move from one camp to another This book offers answers to these and many other questions concerning the achievement of our desires and goals It is a kind of map for the way to realize the creative potential that exists in each of us If we follow the concrete steps and signposts of this map all the chances are that we will translate our dreams into fruitful visions with concrete and achievable results Moreover this journey will be an exciting adventure that changes us and brings joy and excitement that are possible only when we fulfill our life purpose **Vision** ,1908 The Vision of the Beloved Disciple. This American English 2024 First Edition eBook features many beautiful color images to engage readers' imaginations and enhance their enjoyment of this Vision into Eternity. The optimal viewing experience is in the Original Pages view, and the Flowing Text view is also available. After a tragic death in an extreme sport, the reader embarks on a remarkable journey to the afterlife. Life lessons and knowledge are revisited during this journey, culminating in profound revelations about the beauty, hope, and endless opportunities that eternity offers. Independently of whether we follow a religion such as Christianity, Catholicism, Islam, or Judaism, or embrace new age concepts like reincarnation, spiritual energy, astrology, or psychic interests, our inner spirit and inner voice act as guiding forces, significantly influencing our beliefs and shaping our destiny on Earth. We may ask, are our lives preplanned? Life is too extraordinary for that to be the case, unless we underestimate the higher purpose of life. As we progress through life's experiences and lessons, we formulate our beliefs based on our level of maturity and enlightenment. Many of us eventually arrive at the same question: Do we live forever, and what might that be like? Humanity has been asking this eternal question throughout history and across diverse cultures. Close ones passing away or experiencing traumatic accidents may accelerate the same question in our consciousness. The author experienced and survived several aviation and skydiving seconds-to-death moments during his lifetime. The loss of more than twenty acquaintances and close friends in similar aviation and skydiving situations led him to question mortality and seriously consider what lies beyond this life. Otherwise, their loss would have been too great if their caring intelligence and knowledge had not continued beyond this earthly life. Many of us inherently understand within our souls the importance of recognizing

our lives as precious gifts By formulating our understandings and beliefs during our lifetime we may realize that we are fulfilling our life s destiny These experiences and questions were a catalyst for the author to research and review the Near Death Experiences NDEs of some individuals who had been declared medically dead for a period of time These individuals were found to consistently describe the transitions they underwent after their initial passing and the beginning of the afterlife that awaits In contrast the question of how an afterlife exists alongside the complex cosmology of the universe often appears contradictory However no scientific discipline has yet claimed to explain the origin of our consciousness and intelligence as human beings how they arise and importantly where they return to All of these subjects are explored This story positively conveys that every well intentioned person s unique spirit and soul continue as their higher self in eternity
