**A Companion to Hildegard of Bingen**, 2013-10-17 This volume provides an introduction to Hildegard and her works with a focus on the historical literary and religious context of the seer's writings and music. Its essays explore the cultural milieu that informs Hildegard's life and various compositions and examine understudied aspects of the magistra's oeuvre such as the interconnections among her works. *A Companion to Hildegard of Bingen* builds on earlier studies and presents to an English speaking audience various facets of the seer's historical persona and her cultural significance so that the reader can grasp and appreciate the scope of the unparalleled life and contributions of Hildegard who was declared to be a saint and a doctor of the Church in 2012. Contributors include Michael Embach, Margot E. Fassler, Franz J. Felten, George Ferzoco, William T. Flynn, Felix Heinzer, Beverly Mayne Kienzle, Tova Leigh Choate, Constant J. Mews, Susanne Ruge, Travis A. Stevens, Debra L. Stoudt, and Justin A. Stover.

**The Scriptorium and Library at Monte Cassino, 1058-1105** Francis Newton, 1999-04-29 In all the history of hand written books one of the most distinctive and handsome scripts is that of the abbey of Monte Cassino. This study examines for the first time in detail the development of this script during the Abbey's greatest period of wealth and influence under Desiderius abbot 1058-1087 and his successor Oderisius abbot 1087-1105. The characteristic Cassinese hand was established long before but in this period it was transformed into what is today considered its classic form. The present study rests on a fresh examination of many details of the Beneventan South Italian script in aspects incompletely studied before. It aims to provide a new history of Monte Cassino as a writing centre and to offer a context for many unique or valuable texts manuscripts that it processed.

**Hildegard of Bingen, Gospel Interpreter** Beverly Mayne Kienzle, 2020-11-24 In *Hildegard of Bingen Gospel Interpreter* Beverly Mayne Kienzle presents and acquaints readers with Hildegard's fifty-eight Homilies on the Gospels, a dazzling summa of her theology and the culmination of her visionary insight and scriptural knowledge. Part one probes how a twelfth-century woman became the only known female Gospel interpreter of the Middle Ages. It includes an examination of Hildegard's epistemology, how she received her basic theological education and how she extended her knowledge through divine revelations and intellectual exchange with her monastic network. Part two expounds on several of Hildegard's homilies, elucidating the theological brilliance that emanates from the creative exegesis she shapes to develop profound interweaving themes. Hildegard eschewed the linear repetitive explanations of her predecessors and created an organically coherent body of thought rich with interconnected spiritual symbols. Part three deals with the wide-ranging reception of Hildegard's works and her inspiring legacy extending from theology to medicine. Her prophetic voice resounds in the morally urgent areas of creation theology and the corruption of church and political leadership. Hildegard decries human disregard for the earth and its lust for power. Instead, she advocates the unifying capacity of nature's viridity that fosters the interconnectedness of all creation.
