

The Domestic Sources of American Foreign Domestic Policy by McCormick

Topic: Politics & Government | Words: 1371 Pages: 5

Introduction

The domestic sources of American foreign domestic policy is a masterpiece book by James McCormick. The book is about the US politics and international relations policies. The author is a professor who chairs the department of political science at Iowa State University. The content of the book covers the wide societal, individual, and the states' factors that affect the US foreign government policies and its stability. The book is very helpful for students interested in a broad study of domestic and international policies with respect to politics, coupled with how they affect the governments therein. This paper is a book review that aims at highlighting the social, individual, and country factors that are governed by both domestic and international foreign policies politically, socially, and economically.

Book Summary

The book is divided into three major parts, which include the context of societal politics of the US foreign policy, the revision of the old and new institutions in transforming the policy decisions, and a broad focus on controversial essays on the decision-making process. The essays in this context perfectly cover controversial issues like the incursion on Iraq, the war in Vietnam, the war involved in politics, bureaucratic political contexts, roles of the presidency, the executive departmental functions and collisions, and the defense procurement system (McCormick 6).

The Making Of American Foreign And Domestic Policy Essays From The Political Science Quarterly

The Making Of American Foreign And Domestic Policy Essays From The Political Science Quarterly:

The Making of American Foreign and Domestic Policy Demetrios Caraley, Mary Ann Epstein, 1978 **Political Science Quarterly**, 1996 Offers timely analysis of both domestic and foreign policy issues as well as of political institutions and processes

Making American Foreign Policy Ole Holsti, 2013-02-01 Ole Holsti one of the deans of US foreign policy analysis examines the complex factors involved in the policy decision making process including the beliefs and cognitive processes of foreign policy leaders and the influence public opinion has on foreign policy The essays in addition to being both theoretically and empirically rich are historical in breadth with essays on Vietnam as well as contemporary in relevance with essays on public opinion and foreign policy after 9 11

The Oxford Handbook of Foreign Policy Analysis Juliet Kaarbo, Cameron G. Thies, 2024 The Oxford Handbook of Foreign Policy Analysis provides an inclusive and forward looking assessment of this subfield Edited and written by a team of world class scholars it sets the agenda for future research in FPA and in IR

Handbook of International Relations Walter Carlsnaes, Thomas Risse-Kappen, Thomas Risse, Beth A Simmons, 2002-03-13 NEW IN PAPERBACK FEBRUARY 2005 The most systematic and wide ranging survey of the multifaceted field of International Relations yet produced It is sure to become a standard reference work and teaching text and is unlikely to be superseded at any time in the near future It should be considered as essential reading International Affairs The Handbook of International Relations published 2002 in hardback quickly established itself as the benchmark volume providing a state of the art review and indispensable guide to the study of international relations It is now released in paperback in order to be accessible to students in classroom use Divided into three parts the volume reviews both the historical philosophical analytical and normative roots to the discipline and the key contemporary topics of research and debate today The first part introduces the major approaches within the field and unpacks many of the on going debates within the discipline including those between rationalist and constructivist approaches The second part moves on to explore the key concepts and contextual factors important to the subject from concepts like the state and power to international and transnational actors debates around globalization and contending feminist perspectives The final part reviews a number of the key substantive issues in international relations and is designed to complement the analytical tools and perspectives presented in Parts I and II Examples of the many topics included are foreign policy war and peace security nationalism and ethnicity finance trade development the environment and human rights

[Explaining the History of American Foreign Relations](#) Michael J. Hogan, Thomas G. Paterson, 2004-01-19 Originally published in 1991 Explaining the History of American Foreign Relations has become an indispensable volume not only for teachers and students in international history and political science but also for general readers seeking an introduction to American diplomatic history This collection of essays highlights a variety of newer innovative and stimulating conceptual approaches and analytical methods used to study the history of American foreign relations including bureaucratic dependency and world systems theories corporatist and national

security models psychology culture and ideology Along with substantially revised essays from the first edition this volume presents entirely new material on postcolonial theory borderlands history modernization theory gender race memory cultural transfer and critical theory The book seeks to define the study of American international history stimulate research in fresh directions and encourage cross disciplinary thinking especially between diplomatic history and other fields of American history in an increasingly transnational globalizing world **Encyclopedia of Policy Studies, Second Edition** Stuart

Nagel,2020-08-18 This entirely updated and enlarged Second Edition of a landmark reference text continues to provide comprehensive coverage of every important aspect of policy studies discussing concepts methods utilization formation and implementation both internationally and across each level of government US Foreign Policy Richard Johnson,2021-06-29 Paying close attention to its domestic roots this textbook provides a valuable introduction to the construction and application of US foreign policy in the modern era Accessibly written and including helpful illustrative material a glossary and guide to further reading it is organised around four broad themes the ideologies of US foreign policy the institutions of US foreign policy making the actors who influence and shape the content of US foreign policy the policy goals and ideas that motivate US foreign policy Drawing from analyses of the broader history of US foreign policy throughout the post Second World War period the book encourages readers to think about how these ideas institutions and goals have been at work in the foreign policy of recent presidential administrations including those of George W Bush Barack Obama Donald Trump and Joe Biden

Sailing the Water's Edge Helen V. Milner,Dustin Tingley,2015-09-15 How U S domestic politics shapes the nation s foreign policy When engaging with other countries the U S government has a number of different policy instruments at its disposal including foreign aid international trade and the use of military force But what determines which policies are chosen Does the United States rely too much on the use of military power and coercion in its foreign policies Sailing the Water s Edge focuses on how domestic U S politics in particular the interactions between the president Congress interest groups bureaucratic institutions and the public have influenced foreign policy choices since World War II and shows why presidents have more control over some policy instruments than others Presidential power matters and it varies systematically across policy instruments Helen Milner and Dustin Tingley consider how Congress and interest groups have substantial material interests in and ideological divisions around certain issues and that these factors constrain presidents from applying specific tools As a result presidents select instruments that they have more control over such as use of the military This militarization of U S foreign policy raises concerns about the nature of American engagement substitution among policy tools and the future of U S foreign policy Milner and Tingley explore whether American foreign policy will remain guided by a grand strategy of liberal internationalism what affects American foreign policy successes and failures and the role of U S intelligence collection in shaping foreign policy The authors support their arguments with rigorous theorizing quantitative analysis and focused case studies such as U S foreign policy in Sub Saharan Africa across two presidential administrations

Sailing the Water's Edge examines the importance of domestic political coalitions and institutions on the formation of American foreign policy

Political Science Abstracts IFI/Plenum Data Company staff,2013-11-11 Political Science Abstracts is an annual supplement to the Political Science Government and Public Policy Series of The Universal Reference System which was first published in 1967 All back issues are still available

The Influence of Public Opinion on Post-Cold War U.S. Military Interventions Helene Dieck,2016-01-18 Based on interviews with political decision makers involved in post Cold War case studies this research reassesses the prevalent conclusion in the academic literature according to which American public opinion has limited influence on military interventions by including the level of commitment in the study of the decision making process

The Political Economy of the Special Relationship Jeremy Green,2020-07-28 How America's global financial power was created and shaped through its special relationship with Britain The rise of global finance in the latter half of the twentieth century has long been understood as one chapter in a larger story about the postwar growth of the United States The Political Economy of the Special Relationship challenges this popular narrative Revealing the Anglo American origins of financial globalization Jeremy Green sheds new light on Britain's hugely significant but often overlooked role in remaking international capitalism alongside America Drawing from new archival research Green questions the conventional view of international economic history as a series of cyclical transitions among hegemonic powers Instead he explores the longstanding interactive role of private and public financial institutions in Britain and the United States most notably the close links between their financial markets central banks and monetary and fiscal policies He shows that America's unparalleled post WWII financial power was facilitated and in important ways constrained by British capitalism as the United States often had to work with and through British politicians officials and bankers to achieve its vision of a liberal economic order Transatlantic integration and competition spurred the rise of the financial sector an increased reliance on debt a global easing of regulation the ascendance of monetarism and the transition to neoliberalism From the gold standard to the recent global financial crisis and beyond The Political Economy of the Special Relationship recasts the history of global finance through the prism of Anglo American development

The American Bibliography of Slavic and East European Studies for 1994 Patt Leonard,Rebecca Routh,1997-05-31 This text provides a source of citations to North American scholarships relating specifically to the area of Eastern Europe and the former Soviet Union It indexes fields of scholarship such as the humanities arts technology and life sciences and all kinds of scholarship such as PhDs

[The China Race](#) Fei-Ling Wang,2024-02-01 Following its two prequels The China Order 2017 and The China Record 2023 this book analyzes the China Race the global competition for power and leadership between the US led West and the People's Republic of China Considering the organizational options and optimality with respect to human civilization Fei Ling Wang discusses two alternative world orders the Westphalian System of international relations and a centralized world political unification Both are feasible and existed before but with drastically different desirability The rising power of the PRC state

has consistently and methodically sought to recenter and reorganize the world to safeguard and promote its autocracy and ultimately build a world empire Examining the nature aims means accomplishments pitfalls and failures of Beijing s foreign policy and the state of and developments in Sinology and the West s China policy Wang focuses on the existential PRC USA rivalry and proposes a holistic strategic framework discussing three ranked objectives for the West and the world including the Chinese people to manage benefit from and prevail in the China Race The United States and the Berlin Blockade 1948-1949 Avi Shlaim,2022-02-25 This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1983 **Human Rights and U.S. Foreign Policy** Clair Apodaca,2019-05-08 Human Rights and U S Foreign Policy provides a comprehensive historical overview and analysis of the complex and often vexing problem of understanding the formation of U S human rights policy The proper place of human rights and fundamental freedoms in U S foreign policy has long been debated among scholars politicians and the American public Clair Apodaca argues that the history of U S human rights policy unfolds as a series of prevarications that are the result of presidential preferences along with the conflict and cooperation among bureaucratic actors Through a series of chapters devoted to U S presidential administrations from Richard Nixon to the present she delivers a comprehensive historical social and cultural context to understand the development and implementation of U S human rights policy For each administration she pays close attention to how ideology bureaucratic politics lobbying and competition affect the inclusion or exclusion of human rights in the economic and military aid allocation decisions of the United States She further demonstrates that from the inception of U S human rights policy presidents have attempted to tell only part of the truth or to reformulate the truth by redefining the meaning of the terms human rights democracy or torture for example In this way human rights policy has been about prevarication Human Rights and U S Foreign Policy is a key text for students which will appeal to all readers who will find a historically informed argument driven account of the erratic evolution of U S human rights policy since the Nixon Administration **Bulletin** ,1995 *Public Opinion and American Foreign Policy* Ole R. Holsti,1996 Explores the role of public opinion in the conduct of foreign relations *The Cold War in Asia* James Gordon Herschberg,1996 *Multilateralism and Security Institutions in an Era of Globalization* Dimitris Bourantonis,Kostas Ifantis,Panayotis Tsakonas,2007-12-20 This edited volume offers a timely examination of one of the most crucial and controversial questions in international relations namely should states adopt a unilateral or multilateral approach to contemporary security challenges

Ignite the flame of optimism with Crafted by is motivational masterpiece, **The Making Of American Foreign And Domestic Policy Essays From The Political Science Quarterly** . In a downloadable PDF format (Download in PDF: *), this ebook is a beacon of encouragement. Download now and let the words propel you towards a brighter, more motivated tomorrow.
