men he could parachute behind enemy lines and sabotage their airplanes and war material Paired with his constitutional opposite the disciplined martinet Jock Lewes Stirling assembled a revolutionary fighting force that would upend not just the balance of the war but the nature of combat itself He faced no little resistance from those who found his tactics ungentlemanly or beyond the pale but in the SAS s remarkable exploits facing the Nazis in the Africa and then on the Continent can be found the seeds of nearly all special forces units that would follow Bringing his keen eye for psychological detail to a riveting wartime narrative Ben Macintyre uses his unprecedented access to SAS archives to shine a light inside a legendary unit long shrouded in secrecy The result is not just a tremendous war story but a fascinating group portrait of men of whom history and country asked the most Elite Forces R M Bennett,2011-08-31 The invincible reputation of specialist military units such as the USA s Delta Force Israel s IDP and of course Britian s SAS has grown steadily in recent years Thanks to a number of successful campaigns and anti terror operations from London s Iranian Embassy siege in 1980 to the second Gulf War in which they played a crucial role it s now assumed that special forces are ideal for our world of small localised conflicts and especially George W Bush s war on terror Elite Forces The World s Most Formidable Secret Armies Contains over 500 compelling entries that cut through myth and secrecy Details the history selection and training procedures and orders of battle of every major elite fighting force in the world today Is packed with hair raising examples of individual heroism endurance and courage in adversity Is fully up to date and includes recent coalition operations in Afghanistan and Iraq Takes an objective look at what happens when things go wrong as they did most famously during the Gulf War of 1991 and in America s intervention in Somalia in 1993 Explores the hidden links between elite forces and governments intelligence organisations and business and their controversial lack of accountability Examines how new technologies have come to the aid of the elite soldier This is the first book of its kind to examine all aspects of the overlap between elite forces and the hidden worlds of intelligence and counter terrorism and takes an objective look at the secret controversial role of special forces and Freelancers in covert deadly operations around the world Elite Forces is a compelling revealing and occasionally shocking read and an authoritative and easy to use reference resource
