**Sanford Elwitt**

## **The Making Of The Third Republic Class And Politics In France 1868 1884:**

*The Making of the Third Republic* Sanford Elwitt, 1975-01-01      **The Third Republic in France, 1870-1940** William Fortescue, 2017-07-05 An essential introduction to the major political problems debates and conflicts which are central to the history of the Third Republic in France from the Franco Prussian War of 1870 71 to the fall of France in June 1940 It provides original sources detailed commentary and helpful chronologies and bibliographies on topics including the emergence of the regime and the Paris Commune of 1871 Franco German relations anti Semitism and the Dreyfus Affair the role of women and the importance of the national birth rate the character of the French Right and of French fascism      *Sexing the Citizen* Judith Surkis, 2018-07-05 How did marriage come to be seen as the foundation and guarantee of social stability in Third Republic France In *Sexing the Citizen* Judith Surkis shows how masculine sexuality became central to the making of a republican social order Marriage Surkis argues affirmed the citizen s masculinity while also containing and controlling his desires This ideal offered a specific response to the problems individualism democratization and rapid technological and social change associated with France s modernity This rich wide ranging cultural and intellectual history provides important new insights into how concerns about sexuality shaped the Third Republic s pedagogical projects Educators political reformers novelists academics and medical professionals enshrined marriage as the key to eliminating the risks of social and sexual deviance posed by men especially adolescents bachelors bureaucrats soldiers and colonial subjects Debates on education reform and venereal disease reveal how seriously the social policies of the Third Republic took the need to control the unstable aspects of male sexuality Surkis s compelling analyses of republican moral philosophy and Emile Durkheim s sociology illustrate the cultural weight of these concerns and provide an original account of modern French thinking about society More broadly *Sexing the Citizen* illuminates how sexual norms continue to shape the meaning of citizenship

**Global Multiculturalism** Grant H. Cornwell, Eve Walsh Stoddard, 2001 *Global Multiculturalism* offers a rich collection of case studies on ethnic racial and cultural diversity drawn from thirteen countries each unique in the way it understands negotiates and represents its diversity A multi disciplinary group of authors shows how in different nations identity groups are included or made invisible by forced assimilation or reviled even to the point of genocide Framed within a theoretical discussion of national identity transnationalism hybridity and diaspora each chapter surveys the demographics and history of its country and then analyzes the dynamics of diversity With cases ranging from Bosnia to Chiapas Cuba to China and Zimbabwe to France this volume offers a truly global perspective and scope Its genuinely comparative methodology and range of disciplinary perspectives make it a unique resource for all those seeking to understand ethnic conflict and diversity

**Nineteenth-Century Europe** Michael Rapport, 2018-08-11 A core introductory textbook that provides students with an overview of the key issues in Europe s long nineteenth century from the French Revolution in 1789 until the outbreak of the First World War in 1914 Telling the story of how Europeans entered politics in the fiery trials of revolution and

industrialization the text opens with the French Revolution passes through the crucible of the 1848 Revolutions and ends with the emergence of mass movements socialist revolutionary nationalist and authoritarian which anticipated those of the twentieth century This is an ideal text for modules on Modern European History or Nineteenth Century Europe which may be offered at all levels of an undergraduate History or European Studies degree In addition it is a crucial resource for students who may be studying nineteenth century Europe for the first time as part of a taught postgraduate degree in Modern History or European Studies

**Women's Rights and Human Rights** P. Grimshaw,K. Holmes,M. Lake,2001-03-20 This international collection of historical work explores the breadth and creativity of women s struggles for human rights citizenship and social justice across the world It brings together twenty contributions by scholars in women s history whose work reflects the global reach of the International Federation for Research in Women s History In addition to presenting studies by well known scholars in the United States and Europe the book is distinctive in also bringing the work of scholars from regions such as South and East Asia and the Pacific to the attention of an international audience

**Barricades** J. Harsin,2002-07-18 Between 1830 and 1848 Paris was rocked by two successful revolutions three failed insurrections and seven serious assassination attempts against King Louis Phillippe and his sons The June Days of 1848 the worst urban insurrection in history until that time finally brought this period to a close Using a wide variety of sources including detailed court records and hundreds of depositions of witnesses and suspects Jill Harsin examines revolutionary republicanism during the violent underground movement of the July Monarchy and describes these events in vivid detail The lives of ordinary men are captured in their own words as Harsin illuminates the political aspirations of the working class Harsin s original writing style and compelling discussions shed new light on the particular turbulence of this era a period of disruption that stemmed from the contemporary working class codes of masculinity and honour

Neo-Impressionism and Anarchism in Fin-de-Si?e France Robyn Roslak,2017-07-05 In Neo Impressionism and Anarchism in Fin de Si e France Robyn Roslak examines for the first time the close relationship between neo impressionist landscapes and cityscapes and the anarchist sympathies of the movement s artists She focuses in particular on paintings produced between 1886 and 1905 by Paul Signac and Maximilien Luce the neo impressionists whose fidelity to anarchism to the art of landscape and to a belief in the social potential of art was strongest Although the neo impressionists are best known for their rational and scientific technique they also heeded the era s call for art surpassing the mundane realities of everyday life By tempering their modern subjects with a decorative style they hoped to lead their viewers toward moral and social improvement Roslak s ground breaking analysis shows how the anarchist theories of Elis Reclus Pierre Kropotkin and Jean Grave both inspired and coincided with these ideals Anarchism attracted the neo impressionists because its standards for social justice were grounded like neo impressionism itself in scientific exactitude and aesthetic idealism Anarchists claimed humanity would reach its highest level of social and moral development only in the presence of a decorative variety of nature and called upon progressive thinkers to help create and

maintain such environments The neo impressionists who primarily painted decorative landscapes therefore discovered in anarchism a political theory consistent with their belief that decorative harmony should be the basis for socially responsible art

*Pederasts and Others* William Peniston, 2012-11-12 Examine how a community of support in Nineteenth Century Paris became a blueprint for modern sexual identity A unique social history *Pederasts and Others Urban Culture and Sexual Identity in Nineteenth Century Paris* is a valuable addition to the growing field of gay and lesbian studies The book examines the interaction between the city's male homosexual subculture and Parisian authority figures who attempted to maintain political and social order during the early years of the French Third Republic by using laws against public indecency and sexual assault to treat same sex sexuality as a crime Faced with a constant cycle of surveillance harassment and arrest the city's gay men survived the hostile urban environment by forming a community of support that had a widespread and lasting influence on the development of modern sexual identities *Pederasts and Others Urban Culture and Sexual Identity in Nineteenth Century Paris* is based on a statistical analysis of more than 800 working class and middle class men who were arrested or investigated by Parisian police between 1873 and 1879 Their stories presented through long and short case studies represent nearly 2 000 names recorded by police in *Pederasts and Others* a ledger detailing the arrests of male homosexuals for public offenses against decency and other minor offenses The term pederast identified those suspected of same sex sexual activity not the modern definition that indicates homosexual relations with a minor The ledger entries reveal specific habits attitudes values and characteristics about these men that set them apart the same traits that identified them as part of a community based on their behavior and relationships *Pederasts and Others Urban Culture and Sexual Identity in Nineteenth Century Paris* examines the forces of authority the laws regarding same sex sexual behavior the role of the police the role of the magistrates the role of the doctors the common characteristics of the city's male homosexual subculture the sexual behaviors of the Paris underground the geography of the subculture and takes an expanded look at three case studies A Decadent Aristocrat and A Delinquent Boy *Pederasts Prostitutes and Pickpockets Love and Death in Gay Paris* *Pederasts and Others Urban Culture and Sexual Identity in Nineteenth Century Paris* also includes tables appendices and maps linked to statistical data The book is an essential resource for historians sociologists sexologists criminologists and other scholars working in the fields of gay and lesbian studies urban studies social and cultural history and French history [A Workforce Divided](#) Leslie A. Schuster, 2002-12-30 In this study of the life and work of Saint Nazaire's shipbuilding workers in the 30 years before World War I Schuster shows that the consequences of industrial production for workers differed sharply according to their resources and experiences She details the competing identities and divergent values maintained by shipbuilding workers demonstrating that they were fostered by the interaction between state programs industrial production and the traditions pursued in the local realm Third Republic economic policies for shipbuilding promoted unemployment and worker dependence on state officials over union leaders and the uneven application of capitalist methods of production

meant multiple workplace experiences that further undercut association A workforce composed of industrial workers and agricultural producers brought markedly different priorities to the workplace Urban dwelling industrial workers proved dependent on shipbuilding while workers commuting from La Grande Bri D ere a nearby marshland were property owning producers mostly peat cutters with traditions of self government and a commanding community identity They turned to ship production precisely to maintain rural settlement and agricultural production These divergent values and responses to industrial work in conjunction with multiple barriers to association generated separate and even contrary labor concerns and protests

**The Red City** John M. Merriman, 1985-09-05 This imaginative study recaptures 100 years in the life of Limoges France s first socialist city at a time when Limoges rode high on the crest of every wave of social political and industrial change The story of this single city is the story of urban transformation and political radicalism in 19th century France of the struggle between tradition and modernity in French society and politics that took place not only within cities but also between cities and the countryside Here Merriman offers vivid portraits of particular social groups neighborhoods and events in 19th century Limoges to describe and analyze the impact of large scale industrialization the social bases of political conflict and the eventual emergence of a powerful working class The central characters of Merriman s study are the very ordinary denizens of this extraordinary city its butchers porcelain workers laundresses priests through whom one sees the effects of urbanization and industrialization on their quarters work religion culture and political life The close of the 19th century marked the end of one of France s last truly revolutionary situations concludes Merriman as growing centralization dampened revolutionary zeal and the 20th century ushered in a combination of industrial capitalism and a powerful state that was seemingly invulnerable to revolutionary challenges from the working class

**The Age of Federalism** Stanley Elkins, Eric McKittrick, 1995-02-23 When Thomas Jefferson took the oath of office for the presidency in 1801 America had just passed through twelve critical years years dominated by some of the towering figures of our history and by the challenge of having to do everything for the first time Washington Hamilton Madison Adams and Jefferson himself each had a share in shaping that remarkable era an era that is brilliantly captured in The Age of Federalism Written by esteemed historians Stanley Elkins and Eric McKittrick The Age of Federalism gives us a reflective deeply informed analytical survey of this extraordinary period Ranging over the widest variety of concerns political cultural economic diplomatic and military the authors provide a sweeping historical account keeping always in view not only the problems the new nation faced but also the particular individuals who tried to solve them As they move through the Federalist era they draw subtly perceptive character sketches not only of the great figures Washington and Jefferson Talleyrand and Napoleon Bonaparte but also of lesser ones such as George Hammond Britain s frustrated minister to the United States James McHenry Adams s hapless Secretary of War the pre Chief Justice version of John Marshall and others They weave these lively profiles into an analysis of the central controversies of the day turning such intricate issues as the public debt into fascinating depictions of opposing

political strategies and contending economic philosophies Each dispute bears in some way on the broader story of the emerging nation The authors show for instance the consequences the fight over Hamilton s financial system had for the locating of the nation s permanent capital and how it widened an ideological gulf between Hamilton and the Virginians Madison and Jefferson that became unbridgeable The statesmen of the founding generation the authors believe did a surprising number of things right But Elkins and McKittrick also describe some things that went resoundingly wrong the hopelessly underfinanced effort to construct a capital city on the Potomac New York they argue would have been a far more logical choice than Washington and prosecutions under the Alien and Sedition Acts which turned into a comic nightmare No detail is left out or left uninteresting as their account continues through the Adams presidency the XYZ affair the naval Quasi War with France and the desperate Federalist maneuvers in 1800 first to prevent the reelection of Adams and then to nullify the election of Jefferson The Age of Federalism is the fruit of many years of discussion and thought in which deep scholarship is matched only by the lucid distinction of its prose With it Stanley Elkins and Eric McKittrick have produced the definitive study long awaited by historians of the early national era *The Culture of War* Colin Foss,2020 During the Siege of Paris literature was big business A study of cultural production and consumption The Culture of War examines how Parisians fuelled the industries of literature even as the Prussian blockade isolated them from the outside world in the winter of 1870 1871 [The Radical Bourgeoisie](#) Katherine Auspitz,Kate Auspitz,2002-07-04 A reassessment of the role of French Radicals as thinkers and politicians **Marxism and National Identity** Robert Stuart,2006-06-01 Provides the first sustained analysis of the collision between Marxism and nationalism in France at the time of the Dreyfus affair *The Great Stink of Paris and the Nineteenth-Century Struggle Against Filth and Germs* David S. Barnes,2006-06-06 Ultimately the attitudes of physicians and the French public were shaped by political struggles between republicans and the clergy by aggressive efforts to educate and civilizethe peasantry and by long term shifts in the public s ability to tolerate the odor of bodily substances Donald Reid University of North Carolina at Chapel Hill American Historical Review *France 1870-1914* Robert Gildea,2014-07-15 The period 1870 1914 in France saw the consolidation of republican government and the recovery of national self confidence Though political crises such as the Dreyfus Affair threatened to tear it apart the Republic established firm parliamentary rule built up an Empire and an army which was to see it through the Great War The new edition of this key text first published as *The Third Republic From 1870 to 1914* offers a clear introduction to the period and incorporates the latest research [The Pursuit of Power](#) Richard J. Evans,2016-09-01 **ECONOMIST BOOKS OF THE YEAR 2016** A scintillating encyclopaedic history rich in detail from the arcane to the familiar a veritable tour de force Richard Overly New Statesman Transnational history at its finest social political and cultural themes swirl together in one great canvas of immense detail and beauty Gerard DeGroot The Times Dazzlingly erudite and entertaining Dominic Sandbrook The Sunday Times A masterpiece which brings to life an extraordinarily turbulent and dramatic era of revolutionary change The Pursuit of

Power draws on a lifetime of thinking about nineteenth century Europe to create an extraordinarily rich surprising and entertaining panorama of a continent undergoing drastic transformation The book aims to reignite the sense of wonder that permeated this remarkable era as rulers and ruled navigated overwhelming cultural political and technological changes It was a time where what was seen as modern with amazing speed appeared old fashioned where huge cities sprang up in a generation new European countries were created and where for the first time humans could communicate almost instantly over thousands of miles In the period bounded by the Battle of Waterloo and the outbreak of World War I Europe dominated the rest of the world as never before or since this book breaks new ground by showing how the continent shaped and was shaped by its interactions with other parts of the globe Richard Evans explores fully the revolutions empire building and wars that marked the nineteenth century but the book is about so much more whether it is illness serfdom religion or philosophy The Pursuit of Power is a work by a historian at the height of his powers essential for anyone trying to understand Europe then or now

**Exclusive Revolutionaries** Pieter M. Judson, 1996 Combines historical and cultural analysis to explain the path of German liberalism

Catholic Literature and Secularisation in France and England, 1880-1914 Brian Sudlow, 2013-07-19 This book is the first comparative study of its kind to explore at length the French and English Catholic literary revivals of the late nineteenth and early twentieth centuries It compares individual and societal secularisation in France and England and examines how French and English Catholic writers understood and contested secular mores ideologies and praxis in the individual societal and religious domains It also addresses the extent to which some Catholic writers succumbed to the seduction of secular instincts even paradoxically in themes which are considered to be emblematic of Catholic literature The breadth of this book will make it a useful guide for students wishing to become familiar with a wide range of such writings in France and England during this period It will also appeal to researchers interested in Catholic literary and intellectual history in France and England theologians philosophers and students of the sociology of religion

## The Enigmatic Realm of **The Making Of The Third Republic Class And Politics In France 1868 1884**: Unleashing the Language is Inner Magic
