Handbook of Miracles Nicholas Llanes Rosal, STD, PhL, MSJ, 2013-11 Miracles are extraordinary facts or events that happen through divine intervention They strike instantaneous fear awe and admiration They are not meant for entertainment as the mad King Herod wanted them from Jesus Neither were they for the amusement of Satan who tried to tempt Jesus to turn stone into bread The extraordinary awesome character of miracles is meant by God to attract man's curiosity to hear what He wants him or her to know or need to know for his salvation That's divine psychology very much like what scholastics used to teach learning starts with the senses Remember how Moses' curiosity was excited by the burning bush that preceded God's message go seek Pharaoh to let God's chosen People go Indeed once man's attention is engaged God reveals His message a salvation related message Miracles are God's ways of communicating what He wants people to know and live by to attain the purpose of their existence Citing extraordinary events in the Old Testament and the prodigious works of Christ the Apostles and the Saints *Handbook of Miracles* defines miracles as conveyors of God's messages of salvation Every true miracle is salvation ordained Miracles were among Christ's manners by which He revealed a way of life that leads people to eternal happiness By the miracle of His resurrection for instance Christ reveals He is the Son of God sent by the Father to redeem mankind from sin The book further explains the nature of miracles from philosophy and theology From eternity we read the Creator determined what everything in His creation can or cannot do God's creation includes angels who are pure spirits and humans who are made of spirit and matter He created the universe and everything in it physical objects time and movement any conceivable and inconceivable energy and potency embedded in them The sum total of His creation and everything in it is what we come to know as nature Nature is finite it has limits Only God is infinite He is limitless He can do what He wills to do can make any creature do what is beyond what He determined it can or cannot do And when that happens miracle occurs The author also explains scripturally and theologically how Mary's conception of Jesus and His birth are miracles so are Mary's immaculate conception and assumption to heaven The conversions of St Peter and St Paul are also discussed as internal miracles as explained by St Thomas Aquinas *Handbook of Miracles* notes that since people live in space and time that continually change God makes miracles to happen in different times and various places thus miracles happen in every generation and in various places of the world The messages conveyed by the Saints' miracles together with their holy lives model and explain for their generation and generations after them the way of life taught by Christ This book attempts to

spell out the meaning of each of the Saints miracles but also invites readers to meditate on the miracles significance as applicable to every reader s personal life The Handbook discusses the various miracles wrought by God through the Saints who because of their holy lives their unwavering faith and heroic love of God and neighbor became conduits of God s power and mercy Accordingly one or the other Saint raised the dead back to life cured the sick multiplied food read minds and prophesied received the gift of tongues defied the enemies of God and laws of nature levitated and shone like the sun And each of these miracles conveyed a divine message of salvation Citing the Scriptures the author cites conditions by which miracles can happen to anybody unwavering faith coupled with love according to St Paul If I have faith so as to remove mountains yet do not have love I am nothing 1 Cor 13 2 3 Perseverance Lk 18 37 41 Resignation to God s will by which we ask God s will be done Lk

Pseudoscience and the Paranormal Terence Hines,2010-09-30 Television the movies and computer games fill the minds of their viewers with a daily staple of fantasy from tales of UFO landings haunted houses and communication with the dead to claims of miraculous cures by gifted healers or breakthrough treatments by means of fringe medicine The paranormal is so ubiquitous in one form of entertainment or another that many people easily lose sight of the distinction between the real and the imaginary or they never learn to make the distinction in the first place In this thorough review of pseudoscience and the paranormal in contemporary life psychologist Terence Hines teaches readers how to carefully evaluate all such claims in terms of scientific evidence Hines devotes separate chapters to psychics life after death parapsychology astrology UFOs ancient astronauts cosmic collisions and the Bermuda Triangle faith healing and more New to this second edition are extended sections on psychoanalysis and pseudopsychologies especially recovered memory therapy satanic ritual abuse facilitated communication and other questionable psychotherapies There are also new chapters on alternative medicine which is now marketed in our drug stores and on environmental pseudoscience with special emphasis on the evidence that certain technologies like cell phones or environmental agents like asbestos cause cancer Finally Hines discusses the psychological causes for belief in the paranormal despite overwhelming evidence to the contrary This valuable highly interesting and completely accessible analysis critiques the whole range of current paranormal claims

Jesus, the Man and the Myth Haim Ben-Asher,2012-08-31 King of Israel Poor Jesus Had he remained in Nazareth working in Joseph s carpentry shop he would have been offered a share of the business He could have settled down married a nice Jewish girl and enjoyed a happy home life with his wife and children He would not have gone to Jerusalem and he would not have been crucified by the Romans Instead he got carried away by his success as a faith healer and imagined himself to be the King of Israel The Pharisees had serious doubts regarding his candidacy to the throne of David Miracles in themselves prove nothing multiplying loaves of bread and walking on water did not bring the kingdom of heaven any nearer So they warned Jesus not to go to Jerusalem But he disregarded their advice and undertook to make the long journey on foot performing miracle cures

along the way Jesus received a rapturous welcome on his arrival as the people lining his route shouted Hosanna to the son of David Five days later he was dead What happened in the interval and why did his popular following vanish almost completely For one thing his fellow Jews reasoned that anyone who recommends paying taxes to Rome cannot possibly be their liberator But there were other more profound reasons for this disaffection Much of Jesus teaching runs counter to Judaism and its approach to life Loving one's enemies and hating one's parents simply will not do The present essay offers an explanation of the Jewish world view so as to disentangle fact from fiction in the New Testament
