The Mannequins Behind The Curtains:

The Mannequins Behind the Curtains Jean P. Kvalle, 2004 **The Apocalypse Pipe** Aaron Echoes August, 2025 The Apocalypse Pipe is a unique and varied collection of poems and stories by author Aaron Echoes August. Much of the work in this collection revolves around the struggles of complex individuals existing within the often suffocating parameters of the human condition. Characters in these poems and stories are readily faced with a world that doesn't understand them and doesn't make sense. These are the stories of the black sheep, different people in unordinary circumstances desperately trying to belong in a world that is often not fit for certain souls. The Apocalypse Pipe plunges readers into the lives of outcasts, men and women simply trying to survive in various versions of society that often test the mettle of their own hypersensitivities. Welcome to a world of oddball lifestyles, bizarre circumstances, serious struggles, and unexpected outcomes. The works in this collection touch on themes of the paranormal, dystopian futures, space and time travel, marital strife, social injustice, political unease, love and loss, loneliness, triumph, death, and ultimately hope for a better world for all of humanity. Written in deeply felt language full of whimsical yet vivid descriptions of people and places, The Apocalypse Pipe is an emotional gathering of words that will leave readers longing for more.

Loulou & Yves Christopher Petkanas, 2018-04-17 No one interested in fashion style or the high flying intrigues of café society will want to miss Christopher Petkanas's exuberantly entertaining oral biography. Loulou, possibly also the most neurasthenic, in an exquisitely intimate, sometimes painful, personal and professional relationship with Yves, was his creative right hand, muse, alter ego, and the virtuoso behind all the flamboyant accessories that were a crucial component of the YSL look. For thirty years, until his retirement in 2002, Yves relied on Loulou to inspire him, make him laugh, and talk him off the ledge, the enchanted formula that brought him from one historic collection to the next. Yves's many tributes shape Loulou's memory as if everything there was to know about this fugitive, Giacometti-like figure could be told by her clanking bronze cuffs, towering fur toques, the turquoise boulders on her fingers, and her working friendship with the man who put women in pants. But another darker story lifts the veil on Loulou, a classic number two with a contempt for convention and exposes the underbelly of fashion at its highest level. Behind Yves's encomiums are a pair of aristocrat parents: Loulou's shiftless French father and menacingly chic English mother who abandoned her to a childhood of foster care and sexual abuse. Loulou's recurring desperation to leave Yves and go out on her own, and the grandiose myths surrounding her family, Loulou felt that her life had been kidnapped by the operatic workings of the House of Saint Laurent, and in her last years, faced financial ruin. Loulou, Yves unspools an elusive fashion idol, nymphomaniacal, heedless, and up to her bracelets in coke and Boizel champagne at the core of what used to be called le beau monde.

Museums of Communism Stephen M. Norris, 2020-11-03 How did communities come to terms with the collapse of communism In order to guide the wider narrative many former communist countries constructed museums dedicated to chronicling their experiences Museums of Communism

explores the complicated intersection of history commemoration and victimization made evident in these museums constructed after 1991 While contributors from a diverse range of fields explore various museums and include nearly 90 photographs a common denominator emerges rather than focusing on artifacts and historical documents these museums often privilege memories and stories In doing so the museums shift attention from experiences of guilt or collaboration to narratives of shared victimization under communist rule As editor Stephen M Norris demonstrates these museums are often problematic at best and revisionist at worst From occupation museums in the Baltic States to memorial museums in Ukraine former secret police prisons in Romania and nostalgic museums of everyday life in Russia the sites considered offer new ways of understanding the challenges of separating memory and myth
