As they openly say, life isn't fair. Well, for me, that's exactly the definition of my own life. Not until I reached the age of 18, where I signed the most stupid arrangement and contract in my life. Do you know what consists of that so-called arrangement? Well, let me tell you: it's just me and my name, who and which is going to be tied contractually by the end of the name of my jerk, so-called of a husband. You heard that: Contractually. Yes, we're just going to be contractually married for five years, for five long years. And since it's only for five years, we don't need to act like those typical husband and wife or a lovey-dovey couple that you can see everywhere holding each other's hands while walking, hugging, kissing, and ohh, eating each other's face, because that's exactly the opposite situation of our marriage. He hates me with all his guts, and same with me, although I don't know the reason why and where his hates coming from. So here I am. Competition and Modernization in South Asia Hellen E. Ulrich,2003-06 Eurydice and the Birth of Macedonian Power Elizabeth Donnelly Carney,2019-05-07 Eurydice c 410 340s BCE played a significant part in the public life of ancient Macedonia the first royal Macedonian woman known to have done so though hardly the last She was the wife of Amyntas III the mother of Philip II and two other short lived kings of Macedonia and grandmother of Alexander the Great Her career marks a turning point in the role of royal women in Macedonian monarchy one that coincides with the emergence of Macedonia as a great power in the Hellenic world This study examines the nature of her public role as well as the factors that contributed to its expansion and to the expanding power of Macedonia Some ancient sources picture Eurydice as a murderous adulteress willing to attempt the elimination of her husband and her three sons for the sake of her lover whereas others portray her as a doting and heroic mother whose actions led to the preservation of the throne for her sons While the latter view is likely closer to historical reality both the good and bad Eurydice traditions portray her as the leader of a faction an active figure at court and in international affairs Eurydice s activity sinister or not directly related to the fact that at the time of her husband s death the eldest of her three sons was barely old enough to rule and enemies foreign and domestic threatened Two of Eurydice s sons were assassinated and the third died in battle Eurydice functioned not only a succession advocate for her sons but she also played a part in the construction of the public image of the dynasty both because of her own actions and because of the ways in which her son Philip II chose to depict and commemorate her Drawing on recent archaeological discoveries and all surviving literary evidence this portrait illuminates the life of a remarkable queen at the birth of a celebrated epoch
