The Macintosh Woman:

The Macintosh Woman Scott Kronick,1992 **Technofeminist Storiographies** Kristine L. Blair,2018-12-20

Technofeminist Storiographies Women Information Technology and Cultural Representation analyzes both historical and contemporary accounts of women's lived experiences of technology from Ada Lovelace and Hedy Lamarr to women working across the tech industry today and juxtaposes them with larger cultural representations of women and technology The book explores both the relationship between gender and technology and the cultural contexts that enable and constrain that relationship questions that call for opportunities for women to share their lived experiences and to have such experiences represented across media genres Despite the rich complex stories and histories women have with technology as programmers inventors and workers media throughout history including film television games toys children's books and biographies often inadequately and inaccurately represent them Throughout the book Kristine Blair chronicles the portrayal of the relationship between women and information technology across these media genres Inevitably the societal conditions that surround technology use including portrayal through popular media impact the extent to which women and girls gain and maintain access within those cultural contexts This book calls for a more visible history of women's technological achievements in which their stories are heard for generations to come rather than be forgotten and unknown *The MAC Flyer* ,1990

A History of the Clan MacLean from Its First Settlement at Duard Castle, in the Isle of Mull, to the Present Period John Patterson MacLean,1889 **Otherworld Women in Early Irish Literature** Heather Key,2025-10-01

In early Ireland there were many names for what scholars have dubbed the Otherworld the Plain of Delights the Land of Youth the Land of Promise and more Many of the myths and legends from this period involve an encounter between a hero and a woman from this Otherworld with sufficient frequency to form a distinct theme within the literature This book examines the particularities and consequences of these otherworldly encounters attending in particular to the question of gender and the social dynamics at work Five stories purportedly from the lost book C n Dromma Snechta receive detailed analysis alongside material from other sources in order to reconstruct the mindset of the early Irish who told these stories about the Otherworld and their views about women in general

the power of tapping into your own singular brand of leadership Strategies for creating a one of a kind work culture based on greater meaning purpose and connection Tools to embrace a feminine leadership style that offer an enduring competitive advantage to entrepreneurs With leadership takeaways for businesses of all sizes The Mac Cheese Millionaire is an essential read for small business owners professional women aspiring entrepreneurs and of course comfort food lovers Wade s story demonstrates how blending passion innovation and a bit of culinary magic can lead to unparalleled success Whether you re dreaming of launching your own venture or seeking to infuse your current role with more meaning and joy let this book be your guide to transforming your professional life *Woman's Missionary Friend* ,1903 **Playing in the Rain: Lindsey**

Buckingham & Fleetwood Mac Tyler Martin Sehnal,2019-03-07 Turn on the radio or take the time to flip through the stacks of used CDs at your local Goodwill or thrift store Google rock n roll music even Better yet visit any public place that plays popular music from the last 50 years or so as the soundtrack to your Saturday afternoon grocery shopping clothes buying or indie record store scouting experience and you ll find that no matter where you go there s an ever enduring presence that since the late 1960s has been a mainstay in the world of pop culture and popular music a former blues band turned rock n roll atom bomb called Fleetwood Mac Though much of the band s popularity stems from their work in the late seventies and eighties from an era when gas was 50 cents a gallon and singers were their own songwriters there s a reason why the band has been able to maintain their status as rock n roll royalty even more than 50 years after making their debut as a London based blues group His name is Lindsey Buckingham The Apple Revolution Luke Dormehl,2012-08-02 On 26 May 2010 Apple Inc passed Microsoft in valuation as the world s largest technology company Its consumer electronic products ranging from computers to mobile phones to portable media devices not to mention its iTunes iBook and App Store have influenced nearly every facet of our lives and it shows no sign of slowing down But how did Apple a company set up in the back room of a house by two friends and one that always marketed itself as the underdog become the marketplace leader and the world s second largest company overall and is it a good thing to have one company hold so much power In The Apple Revolution Luke Dormehl shares the inside story of how Apple Inc came to be from the formation of the company s philosophies and user friendly ethos to the iPod moment and global domination leaving you with a deep understanding of how it was created why it has flourished and where it might be going next *The Black Women Oral History Project. Cpl't.* Ruth Edmonds Hill,2013-06-21 No detailed description available for BLACK WOMEN ORAL HISTORY PROJECT CPLT E BOOK

Electric Dreams Ted Friedman,2005-12 Electric Dreams turns to the past to trace the cultural history of computers Ted Friedman charts the struggles to define the meanings of these powerful machines over more than a century from the failure of Charles Babbage s difference engine in the nineteenth century to contemporary struggles over file swapping open source software and the future of online journalism To reveal the hopes and fears inspired by computers Electric Dreams examines a wide range of texts including films advertisements novels magazines computer games blogs and even operating systems

Electric Dreams argues that the debates over computers are critically important because they are how Americans talk about the future In a society that in so many ways has given up on imagining anything better than multinational capitalism cyberculture offers room to dream of different kinds of tomorrow *Christian Advocate and Journal and Zion's Herald* ,1906

The Apple Tart of Eden M. L. Buchman,2019-06-18 a Deities Anonymous story The only thing worse than being a Goddess with a bad cold Living with the Jewish qvetch of a One God when he has one But even all bad colds must come to an end When Anne who originally embraced fame as Hera a much younger and more vain Goddess in her days as a Greek deity tries to take a delivery of apples for the Jewish New Year celebration it seems that the old year still contains a few unresolved issues

The Girl and the Game Margaret Ann Hall,2002-01-01 The Girl and the Game traces the history of women s organized sport in Canada from its early informal roots in the late nineteenth century through the formation of amateur and professional teams to today s tendency to market women athletes especially Olympians as both athletic and sexual When women actively participate in the symbols practices and institutions of sport what they do is often not considered real sport nor in some cases are they viewed as real women What follows from this notion of sport as a site of cultural struggle is that the history of women in sport is also a history of cultural resistance *Kenneth George William MacArthur Reynolds*,1856

The Genesis of Secrecy Frank Kermode,1979 An examination of some enigmatic passages and episodes in the gospels

Women in a Celtic Church Christina Harrington,2002-04-11 A history of women in the early Irish church has never before been written despite perennial interest in the early Christianity of Celtic areas and indeed the increasing interest in gender and spirituality generally This book covers the development of women s religious professions in the primitive church in St Patrick s era and the development of large women s monasteries such as Kildare Clonbroney Cloonburren and Killeedy It traces its subject through the heyday of the seventh century through the Viking era and the Culdee reforms to the era of the Europeanization of the twelfth century The place of women and their establishments is considered against the wider Irish background and compared with female religiosity elsewhere in early medieval Europe The author demonstrates that while Ireland was distinct it was still very much part of the wider world of Western Christendom and it must be appreciated as such Grounded in the primary material of the period the book places in the foreground many largely unknown Irish texts in order to bring them to the attention of scholars in related fields Throughout the study the author notes widespread ideas about Celtic women pagan priestesses and Saint Brigit considering how these perceptions came about in light of the texts and historiographical traditions of the previous centuries *The Woman Citizen* ,1922 **Los Angeles Magazine** ,2002-01 Los Angeles magazine is a regional magazine of national stature Our combination of award winning feature writing investigative reporting service journalism and design covers the people lifestyle culture entertainment fashion art and architecture and news that define Southern California Started in the spring of 1961 Los Angeles magazine has been addressing the needs and interests of our region for 48 years The magazine continues to be the definitive resource for an affluent population that is

intensely interested in a lifestyle that is uniquely Southern Californian
