The Macmillan College Handbook:

The Macmillan College Handbook Gerald Henry Levin,1987 **Macmillan College Handbook Ans** MacDonald,1991-01-01 **Handbook of Academic Integrity** Sarah Elaine Eaton,2023-12-04 The book brings together diverse views from around the world and provides a comprehensive overview of academic integrity and how to create the ethical academy At the same time the Handbook does not shy away from some of the vigorous debates in the field such as the causes of academic integrity breaches There has been an explosion of interest in academic integrity in the last 20 30 years New technologies that have made it easier than ever for students to cut and paste coupled with global media scandals of high profile researchers behaving badly have resulted in the perception that plagiarism is on the rise This in combination with the massification and commercialisation of higher education has resulted in a burgeoning interest in the importance of academic integrity how to safeguard it and how to address breaches appropriately What may have seemed like a relatively easy topic to address students copying sources without attribution has in fact turned out to be a complex interdisciplinary field of research requiring contributions from linguists psychologists social scientists anthropologists teaching and learning specialists mathematicians accountants medical doctors lawyers and philosophers to name just a few Because of this broad interest and input this handbook serves as the single authoritative reference work which brings together the vast growing interdisciplinary and at times contradictory body of literature For both established researchers practitioners and those new to the field this Handbook provides a one stop shop as well as a launching pad for new explorations and discussions

Overland Monthly and the Out West Magazine ,1929 *The Charitable Tax Exemption* John D Colombo,Mark A Hall,2019-07-11 The tradition of tax exempt status for nonprofit charitable organizations is well established and few would

argue with the principle But the tax exempt sector of the economy is vast and rapidly growing resulting in the loss of billions of dollars of tax revenue At the same time we have no consensus on what purpose the charitable tax exemption serves let alone agreement on what constitutes a charity In this important addition to the theory of tax law Colombo and Hall develop an original donative theory that links the charitable tax exemption to the ability of an organization to derive donative support from the community Their theory not only makes intuitive sense but also receives support from economic political and moral theory Its implications would rationalize the charitable tax exemption comport with legal precedent and simplify the administration of the law *The Charitable Tax Exemption* is a major contribution to the theory of tax law and should be essential reading for a wide range of lawyers dealing with taxes It will also be enlightening for anyone involved in the operation of a nonprofit organization
