**Heritage Vintage Movie Poster Signature Auction 2005 Catalog #617** Ivy Press, 2005-06 *Smirk, Sneer and Scream* Mark Clark, 2003-12-31 While you may think the old adage about oil and water being unable to mix applies perfectly to the cinema of terror and the craft of great acting many a grease painted scare and fluid performance have been combined in the strange alchemy that is the horror film From the silent mastery of Lon Chaney's *The Phantom of the Opera* to the cultured cannibalism of Anthony Hopkins in *The Silence of the Lambs* the genre has seen an impressive number of noteworthy portrayals far removed from the stereotypical leering monster and terrified maiden Part One of this work highlights the stars of this screen style those whose numerous roles and outstanding performances made their names synonymous with horror cinema Part Two covers actors who although not normally associated with the genre still contributed to its history Part Three covers the great actresses in horror films and highlights their acting achievement An appendix lists all the Academy Award nominations and winners in the horror genre ...*But If a Zombie Apocalypse Did Occur* Amy L. Thompson, Antonio S. Thompson, 2015-08-12 Part pop culture trope part hypothetical cataclysm the zombie apocalypse is rooted in modern literature film and mythology This collection of new essays considers the implications of this scientifically impossible but perhaps imminent event examining real world responses to pandemic contagion and civic chaos as well as those from Hollywood and popular culture The contributors discuss the zombie apocalypse as a metaphor for actual catastrophes and estimate the probabilities of human survival and behavior during an undead invasion **A Year of Fear** Bryan Senn, 2015-03-26 This eclectic overview of horror cinema offers up a collection of horror films for practically any occasion and literally every day of the year For example the author recommends commemorating United Nations Day October 24 with a screening of *The Colossus of New York* whose startling climax takes place at the U N Building Each day by day entry includes the movie title production year plot summary and critique along with a brief explanation of how the film fits into the history of that particular day and interesting anecdotes on the film's production **Hollywood War Films, 1937-1945** Michael S. **Children of the Night** Randy Rasmussen, 2006-03-24 There are six of them heroines heroes wise elders mad scientists servants and monsters One of the most fascinating and also endearing aspects of horror films is how they use these six clearly defined character types to portray good and evil This was particularly true of the classics of the genre where actors often appeared in the same type of role in many different films The development of the archetypal characters reflected the way the genre reacted to social changes of the time As the Great Depression yielded to the uncertainty of World War II

flawed but noble mad scientists such as Henry Frankenstein gave way to Dr Nieman The Ghost of Frankenstein with his dreams of revenge and world conquest This work details the development of the six archetypes in horror films and how they were portrayed in the many classics of the 1930s and 1940s
