The Growth of African Civilization John D.. Omer-Cooper, Emmanuel Ayankanmi Ayandele, R. J. Gavin, 1969 **The Growth of African Civilisation**, 1968 **The growth of african civilisation** J. D. Omer-Cooper, 1968 The growth of African civilisation, 1968 Africa and the Expansion of International Society John Anthony Pella, Jr, 2014-08-21 This book explores the West Central African role in and experience during the expansion of international society Building upon theoretical contributions from the English School of international relations historical sociology and sociology it departs from Euro centric assumptions by analysing how West Central Africa and West Central Africans were integral to the ways in which Europe and Africa came together from the fifteenth century through to the twentieth Initially diverse scholarship concerned with the expansion of international society is examined revealing how the process has often been understood as one dictated by Europeans From there a new approach is developed one which is better able to examine the expansion as an interactive process between individuals and which puts the African experience at the heart of study The empirical research that follows this draws upon primary sources to introduce a number of historically significant and ground breaking cases into international relations including the international relations of West Central Africa before the European arrival the emergence and growth of the trans Atlantic slave trade the attempts to civilize Africa and the scramble to colonize Africa This book argues that the expansion of international society was driven by individual interaction and was shaped by both Africans and Europeans This book will be of interest to students and scholars of international relations international relations theory history African politics the English school and constructivism Author John Anthony Pella introduces his book African and the Expansion of International Society Surrendering the Savannah http://www.routledge.com/politics/articles/featured_author_john_anthony_pella **The Making of Modern Africa. [By] J.D. Omer-Cooper, E.A. Ayandele [a.o.].** J. D. Omer-Cooper, E. A. Ayandele, 1972 The Making of Modern Africa, 1968 **Negotiating Identities in Contemporary Africa** Toyin Falola, Emmanuel M. Mbah, 2023-08-29 Negotiating Identities in Contemporary Africa Gender Religion and Ethno cultural Identities explores the changing dynamics of identities in Africa with a focus on gender ethno cultural and religious identity Toyin Falola and Emmanuel M Mbah argue that because identity defines who we are as individuals or groups studies on African identities must focus on understanding the changing dynamics in the socio economic and political spheres in the continent These chapters cover subjects such as women s career identity gender roles and knowledge childlessness ethnocentrism and democracy cultural identity through theater Black identity in the diaspora and diasporic consciousness Using existing scholarship the chapters in this edited volume challenge our understanding of what identity entails and provide new discussions on the hitherto politicized historiography of some identities in Africa **Global Visions of Violence** Jason Bruner, David C. Kirkpatrick, 2022-12-09 In *Global Visions of Violence* the editors and contributors argue that violence creates a lens bridge and method for interdisciplinary collaboration that examines Christianity worldwide in the

twentieth and twenty first centuries By analyzing the myriad ways violence persecution and suffering impact Christians and the imagination of Christian identity globally this interdisciplinary volume integrates the perspectives of ethicists historians anthropologists and ethnographers to generate new conversations Taken together the chapters in this book challenge scholarship on Christian growth that has not accounted for violence while analyzing persecution narratives that can wield data toward partisan ends This allows *Global Visions of Violence* to push urgent conversations forward giving voice to projects that illuminate wide and often hidden landscapes that have been shaped by global visions of violence and seeking solutions that end violence and turn toward the pursuit of justice peace and human rights among suffering Christians
