The Making of the President, 1960 Theodore Harold White, 1961 More than a year before the election of John F Kennedy Theodore H White began to explore the secret planning and private aspirations of seven men each of whom in his own way found his dreams tormented by the power that might be his in the White House By spring White had begun to follow the candidates through the early jousting of the primaries Continuing through the conventions the campaigns and the final drama of election night he fashioned a work of contemporary history that highlights the decisions the acts the
