The Emperor Returns Jeffrey Sanders, 2006-06-11 In the evening Long Xingyun left the Xi County bus station. The sky was dotted with stars and the moon was high in the sky. Countless flying insects swarmed against the streetlights. The exit was filled with taxis soliciting passengers. Seeing the crowds pouring out, the drivers flocked to them like flies. After shaking their heads and turning away, several drivers, Long Xingyun arrived at the nearby bus stop. As far as he could remember, the buses there operated until after ten at night.

A Grammar of Emai Ronald P. Schaefer, Francis O. Egbokhare, 2016-12-19 This reference grammar is the first ever description of West Africa's Edoid language Emai. It incorporates narrative, lexical, and grammatical field results over the last three decades. Treated are morphology, syntax, and argument structure after an introductory phonology and orthographic overview, highlighting grammatical and lexical tone. Individual chapters delineate noun and verb phrase structure as well as clause shape in discourse and clause combination. Noun inflection and derivation are detailed as is verb inflection in the context of tense, aspect, and modality. Noun phrase character encompasses remnant noun classes, nominal modification types, and pronoun forms, followed by conjunction. Verb phrase features include complex predicates, both verbs in series, and verb plus postverbal particle, functionally distinct copulas, double objects, and sentence complement types constrained by matrix verb. Also analyzed are preverbal and postverbal adverbials relative to information question types. Multi-clause constructions are profiled as to coding varieties across dependent clauses as well as precedence relations. A concluding chapter presents a sample narrative in orthographic form, interlinear gloss, and English free translation.

Waiting for the Man Arjun Basu, 2014-04-15 An advertising man searches for meaning in this fascinating dissection of the media world we live in. A thought-provoking road trip tale. *Chicago Tribune* Longlisted for the Scotiabank

Giller Prize In his mid thirties Joe works as an advertising copywriter for a slick New York agency But he feels disillusioned with his life and finds himself experiencing dreams about a mysterious man seeing him on the street hearing his voice Joe decides to listen So he waits on his stoop day and night for instructions A local reporter takes notice and soon Joe has become a media sensation the center of a storm When the Man tells Joe to go west he does What follows is a compelling and visceral story about the struggle to find something more in life told in two interwoven threads Joe at the beginning of his journey in Manhattan and at the end of it as he finds new purpose on a ranch in Montana under the endless sky A strangely engrossing meticulously written allegory of the present moment Douglas Coupland author of *Worst Person Ever* *Old Age in English History* Pat Thane,2000-05-11 At the end of the twentieth century more people are living into their seventies eighties nineties and beyond a process expected to continue well into the next millennium The twentieth century has achieved what people in other centuries only dreamed of many can now expect to survive to old age in reasonably good health and can remain active and independent to the end in contrast to the high death rate ill health and destitution which affected all ages in the past Yet this change is generally greeted not with triumph but with alarm It is assumed that the longer people live the longer they are ill and dependent thus burdening a shrinking younger generation with the cost of pensions and health care It is also widely believed that the past saw few survivors into old age and these could be supported by their families without involving the taxpayer In this first survey of old age throughout English history these assumptions are challenged Vivid pictures are given of the ways in which very large numbers of older people lived often vigorous and independent lives over many centuries The book argues that old people have always been highly visible in English communities and concludes that as people live longer due to the benefits of the rise in living standards far from being burdens they can be valuable contributors to their family and friends *The Man Who Saw God* Joseph Pagen,2006-10-01 Do you want to actually see God Well seeing God is possible That s right God can be seen face to face The real God and the real you face to face This is the story of someone who actually saw God The precise steps which lead to this ultimate encounter are described in clear and easily understood terms *The Man Who Rose Again* Joseph Hocking,2020-07-18 Reproduction of the original *The Man Who Rose Again* by Joseph Hocking *Criminal Law and the Man Problem* Ngaire Naffine,2019-04-04 Men have always dominated the most basic precepts of the criminal legal world its norms its priorities and its character Men have been the regulators and the regulated the main subjects and objects of criminal law and by far the more dangerous sex And yet men as men are still hardly talked about as the determining force within criminal law or in its exegesis This book brings men into sharp focus as the pervasively powerful interest group whose wants and preoccupations have shaped the discipline This constitutes the man problem of criminal law This new analysis probes the unacknowledged thinking of generations of influential legal men which includes the psychological and legal techniques that have obscured the operation of bias even to the legal experts themselves It explains how men s interests have influenced the

most cherished legal norms especially the rules of human contact which were designed to protect men from other men while specifically securing lawful sexual access to at least one woman The aim is to test the discipline s broadest commitments to civility and its trajectory towards the final resolution when men and women were declared to be equal and equivalent legal persons In the process it exposes the morally and intellectually limiting consequences of male power
