The World's Greatest Books — Volume 06 — Fiction Unknown, 2015-12-27

The World's Greatest Books Volume 06 An enterprise such as THE WORLD'S GREATEST BOOKS is to be judged from two different standpoints It may be judged with respect to its specific achievement the material of which it consists or it may be judged with regard to its general utility in the scheme of literature to which it belongs In an age which is sometimes ironically called remarkable for its commercialism nothing has been more truly remarkable than the advancement in learning as well as in material progress and of all the instruments that have contributed to this end none has been more effective perhaps than the practical popularisation of literature In THE WORLD'S GREATEST BOOKS an attempt has been made to effect a compendium of the world's best literature in a form that shall be at once accessible to every one and still faithful to its originals or in other words it has been sought to allow the original author to tell his own story over again in his own language but in the shortest possible space However we are aware that even THE WORLD'S GREATEST BOOKS will not escape the criticism of a small class of people who will profess to object to this as to any kind of interference with an author's original in reply to which it can only be said that such objections are seldom if ever made in the true interests of learning or in a genuine spirit of inquiry and too often only proceed from a knowledge of books or love of them which goes no deeper than their title page The selections in THE WORLD'S GREATEST BOOKS have been collected and are alphabetically arranged in ten different divisions namely Fiction Lives and Letters History Religion Philosophy Economics Science Poetry and Drama Travel and Adventure and Miscellaneous Literature An important additional feature of the work is the brief yet highly critical biographical and bibliographical note which accompanies every author and every selection throughout the twenty volumes To this must be also added the not less important Introductions and other explanations written by experts which often accompany the selections in the text cardinal examples of which will be found in particular in the section of Religion of this work in the articles dealing with such subjects as the Book of the Dead Brahmanism Confucianism the Koran Talmud etc

In *The Man Made World Or Our Androcentric Culture* Charlotte Perkins Gilman presents a critical exploration of societal norms that privilege masculinity while subordinating femininity The book's literary style combines incisive argumentation with vivid illustrations reflecting the author's deep engagement with both sociology and feminist theory Gilman pulls from a range of cultural references encapsulating the pervasive nature of gender bias within a patriarchal framework thereby positioning her work within the early feminist discourse of the late 19th and early 20th centuries Charlotte Perkins Gilman an influential thinker and activist drew inspiration from her own experiences of gender oppression and personal struggles with domesticity Her upbringing in a progressive yet ultimately constrictive environment shaped her views on gender roles and societal expectations An advocate for women's rights Gilman's writings reflect her
