*Reports United States. Customs Court,1977*      *North by Northeast* Cherime MacFarlane,2017-06-01 Hamish Answer tha feckin phone woman I m going insane here Lori Hamish warned me about nutters and opening the door without checking I should have listened In the battle of wills between Lori and her kidnapper her husband and unborn child are collateral damage She can t think about either now The man only wants one thing from her and once she gives in he ll kill her She cannot give him what he wants An inept investigator an obsessed fan and three friends all come together in a tight tale of a race up British Columbia s Pacific Coast as a husband tries to save the only thing he ever wanted his wife      **Ghosts of Glencoe** Chuck Schwerin,2024-06-18 Ghosts of Glencoe is a riveting multi generational adventure of self discovery The novel spans a mere four months set at a unique junior boarding school and played out in the rugged Adirondack mountains of New York This is a hero s journey for two flawed protagonists one fifteen the other sixty three Both struggle to be accountable to themselves and to those who love them for their hubris betrayals for the shadows they created and still carry In their tortuous path to absolution both discover one is never too young to teach nor too old to learn In the fall of 2002 dramatic events engulf three ninth graders not the best of friends their passionate Scottish headmaster and an unlikely pair of escapees from a nearby prison The inevitable collision of these forces demonstrates that age and experience have no monopoly on bravery or vulnerability Only after superficial differences are peeled away can the teens summon the strength to find common ground to confront their frailties under the most trying conditions lost in the snowy mountains with rescuers urgently trying to find them and the convicts desperately plotting to eliminate them A page turning adventure set in wilderness that is as much a factor as the characters themselves Ghosts of Glencoe entertains educates and illustrates how the mountaineering mantra Fellowship of the Rope embodies the imperative that if we don t hang together we will surely hang alone      *First American Into Space* Robert Silverberg,2008-04-01 Here is the spine tingling true story of that first American blast into the realm of the stars of the men who underwent rigorous training for that epic mission and of the one man who made the safe journey This is the factual account of the history of rocketry its triumphs and its failures our shame in the neglect of it and our pride in its later accomplishments Here too is a glimpse into the future as only science fiction writer Robert Silverberg could foresee orbiting space stations a man on the moon and more      **Sexually Transmitted Diseases in Homosexual Men** David G. Ostrow,2013-11-11 This book is intended to educate the primary health care provider about sexually transmitted and related diseases as they present in homosexually active men But why a book discussing sexually transmitted diseases STDs in this population only Surely STDs are not limited to homosexual males The relatively high rates of incidence of many of these diseases among homosexually active men however and the large number of associated diagnostic and treatment problems have necessitated the collection into one volume of the information that is particularly relevant to the primary health care of this population A book dealing with current trends in the diagnosis and treatment of sexual diseases can by nature of the task be neither encyclopedic nor all encompassing In this volume the choice

of disease entities and the amount of material included on each are based on consideration of the amount of current information and the relative degree of uniqueness of a given problem in homosexual men rather than the absolute frequency of the disease. There is therefore a considerable amount of material on hepatitis B and gonococcal infections reflecting the recent explosion of research and clinical investigation in these two areas. In contrast little is said about nonspecific urethritis, chancroid and lymphogranuloma venereum. In the case of nonspecific urethritis although it is extremely common in homosexual men little progress has been made in diagnosis or therapy.

**The Man Who Went Up in Smoke** Maj Sjöwall, Per Wahloo, 2010-12-08 The masterful second novel in the Martin Beck series of mysteries by the internationally renowned crime writing duo Maj Sjöwall and Per Wahlström finds Beck searching Budapest for a well known Swedish journalist who has disappeared without a trace. With an introduction by Val McDermid. So many of the elements that have become integral in the police procedural subgenre started life in these ten novels. Their plots are second to none. Inspector Martin Beck of the Stockholm Homicide Squad has his summer vacation abruptly terminated when the top brass at the foreign office pack him off to Budapest to search for Alf Matsson a well known Swedish journalist who has vanished. Beck investigates viperous Eastern European underworld figures and at the risk of his life stumbles upon the international racket in which Matsson was involved. With the coolly efficient local police on his side and a predatory nymphet on his tail Beck pursues a case whose international implications grow with each new clue.

Hypershot Trevor Scott, 2002-09-10 In a time when the U S military is shrinking our leaders are turning to high technology as a force equalizer. America has not had a new hand held rifle since the M16 was introduced in the 1960s. Now there's a new gun ready to take its position as the NATO standard. A gun so sophisticated so fast so unbelievably accurate it will turn the average shooter into an expert marksman almost instantly. The problem is it was developed by a German company with no U S production contract. That's where Warfield Arms a Denver gun company enters the action. Warfield hires Chad Hunter a private weapons designer who had worked for the German company to go to Germany to convince the company that Warfield is the perfect partner. To sweeten the deal Hunter must first convince Frank Baldwin a struggling optics engineer from Wyoming who has developed the most advanced rifle scope ever conceived that his scope would be the perfect match for this new German rifle. With the scope as bait the Germans would surely deal. What Hunter and Baldwin find in Germany during the middle of the Oktoberfest celebration could just get them both killed. Other countries and private factions would like this new weapon and some in Germany want it only for that country.
