*The Man with Nine Lives* Doris Patterson,1994      **Three Plays of Maureen Hunter** Hunter, Maureen,2003 Book is clean and tight No writing in text Like New      **Underveis - langs erkjennelsens grenseland ,      Mystical Oneness and the Nine Aspects of Being** Wayne Wirs,2016-12-01      **My Journey Down the Reincarnation Highway** Frank Mares,2012-11 In this personal account one man details how he discovered the fact of reincarnation and explores what he did in his prior lives More people than you would believe have prior life memories In his new spiritual memoir *My Journey down the Reincarnation Highway The True Story of a Man who found nine of His Past Lives* author and businessman Frank Mares tells how he acquired psychic ability in his middle age With this new gift he recovered facts about nine of his prior lives most of which involved violent bloody deaths The most recent life was that of a young German Wehrmacht sergeant who was ambushed and killed by Russians during the night of May 1 1944 in a dark Estonian farmhouse Not being satisfied with just discovering his past lives Mares goes on a spiritual mission to find out why he kept dying violently The answers do not come easily but by using a team of three world class psychics he eventually tracks down the shocking reason for all his brutal deaths The psychic team finds that within the soul of this normal small businessman resides a brutal stone cold killer from the 1600 s who surprisingly was the revered founder of a gentile noble family As part of his soul s continuing quest for redemption Mares hopes to salvage the dark time in his soul s past into something that could help others today His experiences show that death is only a transition phase and that it should not be feared His book also reveals that reincarnation is actually a well designed organized system that allows souls to learn personalized life lessons over a surprising number of lives If you read this book you will never look at life and death in the same way again      **The Big Book of Reincarnation** Roy Stemman,2012-05-01 IS DEATH THE FINAL CHAPTER In *The Big Book of Reincarnation* Roy Stemman attempts to answer one of the big questions of existence Is death the end Or is it merely the end of a chapter in the book of existence A self described skeptical believer Stemman uses his skills as a professional journalist to perform an in depth exploration of reincarnation Using case studies anecdotes and physical evidence from the best documented cases from around the world Stemman shines a bright light on this subject inviting readers to decide for themselves on the basis of facts rather than on the basis of hearsay speculation and superstition Stemman finds fascinating examples of evidence of reincarnation in the nightmares of a Louisiana bayou boy the past life recall of a renowned neurosurgeon the research of a highly respected university professor and the unique system of governance in the mountains of Tibet to name just a few He examines the lives of those affected by reincarnation such as children who can actually remember their previous lives Instead of shying away from the skeptics Stemman evaluates their leading theories and compares them to the findings that he has accumulated throughout his global research *The Big Book of Reincarnation* is thorough well researched engaging and the most comprehensive book ever published on this fascinating subject      **The Search for Yesterday** D. Scott Rogo,1985 The

amount of evidence in favor of reincarnation is massive apparently overwhelming But is it after all incontrovertible In *The Search for Yesterday* famed author researcher D Scott Rogo subjects the evidence for rebirth to minute and objective examination And much of it he finds cannot stand up under such scrutiny But what about the remainder those incredible thoroughly documented unimpeachably witnessed cases that seem to defy any normal explanation Surely they establish the reality of reincarnation beyond any reasonable doubt Or do they In this incisive book Rogo offers a whole new theory about the meaning of these cases something akin to but more complex than simple reincarnation Among many other questions that this groundbreaking book examines are What role may inherited or genetic memory play in reincarnation cases How is it possible for two children to recall the same past life How are past life memories related to altered states of consciousness hypnosis and the experience of d j vu If you are seriously interested in any aspect f the uncanny world of psychic phenomena you will want to read this book for it may well become one of the classics in the field back cover      **Old Souls** Thomas
