Critical Aspects of Safety and Loss Prevention reflects the author's managerial experience and safety operations experience. This book is a collection of almost 400 thoughts and observations on safety and loss prevention illustrated by accounts of accidents. The items, mostly short, are arranged alphabetically and cross references are provided. The accident reports in this volume highlight the ignorance, incompetence, and folly but also originality and inventiveness in the cause of accident prevention. This book also argues on the importance of loss prevention over the traditional safety approach. This book will be of interest to persons who work in design operations and maintenance and to safety professionals.      **Retail Crime,**

**Security, and Loss Prevention** Charles A. Sennewald, John H. Christman, 2011-08-29 Retail Crime Security and Loss Prevention is destined to become the go-to source of crime and loss prevention related information in the retail industry.
