*The Manners that Win* Buckeye Publishing Company, Minneapolis, 1882      **The National Union Catalog, Pre-1956 Imprints**, 1974      *The Oxford Handbook of Music Listening in the 19th and 20th Centuries* Christian Thorau, Hansjakob Ziemer, 2019 An idealized image of European concert goers has long prevailed in historical overviews of the nineteenth and twentieth centuries This act of listening was considered to be an invisible and amorphous phenomenon a naturally given mode of perception This narrative influenced the conditions of listening from the selection of repertoire to the construction of concert halls and programmes However as listening moved from the concert hall to the opera house street music and jazz venues new and visceral listening traditions evolved In turn the art of listening was shaped by phenomena of the modern era including media innovation and commercialization This Handbook asks whether how and why practices of music listening changed as the audience moved from pleasure gardens and concert venues in the eighteenth century to living rooms in the twentieth century and mobile devices in the twenty first Through these questions chapters enable a differently conceived history of listening and offer an agenda for future research      Rudeness & Civility John F. Kasson, 1991-09-01 With keen insight and subtle humor John F Kasson explores the history and politics of etiquette from America s colonial times through the nineteenth century He describes the transformation of our notion of gentility once considered a birthright to some and the development of etiquette as a middle class response to the new urban and industrial economy and to the excesses of democratic society      *To Live and Die* Kathleen Diffley, 2004-05-24 An anthology of Civil War stories from nineteenth century magazines      **Boosters, Hustlers, and Speculators** Jocelyn Wills, 2005 A business history of Minneapolis and St Paul in the nineteenth century tracing their explosive growth from remote outposts to full fledged cities      **Mrs. Dunwoody's Excellent Instructions for Homekeeping** Miriam Lukken, 2025-05-01 Mrs Dunwoody is a character based on the author s great grandmother and other traditional Southern women who believe in the importance of making a house a home      Defectives in the Land Douglas C. Baynton, 2016-08-12 Baynton argues that screening out disability emerged as the primary objective of U S immigration policy during the late 19th and early 20th century Journal of Social History Immigration history has largely focused on the restriction of immigrants by race and ethnicity overlooking disability as a crucial factor in the crafting of the image of the undesirable immigrant Defectives in the Land Douglas C Baynton s groundbreaking new look at immigration and disability aims to change this In the late nineteenth and early twentieth centuries Baynton explains immigration restriction in the United States was primarily intended to keep people with disabilities known as defectives out of the country The list of those included is long the deaf blind epileptic and mobility impaired people with curved spines hernias flat or club feet missing limbs and short limbs those unusually short or tall people with intellectual or psychiatric disabilities intersexuals men of poor physique and men diagnosed with feminism Not only were disabled individuals excluded but particular races and nationalities were also identified as undesirable based on their supposed susceptibility to mental

moral and physical defects In this transformative book Baynton argues that early immigration laws were a cohesive whole a decades long effort to find an effective method of excluding people considered to be defective This effort was one aspect of a national culture that was increasingly fixated on competition and efficiency anxious about physical appearance and difference and haunted by a fear of hereditary defect and the degeneration of the American race

**Archaeology and Created Memory** Paul A. Shackel,2006-03-01 Archaeology can either bolster memory and tradition or contradict the status quo and provide an alternative view of the past An archaeology of Harpers Ferry s wartime and Victorian eras confronts time honored historical interpretations of the past created and perpetuated by such interest groups as historians and the National Park Service and in so doing allows us to be more inclusive of the town s forgotten histories and provides alternative voices to a past
