Migrant Song Teresa McKenna,2010-07-05 Migration and continuity have shaped both the Chicano people and their oral and written literature In this pathfinding study of Chicano literature Teresa McKenna specifically explores how these works arise out of social political and psychological conflict and how the development of Chicano literature is inextricably embedded in this fact McKenna begins by appraising the evolution of Chicano literature from oral forms including the important role of the corrido in the development of Chicano poetry In subsequent chapters she examines the works of Richard Rodriguez and Rolando Hinojosa She also devotes a chapter to the development of the Chicana voice in Chicano literature Her epilogue considers the parallel development of Chicano literary theory and discusses some possible directions for research In McKenna s own words I believe that the future of this literature as that of all literatures by people of color in the United States rests largely on its being effectively introduced into the curricula at all levels as well as its entrance into the critical consciousness of literary theory This book will be an important step in that process
