Sinking Atlantis Spirituality Meets The Real World:

Sinking Atlantis Julia Day, 2000-04 Nowt to do with Atlantis the diary of 6 months in the hectic life of a modern Pagan publisher housewife very funny loaded with common sense and down to earth wisdom The Cauldron Intentional or otherwise Julia gives a light hearted jab to those countless self help books that if we had time to read them might provide an answer but only when it was too late to deal with the problem the moment having passed This is a healthy common sense book rich in colour and experience that does not preach but just tells it as it is A charming book delightfully illustrated It is a book that makes one feel that the author is a friend and confidant Michael Hoadley Is it possible to save the planet reach enlightenment merge with the Higher Self write books run a publishing business feed the children water the plants and still have the washing up and dusting completed before the world order changes for ever Who needs tidal waves earthquakes food scares and genetic changes to worry about when the washing machine is playing up again the mice are in the chicken bin the bathroom is full of spiders and your guide refuses to join in the Meet Your Guide tapes which you are listening to You are told it will all flow as it should when you follow the path of your Highest Good but no one bothers to tell you what that is Or they all tell you and not only do they disagree but much of it is downright dangerous and impossible Stay calm and still and centred they say HOW The author would like to point out that almost everything in this diary is true That is what makes it unbelievable and so very funny *Acorns: Windows High-Tide Foghat* Joshua Morris, 2013-01-23 Acorns delineates the future of humanity as a reunification of intellect with the Deep Self Having chosen to focus upon ego established securely by the time of Christ much more beta brain wave development will destroy our species and others which process has already begun We create our own realities through beliefs intents and desires and we were in and out of probabilities constantly Feelings follow beliefs not the other way around *Lost Masters* Linda Johnsen, 2016-10-15 Ashrams in Europe twenty five hundred years ago Greek philosophers studying in India Meditation classes in ancient Rome It sounds unbelievable but it is historically true Alexander the Great had an Indian guru Pythagoras Empedocles and Plotinus all encouraged their students to meditate Apollonius the most famous Western sage of the first century c e visited both India and Egypt and claimed that Egyptian wisdom was rooted in India In *Lost Masters* award winning author Linda Johnsen digging deep into classical sources uncovers evidence of astonishing similarities between some of the ancient Western world's greatest thinkers and India's yogis including a belief in karma and reincarnation Today ancient Greek philosophers are remembered as the founders of Western science and civilization We've forgotten that for over a thousand years they were revered as sages masters of spiritual wisdom *Lost Masters* is an exploration of our long lost Western spiritual heritage and the surprising insights it can offer us today *Atlantis and the Maya World* Riddick Dawson, 2025-10-07 Across millennia the name Atlantis has echoed through human imagination a vanished civilization of divine wisdom and cataclysmic ruin But what if its memory survived not in Greek philosophy but in the sacred texts and temples of the ancient Maya In *Atlantis and the Maya* the reader

embarks on a sweeping journey across oceans centuries and civilizations From Plato s dialogues to the Popol Vuh from the stone cities of Tikal Palenque Cop n and Chich n Itz to the flood myths of Mesoamerica this book explores one of the most enduring mysteries of all time the possibility that two great civilizations separated by an ocean shared a common cosmic memory of creation destruction and rebirth Drawing on archaeology mythology and the visionary writings of Brasseur de Bourbourg Ignatius Donnelly and modern scholarship this work examines how the legend of Atlantis became entwined with the rise of the New World s greatest civilization It traces the parallel philosophies of the Greeks and the Maya both warning of hubris imbalance and the fall of empires and asks why even in an age of satellites and seafloor maps the myth of a sunken world still resonates so deeply Blending history with symbolism Atlantis and the Maya reveals that the lost continent is not merely a place to be found beneath the sea but a mirror of humanity s own forgotten origins It is an exploration of memory morality and the eternal cycles that shape both myth and civilization a bridge between Plato s philosopher kings and the Maya priest astronomers who watched the stars and remembered the floods of creation

The Secrets of Spirituality & Occult Helena Blavatsky, 2023-12-09 In *The Secrets of Spirituality Occult* Helena Blavatsky intricately weaves a rich tapestry of esoteric knowledge and spiritual exploration unveiling the hidden dimensions of human existence The book is characterized by its philosophical depth and mystical prose drawing from a diverse range of traditions including Eastern religions Gnosticism and the Western esoteric traditions Blavatsky employs a metaphorical and often poetic style inviting readers to ponder the intricacies of nature existence and the soul s journey toward enlightenment all while positioning her work within the burgeoning context of 19th century occultism and spiritual movements Helena Blavatsky a prominent figure in the Theosophical Society was a revolutionary thinker whose travels across various cultures and in depth studies of ancient texts profoundly influenced her worldview Her early experiences in Russia and her later explorations in the East imbued her with a unique perspective on spirituality which she passionately sought to communicate through her writings Blavatsky s dedication to uncovering the universal truths underlying diverse belief systems led her to synthesize complex philosophical ideas into accessible narratives This book is highly recommended for seekers of knowledge scholars of spirituality and those curious about the intersection of mystical thought and practical wisdom It serves not only as a guide to understanding the deeper aspects of existence but also as an invitation to engage with the transformative power of occult studies that remain relevant today In this enriched edition we have carefully created added value for your reading experience A comprehensive Introduction outlines these selected works unifying features themes or stylistic evolutions The Author Biography highlights personal milestones and literary influences that shape the entire body of writing A Historical Context section situates the works in their broader era social currents cultural trends and key events that underpin their creation A concise Synopsis Selection offers an accessible overview of the included texts helping readers navigate plotlines and main ideas without revealing critical twists A unified Analysis examines recurring motifs and stylistic hallmarks across the collection tying the
