Kraus,David W. Waters,Richard Boulind,1970 **Sir Francis Drake : a pictorial biography ; with an historical introduction by David W. Waters & Richard Boulind and a detailed catalogue of the author's collection** Hans P. Kraus,1970 **Sir Francis Drake** Peter Whitfield,2004-10 Examines the life of Sir Francis Drake who became the first Englishman to circumnavigate the globe and helped establish England's maritime empire *Sir Francis Drake* John Sugden,2012-04-24 How well do you know the life of one of Britain's great maritime heroes Discover the truth behind a man who remains a legendary figure of history more than four hundred years after his death Sir Francis Drake's career is one of the most colourful on record The most daring of the corsairs who raided the West Indies and Spanish Main he led the English into the Pacific and circumnavigated the world to bring home the Golden Hind laden with Spanish treasure His attacks on Spanish cities and ships transformed his private war into a struggle for survival between Protestant England and Catholic Spain in which he became Elizabeth I's most prominent admiral and marked the emergence of England as major maritime nation Excellent It deserves to become the standard Drake life His scholarship is impeccable Frank McLynn Sunday Telegraph *Sir Francis Drake* Harry Kelsey,1998-01-01 Traces the life of Sir Francis Drake separates the man from the myth and describes his voyages **Sir Francis Drake EBook** Don Nardo,2015-09 Yo ho ho Join our terror on the high seas as stories of famous pirates from around the world are retold in this fast moving series for kids in grades 3 through 6 each book includes an analysis page in each chapter that helps the kids understand what is real and what might have been fictionalized over time Each book provides a concluding chapter that recounts for the kids whether the pirate is more legend or mostly truth The story of Blackbeard is undeniably a thrilling one that is best classified as a mystery But one might also call many parts of it a fantasy We know of course that Edward Teach or Edward Thatch was a real person But much of what we think we know about his alter ego Blackbeard is almost certainly fiction Could a headless body actually swim around a ship three times Science tells us this is preposterous But many gray areas exist between the simple fact that Blackbeard was an actual person and the absurd idea that he was superhuman Was he indeed a murderer or just very good at making people think that he was a merciless killer At least some reputable sources are convinced that he wasn't just acting ruthlessly National Geographic calls Blackbeard the worst and perhaps the cruelest pirate of them all These books correlate well to common core standards that ask students to read stories and literature as well as more complex texts that provide facts and background knowledge in areas such as science and social studies Students will be challenged and asked questions that push them to refer back to what they've read This stresses critical thinking problem solving and analytical skills that are required for success in college career and life **Sir Francis Drake and the Famous Voyage, 1577-1580** University of California, Los Angeles.
