Sirens Michael Bull, 2020-02-06 Sirens are sounds that confront us in daily life from the sounds of police cars and fire engines to less often tornado warnings Ideologies of sirens embody the protective the seductive and the dangerous elements of siren sounds from the US Cold War public training exercises in the 1950s and 1960s to the seductive power of the sirens entrenched in popular culture from Wagner to Dizzee Rascal from Kafka to Kurt Vonnegut from Hans Christian Andersen to Walt Disney This book argues using a wide array of theorists from Adorno to Bloch and Kittler that we should understand siren sounds in terms of their myth and materiality and that sirens represent a sonic confluence of power gender and destructiveness embedded in core Western ideologies to the present day Bull poses the question of whether we can rely on sirens both in their mythic meanings and in their material

meanings in contemporary culture Posthumanism in the Novels of Kurt Vonnegut Andrew Hicks, 2020-05-18

Posthumanism in the Novels of Kurt Vonnegut Matter That Complains So re examines the prevailing critical consensus that Kurt Vonnegut was a humanist writer While more difficult elements of his work have often been the subject of scholarly attention the tendency amongst critics writing on Vonnegut is to disavow them or to subsume them within a liberal humanist framework When Vonnegut s work is read from a posthumanist perspective however the productive paradoxes of his work are more fully realised Drawing on New Materialist Eco Critical and Systems Theory methodologies this book highlights posthumanist themes in six of Vonnegut s most famous novels and emphasises the ways in which Vonnegut troubles human non human natural artificial and material discursive hierarchical binaries The Latinx Files Matthew David

Goodwin, 2021-05-14 In The Latinx Files Matthew David Goodwin traces how Latinx science fiction writers are reclaiming the space alien from its xenophobic legacy in the science fiction genre The book argues that the space alien is a vital Latinx figure preserving Latinx cultures by activating the myriad possible constructions of the space alien to represent race and migration in the popular imagination The works discussed in this book including those of H G Wells Gloria Anzald a Junot Diaz Andr M Carrington and many others often explicitly reject the derogatory correlation of the space alien and Latinxs while at other times they contain space aliens that function as a source of either enlightenment or horror for Latinx communities Throughout this nuanced analysis The Latinx Files demonstrates how the character of the space alien has been significant to Latinx communities and has great potential for future writers and artists Undercurrent: A Siren Novel
