Humor's Privileged Access to Truth, Meaning, and Goodness Jeremy Barris,2025-02-24 This book explores three connected insights into humor First that humor provides a privileged access to the deepest kind of truth the sense as such of its topics and so of their very reality It is argued that humor allows us to see things afresh and truly by flouting the sense of the things it deals with so enabling us to step outside of our taken for granted immersion in that sense As a result the character of the true sense stands out against the contrast of its nonsensical distortion Second that because of the way humor accesses truth it also brings out the essential meaning of relevant value including the good and the worthwhile Third humor enables a privileged coordination and negotiation of profoundly conflicting truths and values Humor s access to truth is privileged both in its depth even with respect to metaphysics and also because it establishes the truth of what it shows Humor s Privileged Access to Truth Meaning and Goodness is essential reading for all scholars and researchers of the philosophy of humor

Enter Rabelais, Laughing Barbara C. Bowen, 1998 Francois Rabelais is a difficult and often misunderstood author whose reputation for coarse Rabelaisian jesting and Gargantuan indulgence in food drink and sex is highly misleading He was in fact a committed humanist who expressed strong views on religion good government education and much more through the mock heroic adventures of his giants While most books about Rabelais have relatively little to say about his comedic genius *Enter Rabelais Laughing* analyzes the many sides of Rabelais's humor focusing on why his writing was so hilariously funny to sixteenth century readers The author begins by discussing how the Renaissance defined laughter and situates Rabelais in a long tradition of literary laughter Subsequent chapters examine specific contexts relevant to Gargantua and Pantagruel beginning with the comic aspects of epic chronicle mock epic and farce and proceeding to Renaissance and Reformation humanist satire rhetoric medicine and law All of these chapters combine information much of it new on the humanist message Rabelais wanted to convey to his readers with an analysis of how he used his wit to reinforce his message Rarely is a writer's work treated in such illuminating detail On a broad level *Enter Rabelais Laughing* serves as an excellent introduction to French Renaissance literature and exhibits a remarkably charming and lucid writing style free of jargon To Rabelais scholars in particular it offers a thorough and innovative analysis that corrects misconceptions and questions commonly held views

How to Tell God from the Devil A. Roy Eckardt, 2018-01-16 How to Tell God From the Devil is the first book to depict the relationship among comedy the Devil and God Drawing from Jewish and Christian theories Eckardt describes comedy as a means to distinguish the divine from the diabolic He presents a thorough critique of efforts throughout history to justify God in the presence of radical evil and suffering How to Tell God From the Devil is a sequel to Eckardt's fascinating earlier study Sitting in the Earth and Laughing Eckardt offers a theological vision of the comic and shows its practical use in differentiating God from the Devil The viewpoint presupposed is a special application of the incongruity theory of humor which sees humor as an attempt to deal with inexplicable occurrences Eckardt shows how humor can make faulty explanations tolerable for examining evil and suffering particularly the notion that God can somehow be excused for the terrible evils extant in the world Eckardt critiques dualistic views that make the Devil and God independent sovereign beings and monistic views that try to reduce evil to non being Eckardt holds God to be ultimately responsible for evil in such ways that the only final resolution of evil if there is such is a form of divine comedy Eckardt employs a variety of historical psychological sociological philosophical and theological sources He discusses and assesses such diverse figures as Martin Luther Reinhold Niebuhr Zen Buddhists Conrad Hyers Nancy A Walker Jon D Levenson and Harvey Cox How to Tell God From The Devil is an exceptional work and will be significant and enjoyable for sociologists theologians philosophers and specialists concerned with the study of humor *Humor*, 1994 *Aboriginal Canada Revisited* Kerstin Knopf, 2008-09-13 Exploring a variety of topics including health politics education art literature media and

film *Aboriginal Canada Revisited* draws a portrait of the current political and cultural position of Canada's Aboriginal peoples. While lauding improvements made in the past decades, the contributors draw attention to the systemic problems that continue to marginalize Aboriginal people within Canadian society. From the Introduction, this collection helps to highlight areas where the colonial legacy still takes its toll, to acknowledge the manifold ways of Aboriginal cultural expression, and to demonstrate where Aboriginal and non-Aboriginal people are starting to find common ground. Contributors include Aboriginal and non-Aboriginal scholars from Europe and Canada, including Marlene Atleo (University of Manitoba), Mansell Griffin (Nisga'a Village of Gitwinksihlkw, British Columbia), Robert Harding (University College of the Fraser Valley), Tricia Logan (University of Manitoba), Steffi Retzlaff (McMaster University), Siobhán Smith (University of British Columbia), and Barbara Walberg (Confederation College). Subject Guide to Books in Print, 1975. **Encounter**, 1993. **Romanian New Wave Cinema**, Doru Pop, 2014-03-17. Modern Romanian filmmaking has received wide international recognition. From 2001 to 2011, promising young filmmakers have been embraced as important members of European cinema. The country developed a new fervor for filmmaking, and a dozen new movies have received international awards and recognition from some of the most important critics worldwide. This development, sometimes called New Wave cinema, is fully explored in this book. By using a comparative approach and searching for similarities among cinematic styles and trends, the study reveals that the young Romanian directors are part of a larger European way of filmmaking. The discussion moves from specific themes, motifs, and narratives to the philosophy of a whole generation, such as Cristi Puiu, Cristian Mungiu, Radu Muntean, Corneliu Porumboiu, Tudor Giurgiu, and others. *Index to Jewish Periodicals*, 1993. An author and subject index to selected American Anglo-Jewish journals of general and scholarly interests. **CURRENT CONTENTS Arts & Humanities**, 1994. The Philosophical Review, 1992.
